CLEANUP WEEK OPENS IN PLANT

HELEN BAKER, RECORD CLERK IN DEPT. A17N, FLASHES A BIG SMILE AS SHE receives a handsome wallet from General Foreman C. B. Hopkins, left, as her safety award, and then gets her Carbide Group Insurance Plan dividend check from Paymaster W. K. Palmer to put in the pocketbook.

Y-12 Photos By Vince Moore

Y-12ers Get Wallets; Check To Put In Them

A whole host of Y-12 employees were wearing Grade A smiles of contentment last week. They had a good reason for the grins, too.

For they not only received some extra spending money in the form of Carbide Group Insurance dividend checks—but also some handsome wallets into which to place the money.

Part Of Safety Awards

The wallets were part of the individual safety awards earned by Y-12 employees for completing a string of 1,500,000 man hours worked without a lost time accident. Previously three-color fountain pens and cigarette lighters were distributed to employees who chose those articles rather than the wallets.

The wallets, in styles for both men and women, proved the most popular of the awards presented as 1,310 of them are being distributed to employees throughout the plant through divisional channels. This distribution started last week. The lighters were chosen by 631 persons while 368 selected the fountain pen.

\$132,370.18 Is Distributed

The Carbide Group Insurance Plan dividend checks were distributed Friday to the 84.55 per cent of Y-12 employees participating in the plan. The checks represented 28.3 per cent of the premiums paid in during 1948 on life insurance up to \$5,000.

Friday The 13th Still No Jinxer, Declares Swami

Swami Salami

Swami Salami doesn't pretend to be a Gabriel Heatter or a Drew Pearson—he has no crystal balls nor does he forecast coming events by a pattern of tea leaves—so he turns a cold shoulder on the business of predicting coming world events.

However, old S. S. did take a look at the calendar and saw that a Friday the 13th is coming up this week. So he makes this prediction—It Makes No Difference

That it won't matter a continental as far as jinxing anyone is concerned!

If a black cat walks in front of you Friday and you are not looking where you are going and trip over the feline and get scratched—it isn't bad luck.

If you crack a mirror it does not mean that you will have seven years of misfortune but if the mirror falls and bops you on the head it probably isn't bad luck but carelessness in handling the gadget.

Old S. S. goes even further and points out some fallacies about Friday the 13th. For instance a hunter over in Columbia, S. C., drew 13th place in a party of 13 hunters—and the biggest bag of (Continued On Page 2)

Field Maintenance Again Takes Lead

After dropping steadily for the preceding five weeks, the Y-12 plant absenteeism took a slight rise for the week ending May 1, when a record of 2.3 per cent was established. This figure is .1 per cent higher than the previous week's mark, which in itself was the lowest since last autumn.

Dept. A20N, Field Maintenance, which has been in the top three of the Major League during the past several weeks, jumped back into first place for the week ending May 1 with an absentee mark of an even one per cent. Dept. A14N, (Continued On Page 2)

'Make Y-12 Shine During 1949' Slogan Of Drive To Eliminate Fire, Safety Hazards In Plant

With a slogan "Make Y-12 Shine During 1949" the annual plant cleanup campaign got underway this week and in every nook and corner brooms and bulldozers, mops and paintbrushes were being vigorously wielded with the objective of making working surroundings more attractive and to eliminate fire and safety hazards.

At departmental and group meetings last week and this week the cleanup theme is being stressed to all employees. Widespread inspections are being made throughout the plant to check conditions and make corrections when it is found necessary.

Every supervisor in Y-12 is urged to put forth special efforts to see that surroundings under his direction are thoroughly cleaned up during the week. In this connection the supervisors are advised to instruct all of their employees as to their duties in connection with the campaign.

Camera Club Meeting Tonight Seen Popular

A record attendance is indicated for the monthly meeting of the Carbide Camera Club at 7:30 o'clock tonight in club headquarters in the Y-12 East Portal as a full program has been arranged by Nat Stetson, Y-12 employee and vice president of the club.

Land Camera To Be Shown

Harry Bainbridge, also of Y-12 and president of the club, has sent postal cards to all members of the organization urging them to attend the meeting and outlining the program. The program includes a demonstration of the Land camera, the instrument that completely processes a photograph in one minute after the shutter is snapped; a color slide contest on still life, an Eastman Kodak lecture on home life photography and the announcement of the winners of the most points for the past year in the monthly color slides and black and white print contests held by the club.

The demonstration of the Land camera will be given by J. D. Foster, of Taylor's Photo Shop. Foster also will judge the color slides in the contest tonight.

Lecture On Home Photography

The lecture on home photography is called "Snap That Picture" and points out the many possibilities of (Continued On Page 2)

Obsolete Documents Removed

One of the angles of the cleanup campaign is removal, storage or destruction of obsolete or unused classified documents. Regular plant procedures cover this phase of activity and should be closely followed because of the security angle involved. Full information on this matter can be obtained from the Security Office, North Portal, telephone 7125.

Many employees in offices also are joining the cleanup drive by thoroughly cleaning out desks and filing cabinets, disposing of unnecessary items and rearranging papers and stationery stocks to improve appearances of the rooms.

Waste Material Is Removed

Down in the plant especial attention is being given store and stock rooms, lockers and locker rooms, vaults, attics and basements and other places where trash and dirt may have accumulated. Prompt removal of waste material is being carried out to eliminate the fire hazards they might create.

The cleanup campaign is a part of the year around program of fire prevention and safety observance in Y-12 and some of the activities stressed during the week are being carried out month after month. The soil erosion program that involves grading of slopes and planting of (Continued On Page 4)

Another Y-12 Employee Wins Honorable Mention In National Safety Council Limerick Contest

Another Y-12 employee has joined the ranks of winners of honorable mention in the monthly limerick contest sponsored by The Industrial Supervisor, magazine published by the National Safety Council in the interest of safety in industrial plants.

The latest Y-12 "poet" to gain recognition for skill in filling out a last line of a five line limerick devoted to safety is R. L. Knight, Dept. H12E, who was one of 15 runners-up in the March contest conducted by the magazine. A small cash prize accompanies the distinction of winning honorable mention rating.

