

S. F. CREIGH, AT LEFT, B SHIFT SUPERINTENDENT; AND D. H. RADER, Y-12 Plant Shift Superintendent; are shown as they appeared at the Carbide and Carbon Chemicals Company Service Award Banquet at South Charleston, W. Va., November 4.

## Rader And Creigh Are Thrilled Over Honors Conferred By Carbide For 25 Years Service

**Y-12ers Are Among 126 Quarter Century Employees At Banquet; Receive Fine Watches**

It's quite a thrill to be honored for 25 years of service with one company—so agree Y-12 Plant Shift Superintendent D. H. Rader and B. Shift Superintendent S. F. Creigh who were among the 126 award participants and 70 guests at the annual Carbide Service Award Banquet given by Carbide and Carbon Chemicals Company November 4 at South Charleston, W. Va. In addition to the two Y-12ers, four men from K-25 and two from the Paducah, Ky., plant of Union Carbide Nuclear Company were among the honored guests at the ceremonies.

UCNC is formed of the Oak Ridge and Paducah atomic energy facilities formerly operated for the Atomic Energy Commission by Carbide and Carbon Chemicals Company.

### Individual Program Printed

In addition to receiving handsome gold wrist watches in token of their quarter-century of service with Carbide, the honor guests also had individual programs made for each of them. The theme of the main banquet was "A Quarter Century of Service," and the quarter century idea was carried throughout the festivities with lapel identifications in the form of a 1930 quarter and the individual programs had actual coins affixed to them.

The programs themselves were attractively printed with the pictures of each of the 126 honorees being carried with their dates and places of employment. The 126 came from South Charleston, Institute, W. V., Texas City and Seadrift, Tex., Niagara Falls, N. Y., Whiting, Ind., Carteret, N. J., Leach and Diamond, W. Va., Mellon Institute, Pittsburgh, Pa., New York, Oak Ridge and Paducah.

### President McClure Gives Watches

The presentation of the watches was made by H. B. McClure, President of Carbide and Carbon Chemicals Company. Dr. J. G. Davidson, Vice President of Union Carbide and Carbon Corporation and former president of the Chemicals Company, was the principal speaker.

Of the two Y-12ers on the honor list, Rader completed his 25 years of Carbide service on January 5 and Creigh on April 7. Both were employed by Carbide at its South Charleston plant in 1930 and worked together for some time before being given different assignments. Rader and Creigh have been Oak Ridgers since 1944 and 1954, respectively.

## W. A. Freels, Jr., Gets Promotion November 1

The promotion of W. A. Freels, Jr., from the rank of senior laboratory analyst to assistant laboratory supervisor in the Production Analysis Department of the Technical Division of Y-12, was announced last week. The promotion became effective on November 1.

Freels was born in the neighboring Edgemoor community of Anderson County, Tennessee, November 29, 1920, so he will be observing his 35th birthday within a few days. He came to work in Y-12 on January 21, 1946, after three years of service in the United States Army Chemical Warfare Service, donning his uniform on July 16, 1942, and being discharged December 9, 1945.

His grade schooling was obtained in Anderson County and he graduated from Harriman High School, later attending Tennessee Wesleyan College at Athens. He majored in mathematics and chemistry.

## Central Lot To Be Closed Saturday For Curb Painting

The Central Parking Lot will be closed for occupancy beginning early Saturday morning, November 19, for the purpose of painting the asphalt curbs at the sidewalks in the area. The black curbing will be sprayed with white paint to plainly mark them for drivers and pedestrians at night as well as in daylight and to prevent a traffic hazard from arising. With the work starting early Saturday morning, portions of the lot may be open for use by the 3 p. m. shift change time that afternoon.

# Three-Year Extension Of Union Carbide-AEC Contract For Operation Of Four Major Facilities Is Announced

"Give Thanks For All Things—"

## Thanksgiving Holiday Set November 24; Traditional Y-12 Dinner Coming Tuesday

### Community Services Will Attract Many To Trinity Church

Next week should be a joyous one—and one of reflection—for all Y-12ers as it brings along Thanksgiving Day.

Of course Thanksgiving Day, Thursday, November 24, is one of the Company's regular holidays on which no employee will be required to work except for those who are needed for the protection and continuous operation of the plant.