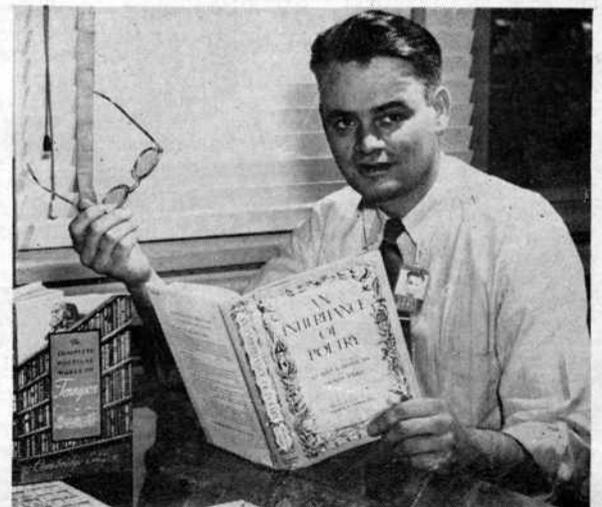

Previously, two such citations were gained by J. B. Samuel, Dept. A12M, whose contributions in November and January gained him recognition.

Here is the verse submitted by the magazine and the last line written by Knight:

"Foreman Phil is now out of commission;
Lying flat in his supine position.
His knowledge was ample,
But not his example.
For Safety takes pitchin', not wishin'."

Following the poetical successes of Knight and Samuel, a number of Y-12ers have signified their intention of submitting entries in the contest—which is held each month. The first prize in the contest is \$10.

Samuel already has expressed intention of keeping right after the "jackpot" prize of \$10 and Knight, also bitten by the writing bug, also says

R. L. (BOB) KNIGHT, DEPT. H12E, WON \$1 IN a limerick contest and now is taking up poetry seriously. He is shown preparing himself for future contributions.

he will keep right on sending entries to the magazine in hopes of dragging down the top honors.

Field Maintenance Again Takes Lead

(Continued from Page 1)

Electrical Equipment Repair and Maintenance, dropped from first place into second by reporting 1.2 per cent of its personnel absent. In third place was Dept. A12G, Guards, with an absentee mark of 1.3 per cent and which jumped from sixth place held the preceding week.

Four Have Perfect Marks

Four departments in the Minor League reported perfect attendance records for the week ending May 1. The firemen of Dept. A14J were the only repeaters from the previous week.

Three newcomers joined the firemen in a tie for the top spot. They were Dept. A12A, Janitors; Dept. A12D, Medical; and Dept. A12N, General Maintenance Office, Planning and Estimating. They arose from fifth, sixth and ninth places respectively held during the week ending April 24.

Manufacturing Offices Climbs

Dept. A12M, Manufacturing Offices, jumped from eighth place to second in the Minor League by having only .4 per cent of its employees off the job. Dept. A12W, Plant Engineering, dropped from second to third place but still had only .6 per cent absenteeism, the same mark posted the preceding week.

The Y-12 plant absenteeism record for the week ending May 1, by departments, follows:

| MAJOR LEAGUE | | | | |
|----------------------------------|--------|------------|----------|---------|
| More than 50 Employees Scheduled | | | | |
| Dept. | Absent | Percentage | Standing | |
| A20N | 1.0 | | 5-1-49 | 4-24-49 |
| A14N | 1.2 | | 2 | 1 |
| A12G | 1.3 | | 3 | 6 |
| B13L | 1.88 | | 4 | 5 |
| M12P | 1.88 | | 4 | 8 |
| A16N | 2.7 | | 5 | 4 |
| H12D | 3.0 | | 6 | 10 |
| H12E | 3.3 | | 7 | 2 |
| A12S | 3.4 | | 8 | 9 |
| H12L | 3.70 | | 9 | 7 |
| A17N | 3.73 | | 10 | 11 |
| B12L | 5.4 | | 11 | 12 |

Group absentee percentage was 2.6 per cent, .2 per cent higher than the preceding week.

| MINOR LEAGUE | | | | |
|---------------------------|--------|------------|----------|----|
| 15-49 Employees Scheduled | | | | |
| Dept. | Absent | Percentage | Standing | |
| A14J | 0.0 | | 1 | 1 |
| A12A | 0.0 | | 1 | 5 |
| A12D | 0.0 | | 1 | 6 |
| A12N | 0.0 | | 1 | 9 |
| A12M | 0.4 | | 2 | 8 |
| A12W | 0.6 | | 3 | 2 |
| B12A | 1.0 | | 4 | 11 |
| A19N | 1.4 | | 5 | 1 |
| M15P | 2.1 | | 6 | 1 |
| M12S | 2.6 | | 7 | 1 |
| M12M | 2.7 | | 8 | 7 |
| A13N | 2.8 | | 9 | 10 |
| A13T | 3.0 | | 10 | 12 |
| A12R | 4.1 | | 11 | 3 |
| A13W | 5.0 | | 12 | 1 |
| A12T | 5.3 | | 13 | 4 |

Group absentee percentage was 1.7 per cent, .1 per cent higher than the preceding week.

The plant average for the week ending May 1, 1949 was 2.3 per cent, .1 per cent higher than the preceding week.

Hospital List

The following Y-12 employees were patients at the Oak Ridge Hospital recently: Alfred H. Anderson, Dept. A16N; Bruce Stockbridge, Dept. H12E; R. G. Marlair, Dept. M12P.

Means Is Busy In Staging Show

Evans, Dept A14N, will be a busy man during the forthcoming production of the Oak Ridge Community Playhouse. The offering will be "The Women," with a cast of 35 women and no men and will be given May 19, 20 and 21 at the Oak Ridge High School auditorium. Means is stage manager for the playhouse and will supervise the placing of 12 stage sets for the play.

One of the fishiest groups in Y-12 is Dept. A14N - we don't mean phony - we mean they fish more. One reported fishing trip last week was by Frank Darby who went fishing at Cherokee Lake over a recent week end and caught his limit in crappie both Saturday and Sunday . . . J. C. Ezell, Dept. A14N, and C. C. Haws, Dept. H12D, went rainbow trout fishing near Copperhill, Tenn., in Cherokee National Park, recently and managed to snag a lot of fish but ended up with only nine keepers.

L. C. Nelson, Dept. A20N, is back on the job after vacationing at his home in Wartburg, Tenn.

Fire Chief J. W. Hughey and Clyde J. Marrow, Dept. A14J, attended the Southeastern Fire Chiefs convention in Jacksonville, Fla., recently . . . T. P. Pride was really industrious during his vacation last week. Most of his time was spend sod turning on his farm near Clinton . . . John Webb visited his home in McMinnville, Tenn. . . W. O. Elam and his family spent the past week end visiting his parents in Henagar, Ala.

Edwina Shaffer, Dept. B12L, visited with her parents in Wytheville, Va. . . We are happy to see Betty Sherman, Dora Tindall and Aleene Carpenter back on the job after being ill . . . Jincy Dungus spent a recent week end visiting with her parents in Dunn Gap, Va. . . Juanita Moore had a recent guest her sister, Gerald Gillum, of Wichita Falls, Texas . . . Dept. B12L welcomes Maggie Upchurch into their group.

Dept. A12G extends deepest sympathy to D. H. Patterson on the of his father, Hugh Patterson, at Kenton, Tenn., April 27 . . . C. H. Nicely is vacationing at his home in Harriman . . . J. T. Riddle is spending a quiet vacation at his home in Rockwood . . . L. A. Litton is resting at his home in Oak Ridge . . . Otis Rackley made a recent week-end trip to Dalton, Ga., to visit his parents.

J. M. Patterson, Dept. M12P, is back on the job after vacationing at Fontana Village in North Carolina . . . Ethel White attended the school graduation exercises of her sister in Barboursville, Ky., last week . . . Grace Boyd visited with relatives in Riceville, Tenn. . . Wilma and Charles "Happy" West accompanied by Vowe Tilson and his wife went South to New Orleans to spend their vacation . . . Ophelia McCord Littlefield, former employee of Dept. M12P, had as dinner guests last Wednesday Mary Anderson, Lucile Murphy, Mattye May and Marjorie Giles . . . Dept. M12P welcomes June Wilkerson, Ted Higgins and C. M. Voelkel into their section . . . While in Kingsport, Tenn., Al Townson visited K. C. Brannock and George Rogers, former Y-12 employees . . . George DeCroes, former Y-12er, visited with friends in Oak Ridge recently . . . DeCroes is now employed with the Tennessee Eastman Corporation in Kingsport.

M. C. Wiest, Dept. B12A, had as recent guests his parents, Mr. and Mrs. J. H. Wiest, of Jamestown, N. D.

James Harry Cupp, Dept. H12E, was returning from Fort Loudoun Lake in his jeep last week - making pretty good time, we assume. The auto skewed, throwing Cupp into the air. He was treated for minor injuries and shock and was confined to his home for a few days.

Cpl. Philip A. Copeland, son of S. A. Copeland, Dept. A12S, is spending his furlough in Oak Ridge. Corporal Copeland has been with the United States Air Corps three years. During this time he was stationed in Tokyo, Japan, for two years . . . W. L. Coggins is on the vacation list . . . L. H. Ross visited with relatives in Sylva, N. C. . . W. L. McNabb and his wife took their little daughter, Mary Linda, to Newport, Tenn., to let relatives view the infant for the first time. Geneva Carter and her husband attended the high school graduation exercises of her sister, Thelma Gilbert, in Harrogate, Tenn., last week . . . Emma Puckett spent a recent week end with her mother, Mrs. E. B. Puckett in Shelbyville, Ky. . . Margaret Johnson with

Y-12 Photos By Vince Moore
GUESTS AND HONOREE AT A RECENT LINEN SHOWER GIVEN FOR MRS. JOSEPHINE McCuen Wright, a recent bride, are shown above. Hostesses were Anne Rogers, Mary Roberson, Edwina Shaffer and Betty Brown. In the picture standing left to right are Edwina Shaffer, Eula Hayes, Agnes Johnson, Mrs. Thelma Knisley, Alean Rutland, Mrs. Ronald Graham, Ruth Roberson, Anne Rogers, Ozell Pass, Evelyn Moody and Mary Roberson. Seated are Betty Brown, Helen Roark, Mrs. Mary Ballard and baby son, Allen, Josephine Wright McCuen, the honoree, and Frances Skeen.

Two births were reported to Y-12 families at the Oak Ridge Hospital recently. Parents were Mr. and Mrs. Martin J. Skinner, a daughter, March 28; Dr. and Mrs. Gerald W. Keilholtz, a daughter, May 1.

Two Y-12 Men Nominated For Legion Post Offices

Two Y-12 employees are on the slate of proposed officers for Atomic City Post, No. 199, American Legion, prepared by the nominating committee of the post for action by the membership at the annual election meeting Thursday night, May 19. The nominees are High Rice for sergeant at arms and Paul Pennington as a member of the executive committee.

Post Commander C. E. Boone, former Y-12 employee, points out that the list of nominees submitted by the nominating committee is only a proposal and that nominations for any office may be made from the floor. The officers elected May 19 will be installed June 2.

Rice, a member of the post membership committee, has urged veterans in Y-12 to join the Legion post. He points out that the Oak Ridge post needs only 90 members to reach its quota of 748 members for 1949. Any former service man in Y-12 wanting information about the Legion may obtain it from Rice, Bldg. 9704-2, telephone 7048.

some Knoxville friends made a touring trip through the Smokies recently and hiked to Newfound Gap . . .

George Ferrell, Dept. A16N, and his wife, Clyde, Dept. A12M, are spending a quiet vacation at their home in Powell Station, Tenn.