### Dinner Costs Only \$1.10

Then the annual Y-12 Cafeteria Thanksgiving Dinner will be served on next Tuesday, November 22 from 11 a. m. to 1:30 p. m. This traditional feast costs only \$1.10, including tax; and for those who feel that they cannot master the entire delicious menu, individual items may be purchased at regular a la carte prices. The complete menu is published in the adjoining column.

The note of reflection by Y-12ers should be used to recall the many blessings bestowed on them—and to give thanks for them. The Thanksgiving custom, extended almost unbroken from 1623 when the Pilgrims uttered their prayers for surviving their early days of hardships, is deeply instilled in the hearts of every American who counts his rich heritage.

### Presbyterian Pastor To Speak

So it is expected that throngs of Y-12ers and members of their families will take the opportunity to attend the annual Community Thanksgiving Services to be sponsored by the Oak Ridge Ministerial Association at 10 o'clock Thanksgiving Day morning at the Trinity Methodist Church, located at California and Tennessee Aves. The Rev. Harold Harris, minister of the Trinity church, will be in charge of the program and the Rev. Frank Ladner, pastor of the West End Presbyterian Church, will be the speaker. Music will be provided by the Jefferson Junior High School choir.

The Rev. Stanley Dysart, pastor  
Continued on Page 4

### Chicken Chow Mein On Special Thursday

The entree for the Y-12 Cafeteria Special Lunch to be served tomorrow, Thursday, November 17, will be chicken chow mein with steamed rice. The 50-cent Special Lunch also will include one vegetable, choice of salad or dessert and rolls and butter. Because the Thanksgiving dinner will be served next Tuesday and Thursday, November 24, is a holiday, no Special Lunches will be served next week.

## Turkey Day Dinner At Cafeteria Offers Many Tasty Items

Perhaps Y-12 Cafeteria Supervisor George J. McNamee didn't quite fatten the young tom turkeys to be served on the annual and traditional Y-12 Thanksgiving dinner next Tuesday, November 22, as pictured in the cute little cartoon above—but he guarantees the fowls to be served will be just as tasty as if they had been spoon fed by a pretty girl.

Of course, turkey is the big item on the attractive menu—with baked ham being as tasty alternate. Two vegetables, a salad, dessert, rolls and butter and a drink round out the fine meal. For the light eaters, a roast veal sandwich will be offered.

Here's the menu in full:

- CHOICE OF ONE**
- Cream of Celery Soup
- Grapefruit, Tomato Or Apple Juice
- CHOICE OF ONE**
- Roast Young Tom Turkey, Oyster Dressing
- Giblet Gravy and Cranberry Sauce
- OR**
- Baked Sugar-Cured Ham
- With Glazed Pineapple Ring
- CHOICE OF TWO**
- Fresh Buttered Green Peas
- Snowflake Potatoes, Southern Corn Pudding
- Candied Yams
- CHOICE OF ONE**
- Sliced Tomato With Cottage Cheese
- Molded Cranberry-Orange Waldorf
- Stuffed Celery Head Lettuce
- CHOICE OF ONE**
- Hot Mince Meat or Pumpkin Pie
- Spice Layer Cake
- Ice Cream, Assorted Flavors
- Rolls Butter Coffee
- Iced or Hot Tea

## New Style Safety Selection Card Early Return Urged

Safety award selection cards for the 16th Union Carbide Award period have been distributed to all eligible Union Carbide Nuclear Company employees in the Y-12 Plant Area. A new type of card is being used and all employees are urged to mark them correctly to insure quick return, ordering and distribution of the selected articles.

Employees are asked to check one of the 11 articles being offered as awards, also to give their signature and also to designate at which portal they want the award given out. This portal is the one where the employee receives his pay check. Return of the card as soon as possible is urged of all employees.

## New Agreement Runs Until June 30, 1960

The contract with Union Carbide and Carbon Corporation for operation of four major Atomic Energy Commission facilities has been extended until June 30, 1960, S. R. Sapirie, manager of the AEC's Oak Ridge Operations, announced on Monday, November 14.

Union Carbide Nuclear Company, a Division of Union Carbide and Carbon Corporation, operates the AEC's three facilities at Oak Ridge, the Y-12 and K-25 Plants and the Oak Ridge National Laboratory, and also the gaseous diffusion plant at Paducah, Ky. The present contract with Union Carbide for operation of these facilities was to expire June 30, 1957. Under a new supplemental agreement, the contract has been extended for an additional three years. No further changes were made in the contract.