Martin Skinner, Dept. H12L, is the proud papa of a baby girl, Mary Frances, weighing eight pounds, born April 28 . . . Ed Scofield and his family made a trip to Cincinnati to visit his parents . . . Dr. G. W. Keilholtz reported the arrival of a new addition to the Keilholtz family, a baby girl, Candance, weighing five pounds and five ounces, born May 1 . . . E. C. Sharpe, Dept. H12L and J. J. Goodman, Dept. A12R, went fishing at Watts Bar Lake near Rockwood recently and returned with a nice catch of crappie.

Daisy Whitehead, Dept. A12D, is vacationing at her home in Maryville, Tenn.

Dept. A20N extends a speedy get well wish to Eugene F. Dykes who is ill in St. Mary's Hospital in Knoxville.

Knight And Lee Are Soloists In Final Concert By Chorus

Two Y-12 employees are among the soloists in the final concert of the season to be given by the Oak Ridge Community Chorus Saturday night, May 14. They are R. L. Knight, Dept. H12E; and J. E. Lee, Dept. H12D.

The chorus will present its first major work and one of the heaviest numbers it has ever attempted in climaxing the present season. It is Bach's oratorio "Passion According to St. Matthew." Riley Barrett is conductor of the chorus and the oratorio will be sung by approximately 60 voices.

The concert will be given at the high school auditorium with curtain time at 8 o'clock. Members of the Oak Ridge Civic Music Association have reserved seats for the performance and others may obtain reserved seats at the box office prior to the concert.

North Carolina AIEE Section Hears Talk By Dr. C. P. Keim

Dr. C. P. Keim, Superintendent of the Isotope Development Department in Y-12, addressed a session of the 1949 spring meeting of the North Carolina Section of the American Institute of Electrical Engineers last Friday at Duke University, Durham, N. C. Dr. Keim's subject was "Electromagnetic Separation of Isotopes," and his talk was given during a symposium on nucleonic engineering.

Three other Oak Ridge scientists were on the program. They were Dr. Walter H. Jordan and Logan B. Emler, of the Oak Ridge National Laboratory; and Dr. William G. Pollard, executive director of the Oak Ridge Institute of Nuclear Studies.

C. D. Susano Interviews AEC Men On Chemistry Broadcast

C. D. Susano, Dept. H12D, will interview Dr. Nathan Woodruff and A. E. Wiggin, of the Isotopes Division of the Atomic Energy Commission, in the Headlines in Chemistry broadcast to be presented over Radio Station WATO at 4:45 p.m., Saturday, May 14. They will discuss the topic of isotopes.

J. Carlton Jealous, of the Oak Ridge National Laboratory and a former Y-12 employee, will be the announcer on the program. The program was recorded by J. E. Lee, of Dept. H12D in Y-12.

"My wife talks to herself."
"So does mine, but she doesn't know it. She thinks I'm listening."

WRIGHT - MCCUEN

Miss Josephine McCuen, Dept. B13L, became the bride of Pvt. Harry M. Wright, former K-25 employee, now assigned with A.E.C. at Sandia Base in Albuquerque, N. M., at 9 a.m., April 15. The wedding took place in Albuquerque with the Rev. Harris officiating.

The bride is the daughter of Mr. and Mrs. R. K. McCuen, of Greenwood, S. C. Private Wright is the son of Mr. and Mrs. N. C. Wright, of Paducah, Ky.

At her wedding the bride wore a lavender dress with navy blue accessories.

Camera Club Program Seen Drawing Large Attendance

(Continued From Page 1)
obtaining effective photographs of family life, particularly children. The lecture will be of particular interest to members of the Camera Club as the June contest will be for black and white prints on the subject of children.

Stetson will project slides accompanying the lecture, which will be read by Don Ross.

In each of the monthly contests a certain number of points are awarded first, second and third place winners and the club member amassing the largest number of points over the year in each of the two types of competition is declared the winner in the group.

Friday The 13th No Jinx, Declares Swami Salami

(Continued from Page 1)

all-13 birds.
Even dogs got a break—for in March the first 12 dogs taken into the pound at Ketchikan, Alaska, were put to sleep—but the 13th was ransomed.

Then there's a man right here in Y-12 who graduated from high school on Friday, June 13, 1913, was in a class of 13 students and was the 13th to receive his diploma. He's still going strong with no signs of the hoodoo hovering around.

So, as far as superstition is concerned—forget it and heed the words of the Swami:

"Depend on your sense,
And take it from Swami:
However you slice it,
Superstition's salami."

An old flame is what a girl uses to burn up her new boy friend.

THREE Y-12 GOLF LOOPS BEGIN PLAY MAY 16

HERE ARE TWO GROUPS OF Y-12 LASSIES WHO HAD more fun than anybody playing softball last Wednesday night. Some were good—and some not so good—but all had a good time. The bat wielding squad at left is composed of Helen Brown, Marie Cardwell, Corene Snyder, Iva Mitchell, Polly Gammons Lawrence, Daisy Ward, Moselle Kennedy and Oradean Upchurch. At right

are Evelyn (Fiz) Tucker, Katherine Jenkins, Desma Hutchison, Ruth Law, Betty Whitehead, Louise Hall, Doris Moore, Ann Hamilton and Dorothy Ditty. The girls will play regularly, choosing up sides for games to assure that all who report will get a chance to compete. The squads shown here are not permanent, as personnel on each team will change regularly.

Three Games Are Set For Wednesday Night In Plant Softie Loop

Weather permitting, the plant softball league hostilities were scheduled to get under way last night at Administration Field with appropriate ceremonies. Dr. C. E. Larson, Y-12 Superintendent, was to have tossed the first ball out from the stands, Product Chemical Superintendent N. H. McKay was listed to pitch the pellet plateward where Dr. C. P. Keim, Isotope Development Superintendent, was to take a hefty swing.

After that, the program called for three games with the Hit Balls and Isotopes starting off the season, followed by the Calutrons and One-91 with Bldg. 9212 and the Bums closing the inaugural performance.

Two Teams Make Debut

The league is scheduled to resume activities Wednesday night with three more games on the docket. The first game, at 5:45 p.m., will see the Rippers and All Stars making their loop debuts. After this engagement is completed Bldg. 9212 and the Isotopes will wage diamond warfare and the evening's entertainment will be concluded with a clash between the Calutrons and Hit Balls.

Recreation Supervisor Arnold Tiller has completed the schedule for the first round of the first half of the season. There will be two rounds of play in each half of the season and if different teams win in the two parts of the split season a playoff will be arranged. After the seasonal champion is determined, a double-elimination tournament will be held.

Fans Urged To Support Teams

Y-12 softball fans are urged to turn out for the plant league games and root for their favorite teams. The players have a lot of fun so the fans might as well join in the entertainment.

Buffet Supper Set By Women Bowlers

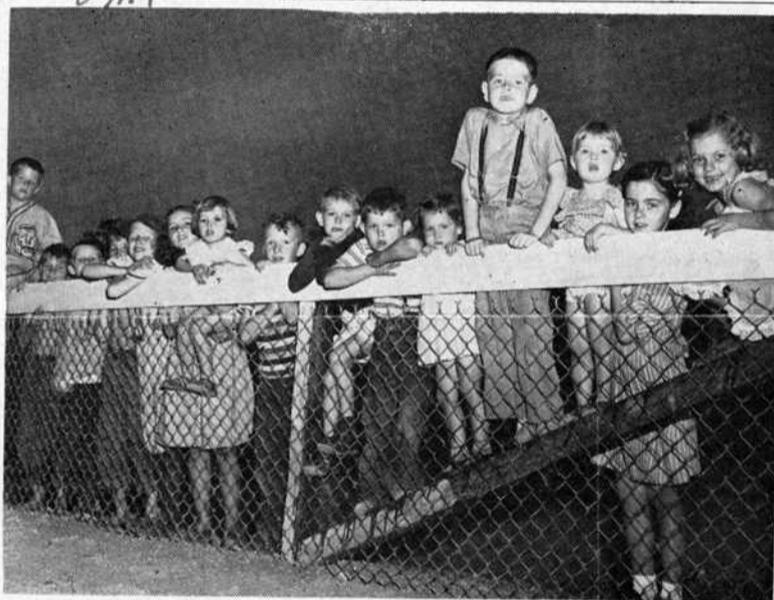

Women bowlers in the Oak Ridge City League, in which Y-12 finished third for the season, will give a buffet supper at 6:30 p.m., Monday, May 23. The affair will be given at the Oak Terrace and guests will be husbands of the team members. Prize money for the season will be distributed and officers elected for the next season.

Women's Tennis Team To Practice

Women tennis players of Y-12 will be given their second session of instruction and practice at 6:30 p.m. Thursday at the Jefferson courts. Members of the men's team will aid the girls in polishing their games.

SPORTS NEWS

Girls Have Lots Of Fun At Softball; Will Pick Sides For Future Tilts

HERE IS Y-12's OWN "KNOTHOLE GANG." THIS appealing picture of youngsters was snapped last Wednesday night as the small fry were interested spectators at the softball practice sessions held at Administration Field. Most of the juvenile fans are children of Y-12 employees.

Plant Softball League Schedule Given For First Round Of Play

Here is the schedule for the remainder of the first half of the season of the plant softball league. It is suggested that fans and players alike clip it out for reference. The schedule includes times for women's games and in the men's games the first named team is the home team. All games will be played at the Administration Field.

Wednesday, May 11
5:45 p.m., Rippers vs All Stars.
7:15 p.m., Bldg. 9212 vs Isotopes.
8:45 p.m., Calutrons vs Hit Balls.

Friday, May 13
5:45 p.m., Women's game. 7:15 p.m., All Stars vs Bums. 8:45 p.m., Rippers vs One - 91.

Monday, May 16
5:45 p.m., Rippers vs Calutrons.
7:15 p.m., Hit Balls vs Bldg. 9212.
8:45 p.m., All Stars vs Isotopes.

Wednesday, May 18
5:45 p.m., Women's game. 7:15 p.m., Bums vs One - 91. 8:45 p.m., Rippers vs Hit Balls.

Friday, May 20
5:45 p.m., Bums vs Calutrons.
7:15 p.m., One - 91 vs Isotopes.
8:45 p.m., All Stars vs Bldg. 9212.

Monday, May 23
5:45 p.m., One - 91 vs Bldg. 9212.
7:15 p.m., Bums vs Rippers. 8:45 p.m., Isotopes vs Calutrons.

Wednesday, May 25
5:45 p.m., One - 91 vs All Stars.

7:15 p.m., Women's game. 8:45 p.m., Hit Balls vs Bums.

Friday, May 27
5:45 p.m., All Stars vs Hit Balls.
7:15 p.m., Calutrons vs Bldg. 9212.
8:45 p.m., Isotopes vs Rippers.

Monday, May 30
5:45 p.m., Calutrons vs All Stars.
7:15 p.m., One - 91 vs Hit Balls.
8:45 p.m., Bldg. 9212 vs Rippers.

Wednesday, June 1
5:45 p.m., Isotopes vs Bums. 7:15 p.m., Women's game. 8:45 p.m., reserved for makeup game.

Cardinals To Hold Practice On Oakwood No. 1 Diamond

The Y-12 Cardinals will get a workout on a regular baseball diamond for the first time at 5:30 p.m. Friday when Manager Bill Burns will send his outfit through a drill on the Oakwood No. 1 field. The previous day will see the Cardinals working out on Oakwood No. 2 at the same hour. On Saturday afternoon the Cards will practice again on Oakwood No. 1 at 4:30 p.m.

Organization of the Oak Ridge City League still is not complete but it is expected that play will start on Memorial Day, Monday, May 30.

Something new in the way of recreation for Y-12 women employees was launched last Wednesday night when 20 of the fairer sex turned out to play some informal softball—and had a lot of fun out of it all.