Union Carbide contributed to the research and planning for the original K-25 gaseous diffusion plant at Oak Ridge, beginning on January 18, 1943, and took over operations of the plant as it was completed.

Union Carbide assumed operations of the Y-12 Plant at Oak Ridge in 1947 and operation of the Oak Ridge National Laboratory in 1948. In 1951, Union Carbide was selected as the operating contractor for the new gaseous diffusion plant at Paducah.

The Corporation also contributed to the design of the gaseous diffusion plant at Portsmouth, Ohio.

## Carbide Wives Set Housewarming Party

The Carbide Wives, oldest social organization in Oak Ridge, has designated its meeting, tonight, Wednesday, November 16, as a Housewarming Party. The meeting and card party will be held at 7:30 p. m. in the newly decorated Green Room of the Ridge Recreation Hall. Bridge, canasta and bingo will be played and prizes awarded the winners.

A special invitation has been issued by the Carbide Wives to members of the Y-12 Girls Club to attend the party tonight. An invitation also has been issued to feminine personnel of the new Oak Ridge Main St. shopping center.

Mrs. H. B. Williams will be the executive member of the Carbide Wives in charge of the meeting tonight. Hostesses will be Mesdames Keith Lowery, Seth Wheatly, Joseph Platt and R. V. McCord.

## SAFETY SCOREBOARD

The Y-12 Plant Has Operated  
14 Days Or  
462,070 Man-Hours  
(Unofficial Estimate).  
Without A Lost Time Injury  
Through November 13

## AICHe To Hear Talk By Dr. C. E. Crompton Use Of Radioisotopes In Industry Subject

Dr. Charles E. Crompton, assistant director of the Isotopes Division of the Atomic Energy Commission in Oak Ridge, will be guest speaker at a meeting of the Knoxville-Oak Ridge Section of the American Institute of Chemical Engineers tonight, Wednesday, November 16. The meeting will be at 7 p. m. at the S & W Cafeteria, and all Y-12 members of the section are urged to be present.

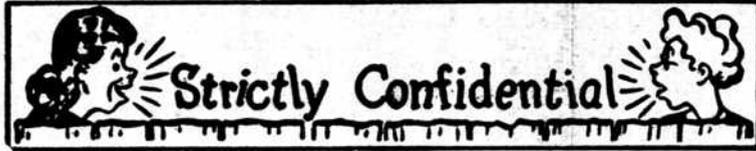

Dr. Crompton will speak on "Industrial Utilization of Radioisotopes." In his post with the AEC he assists in administering the Commission program of international and national distribution of both stable and radioisotopes.

He entered the atomic field 11 years ago when he engaged in research work on the then new element, plutonium, at the University of California. After about four years with the Manhattan District he joined the chemistry department of Washington University, St. Louis, Mo., where he taught and carried out research with Dr. J. W. Kennedy, one of the co-discoverers of plutonium. Following graduate work at the University of Tennessee he joined the AEC.

## Religious Music Program Set By Community Chorus

A pre-Thanksgiving program of religious compositions will be presented by the Oak Ridge Community Chorus at its opening concert of the season next Tuesday night, November 22. The concert will be given at the Oak Ridge High School auditorium with curtain time at 8:15 p.m. The chorus is sponsored by the Oak Ridge Civic Music Association.

The feature offering on the pro-

Have you heard about the Y-12 gal whose ma told her to pick nice, clean friends? Oh boy, did she pick 'em clean!  
On with the show, lad — that's enough messin' around.

### ALLOY

Beta Four's Norman L. Dykes joined up in the Fond Father's Fraternity November 18 when the missus presented him with a beautiful baby girl—they named her Katherine Lynne . . . Another F.F.F. is Bob Chapman whose second son arrived during the Halloween holiday season, weighing nine pounds, 11 3/4 ounces . . . It is hoped Roy Wilson is having a nice vacation . . . Also to Herman Dyer—whereabouts of both unknown, but maybe Lower Slobovia? . . . W. C. Toomey is heading for Washington for a visit . . . C Shift welcomes Bill Geldmeier back after a week's vacation with his parents in the Lone Star State (that's Texas, suh) . . . H. A. Lay is back after a short jaunt to Oneida to visit his parents . . . Gaines Aldridge spent a quiet vacation at home in Oak Ridge . . . Dave Wasson Smith made a test flight in his new automobile to Grove City, Pa., last week end.