No Regular Teams Planned

As a result of the session, the girls decided they wanted more of the same. So they decided that rather than to form two regular teams they would meet at regular intervals and choose up sides for a game. Spots have been reserved for the women players in the regular men's plant softball league schedule.

It is expected that word will spread rapidly among women employees of the fun enjoyed by the score of players that turned out last week and that the next period of play, scheduled for 5:45 o'clock Friday afternoon will draw an even larger attendance. Every girl in the plant is invited to report for the women's games and all will be given an opportunity to play.

Instruction Is Available

The women's games will be staged on the Administration Field and after their game time is finished those players wanting extra instruction and practice may get it on the practice field adjoining the regular diamond.

Women Bwlers End Season In Ridge Loop Third Place

The Y-12 women's varsity bowling team finished the season in third place in the Oak Ridge City League as the loop concluded play last Thursday night. The Y-12 lassies trounced the Buleprint keglerettes two out of three games in their final alley activities of the year.

The victors dropped the first game by 100 pins, 691 to 591, but came back strong to post scores of 701 and 800 for a total of 2,092 against 591 and 680 for the opposition. Olyne Poindexter led the Y-12 scorers with a 462 series and a 210 single game, which was second high for the last half of the season in the league. Margaret O'Neal scored 428, Evelyn Jago 415, Inez Reece 412 and Daisy Ward 375.

Tulip Town took league honors for the season with 66 wins and 33 losses, Oak Ridge National Laboratory was second with 59 wins and 40 losses while Y-12 had 56 wins and 43 losses.

48 Players Qualify; Teams Are Formed

An unexpectedly high number of 48 golfers submitted qualifying cards to take part in Y-12 links activities during the coming summer with the result that three full leagues of eight teams each has been formed. The two-man teams will begin play the week of May 16

The leagues have been named "Birdie," "Par" and "Bogie" but Recreation Supervisor Arnold Tiller hastens to explain that the presence of any certain player in either league is no indication of that golfer's ability but purely coincidental.

Four Classes Of Players

Not all of the players had been paired into teams by last Thursday afternoon, but Tiller expressed hope the organization work would be completed before the season opens next Monday. The players are divided into four classifications, being listed according to qualifying scores turned in. Top ranking, or Class A golfers, pick a partner in the Class D rank while Class B players choose Class C players as teammates.

Matches may be played any day of the week in which they are scheduled. The matches may be for nine or 18 holes. Holes will be determined by points and matches will be settled by number of holes won, not on total points.

Tournament Also Scheduled

The first round of league play is scheduled to end July 2 and action will be suspended to allow playing of the annual Y-12 plant-wide tournament open to all golfers in the plant.

Here is how the players were classified for league play.

Class A-Koontz, Sherrod, Ludwig, Reynolds, Bowles, Lavers, Cain, Ratjen, Orrison, Tiller, Larson and Barker.

Class B-Patterson, Olson, Holzkecht, Dunlap, Caldwell, Duncan, Harris, Beyers, Foster, Tibbatts, Keese and Strohecker.

Class C-Overholser, Adkins, Hubbard, Wanamaker, Crouse, Mitchell, Nettle, Brown, Matlock, Stetson, Underwood and Crews.

Class D-Seymour, Grimes, White, Wiest, Doyle, Lister, MacKay, Cotton, Tilson, Hooker, Bernander and Henderson.

Schedule For First Week

The schedule for the week beginning May 16 follows:

Birdie League—Olsen and Nettle vs Harris and Matlock. Tiller and Grimes vs Dunlap and Crews. Ratjen and Henderson vs Barker and Doyle. Foster and Brown vs Cain and partner.

Par League—Beyers and partner vs Caldwell and Stetson. Keese and Mitchell vs Reynolds and Bernander. Lavers and White vs Bowles and Wiest. Holzkecht and Adkins vs Peterson and Overholser.

Bogie League—Lester and Koontz vs Larson and partner. Ludwig and Cotton vs Sherrod and partner. Tibbatts and Wanamaker vs Duncan and Hubbard. Orrison and MacKay vs Strohecker and partner.

Ebert's Dogs Win Honors In Ridge, Knoxville Show

J. W. Ebert, Dept. M15P employee in Y-12 and president of the Oak Ridge Kennel Club, took several high honors in recent dog shows given by the Oak Ridge and Knoxville Kennel Clubs.

In the Oak Ridge show held Saturday, April 23, Ebert's black and tan English cocker spaniel, Eeland's Goldenboots, was judged best of breed and was fourth in the sporting class. The dog took similar honors in the Knoxville show. His female English black and tan cocker, Eeland's Widget, took reserve honors in her class in the Oak Ridge show.

A female beagle hound, also belonging to Ebert, Eeland's Miss Salute, was judged the best female in the open beagle class in Oak Ridge and also was listed as the best local hound in the show.

Fish Trading Now Reported Following Trip

Now it is fish trading to add to horse trading.

Last week The Y-12 Bulletin published a news story and picture about a recent fishing trip by three members of the Guard Department, Carl Cogdill, L. E. Bellamy and P. C. Dabbs. Cogdill and Bellamy were quoted as saying Dabbs had little luck and only his patience enabled him to stick out a long afternoon and finally bag a catfish.

Now comes Guard Dabbs with a claim that a half-truth can be most misleading at times. He admits his early luck was poor but pointed with pride at the catfish, which he said weighed three pounds. He also asserted he added two crappie to the catfish on his string.

However, his clincher statement to make a worthwhile yarn is his claim that on the way home Cogdill offered to swap—even—six crappie for the three-pound catfish.

Record Program Set By Group

Elvira Kaslauskis, former Y-12 employee now with the Oak Ridge National Laboratory, will present the program of the Oak Ridge Listening Group at 8 p.m., Thursday, May 12. The concert of recordings will be given in the East Lounge of the Ridge Recreation Hall and the public is invited.

Opening with Tschaikowsky's "Capriccio Italienne," the first half of the classical program will continue with the "Concerto No. 3" by Beethoven, written for piano and orchestra. The concluding number will be the sonata for violin and piano, Opus No. 75, by Camille Saint-Saens.

Gamble Valley School Work Let

Extensive and permanent alterations are planned for the Gamble Valley school to convert it into a grade school for Negro children in the autumn with the Charles Hobson Co., of Knoxville, submitting the low bid for the project of \$34,750. White children now attending the Gamble Valley school will be transferred to the new school being constructed on the Robertsville Road, which also is expected to be finished in time for the fall term.

A period of 100 days is allowed for the Gamble Valley school work, which will include a new stage, asphaltic concrete sidewalk, covered walkways, electrical, plumbing and heating improvements and grading work. Negro children now are attending the Scarboro school which will be converted into headquarters for the University of Tennessee agricultural research program.

ATOM POWER SEEN SOON

E. S. Lammers, of the Atlanta, Ga., laboratories of the Westinghouse Co., is quoted by the Atlanta Constitution as predicting atomic industrial power plants will become a reality within 10 years. He maintains that atomic scientists are awaiting a "green light from the government" to start work on harnessing atomic power for industry.

A man is like steel in that he is no good if he loses his temper.

"FLAMMABLE" DANGEROUS BY ANY OTHER NAME

Is it "flammable" or "inflammable"? For a long time now inquiries have been received spasmodically as to what is which and why.

Well—there is absolutely no difference. The "big" dictionary describes the word "flammable" as "something capable of being ignited." Then on the same line "inflammable" is declared to be a synonym for "flammable."

So—don't expose articles with these descriptions to fire—there might be flames as a result.

Annual Cleanup Week Drive Opens In Y-12

(Continued From Page 1)

grass seed is one of these activities.

Some departments that in the past have been housed in inadequate and unsightly quarters are being moved to permanent buildings and several of the older buildings in the plant area are to be removed or torn down. Several Maintenance Division departments are included in these plans.

The Y-12 Fire Department is urging as a part of the campaign that access to all fire fighting equipment be kept clear at all times. This means that no obstructions be placed to hinder anyone reaching fire extinguishers, hose or other apparatus.

Coordinators To Make Reports

At the close of the campaign the fire, safety and security coordinators of each division, who have organized the drive in their respective divisions, will make a report on the activities during the week and the accomplishments. These reports will include number of meetings held at which the cleanup work was stressed, the number of employees attending the meetings, number of inspections made and other information. These reports will be incorporated in the annual fire prevention report of the plant.

The coordinators and the divisions they represent include George B. Tucker, Maintenance; Lee Bagwell, Industrial Relations; Ward Foster, Research and Development; W. S. Herron, Chemical; W. C. Davis, Manufacturing Offices; and Clyde Bowles, Engineering.

Dr. Larson Urges Cooperation

Dr. C. E. Larson, Y-12 Superintendent, has urged support of all employees in the campaign in a plant bulletin statement that said.

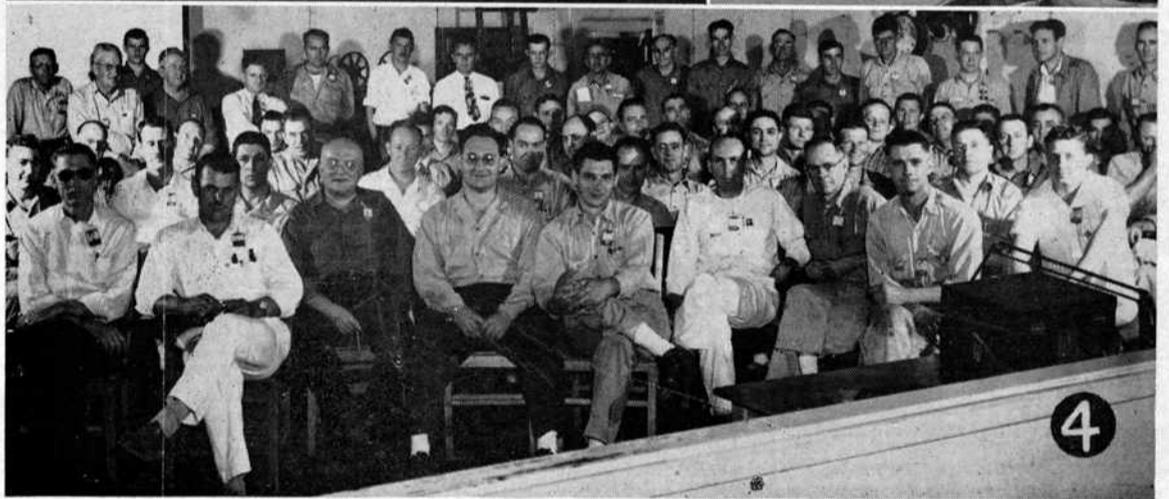

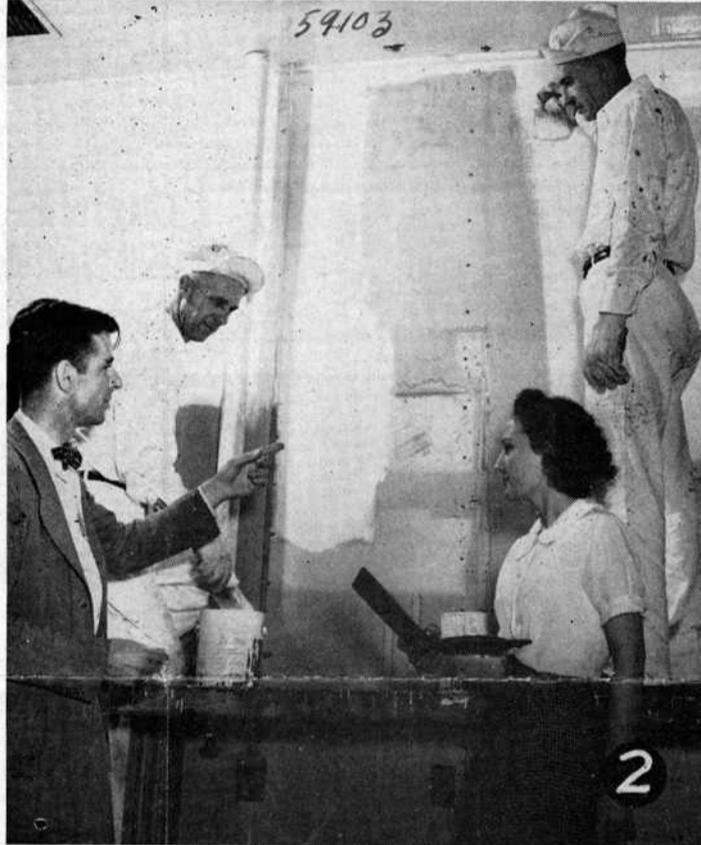

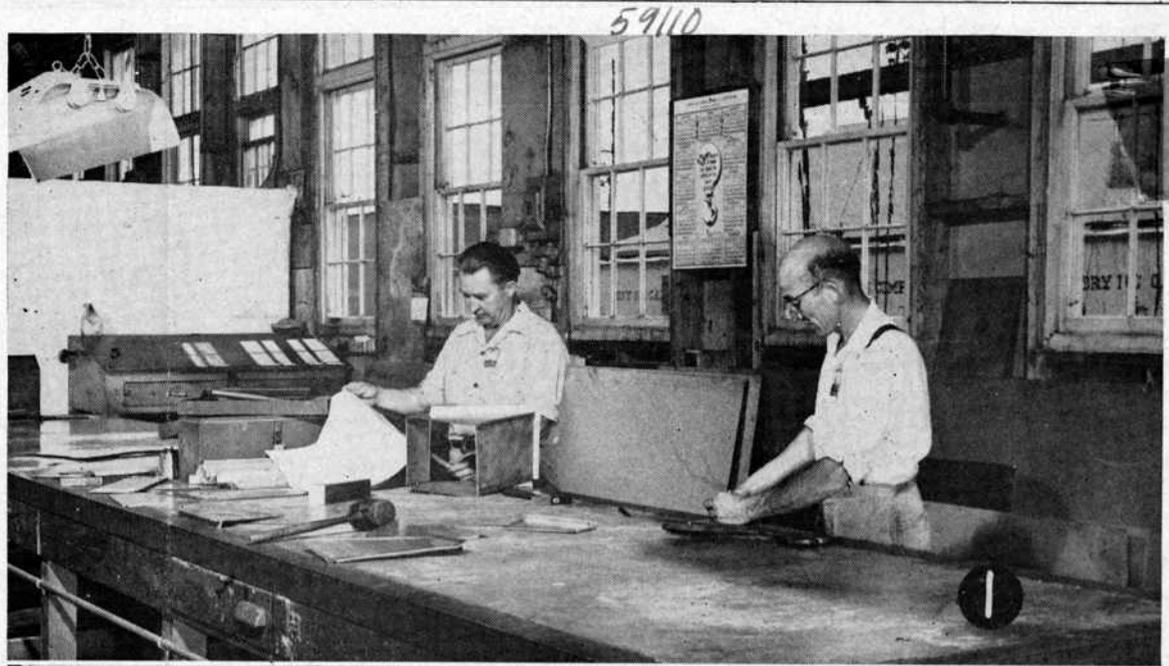

"A clean, attractive and safe working area inspires the employees to keep things clean; while, on the other hand, dirty and unattractive areas seem to attract refuse and other material as well as having a depressive effect.

"Your wholehearted support and cooperation is solicited in this program to make Y-12 a cleaner, more beautiful and safer place in which to work."

NO ATOMIC "MONSTERS"

Chairman David E. Lilienthal, of the Atomic Energy Commission, in a recent speech at Washington State College, Pullman, Wash., ridiculed predictions that the atomic age will produce a "race of monsters." The chairman, in his talk, also predicted early progress in nuclear treatment of human diseases.

One of the greatest labor saving devices of today is tomorrow.

ALTHOUGH THE Y-12 CLEANUP DRIVE DID NOT OFFICIALLY GET UNDERWAY until this week, the above pictures show some of the preparations being made for the observance. No. 1 shows a clean sheet metal work bench in the Machine Shop with John Steiner, left, and K. N. Adkins on the job and realizing that neat working quarters help them in their job duties. No. 2 picture was made as painters were polishing up the Materials Laboratory. Paul Hagelston is at the left with Alma Shaw looking on as Painters John Goodpasture and J. Williams wield their brushes on the wall. No. 3 shows Ray Barron, Superintendent of the Manufacturing Offices Division, with Kay Orton and Helen Matthews cleaning filing cabinets by removing obsolete classified documents from the containers. No. 4 is a picture of a regular safety meeting of employees in Dept. A14N where plans for conducting the cleanup campaign in the department were discussed.

Casting Lessons Will Be Given

The Fishermen's Group of the Oak Ridge Sportsmen's Club will meet at 7 o'clock tonight, Tuesday, May 10, at the clubhouse on Oak Ridge Turnpike west of the city limits. Instruction will be given in bait and fly casting until dark.

Evan Means, Dept. A14N, will be one of the instructors in casting. Following the outdoor session a meeting will be held in the clubhouse.

A drop in the ocean is a trifling thing, except to an aviator.

Carnegie Tech Scientist Will Address Physics Meet

The weekly meeting of the Oak Ridge Physics Seminar scheduled for Friday, May 13, will be addressed by Dr. I. Eastermann, of the Carnegie Institute of Technology, Pittsburgh, Pa. The meeting will be held in the East Lounge of the Ridge Recreation Hall, beginning at 4 p.m.

The topic of Dr. Eastermann's talk will be "Semi-Conductor at Low Temperatures".

Rainbow Trout Season Is Open

Members of the Oak Ridge Sportsmen's Club point out that the rainbow trout fishing season in Tennessee now is officially opened, the lid being lifted last Thursday, May 5.

The trout streams of the state will be open from Thursdays through Sundays of each week with all state holidays included. The limit for one day is 10 trout and the possession limit is the same.

A stalemate is a husband who keeps telling the same jokes.