C. H. Reasor, Alpha Two, spent his vacation at home getting acquainted with his new daughter born October 30 . . . Get-well wishes to J. W. Harless, recuperating at home following a recent operation . . . W. C. Golden is vacationing at an undisclosed hideout.

Jo Ann Baker, Beta Two, and her pal, "Bucky" Marlur, of ORNL, are going to New York for a 10-day vacation—watch out Broadway, these gals is dynamite.

Alpha Four chimes in with word that D. A. Jennings vacationed in Oak Ridge, on the farm and even at the plant—he loves that home cookin' . . . M. H. Shanks is economizing on his vacation by visiting with all the relatives in Jamestown, Jonesboro and Rossville (that's in Georgia, ain't it?) . . . Heard tell that W. W. Irwin was tripping around the corn fields of Nebraska . . . Don't know where, but it is fairly sure S. J. Frost is deer hunting on his vacation . . . Jean Vaughn is reported with a new hobby—rescuing half-drowned little mouses from pipe washouts, bedding them down on hand-

gram to be presented under direction of Dan Bristow is Randall Thompson's "The Peaceable Kingdom." Other numbers include "Missa Brevis X," by Willan; "Blessed Is The Man," and "Tribulations Civitatum."

kerchiefs and feeding them generous portions of a co-worker's pecan roll, so keeping other dames in the department leaping for the nearest chairs. (Incidentally, anyone knowing where Jean can buy oats and corn for her herd of horses please buzz her at 7-8422.) . . . Bob Morrow believes in doing his holiday shooting early—already he has bagged his Thanksgiving and Christmas fowls at the B Shift turkey shoot . . . The game might be small but the bag was big and applause goes to D. R. Johnson, who brought back eight squirrels from Jefferson County . . . B. O. Bartley, Jr., did his deer hunting alone in Maryville Park—didn't get nothin' . . . Joe Dick's biceps so worried the B Shift boys that he transferred to A Shift, receiving a warm welcome . . . Songster Charlie Mills is greeted with a yodel as he arrives from Alpha Five Auxiliaries . . . That's no football huddle—it is the gang gathered around A. J. Caputo, who transferred from Beta Four to Alpha Four the hard way—via a two-year stretch in the Army . . . Steve Pelizari can be excused for that shamefaced grin he wears when someone relates how he drove off in a new gray automobile and got a couple of portals down the road before he discovered he was in the wrong vehicle . . . Jack Minton is on the sick list — he underwent a follow-up operation on his leg in the Oak Ridge Hospital, so Jack, be nimble and hurry back . . . Jeri's says she's sorry to have omitted in a recent report that the H. M. Freels baby gal weighed in at 10 pounds, 11 ounces—said to be Roane County's largest ever.

### SUPERINTENDENTS

Maybe it's Upper Slobovia as the destination—it isn't reported otherwise—for Vacationers E. E. Robertson, D. L. Jenkins, A. S. Howell, F. M. Gambill and J. W. Rankin, Jr., of General Utilities.

### MANUFACTURING OFFICE

Earl Goode, Cashier and Travel Office, is vacationing this week—but isn't traveling, just staying around home.

The Time Office tells us that L. F. Powell is vacationing this week at home over in Rockwood and P. K. Wallace did likewise last week at Lenoir City.

Property sends get-well wishes to Clifford Anderson, who is ill in Blount Memorial Hospital in Maryville.

L. N. Stewart, Receiving and Shipping, is doing a Davy Crockett—gone bear hunting while vacationing . . . Not for Pauline Taylor, she's at home in Lake City.

John McNally, Property Sales, is back after undergoing a tonsillectomy.

Maola Connor, Stores, is vacationing at home in Lenoir City helping her niece in pre-matrimonial arrangements.

Gertrude Gentry, Material Control, is another homebody while vacationing.

### CHEMICAL

R. M. Mustin, Product Processing, took off last week to swap yarns with his son—just home from the Army.

Delores Eden, Chemical, is enjoying sights of Richmond, Va., this week . . . Walter Cameron is soused of the border, down Mexico way . . . The department is awaiting the return of B. L. Byrum, who was married last week to Jackie Thompson in the Baptist Church at Athens, Tenn., from a Florida honeymoon to confer congratulations.

### MAINTENANCE

Andy Halcomb, Planning and Estimating, is a wise cookie—he and his family went to St. Petersburg, Fla., for vacationing purposes . . . Charley Cottrell also is off this week, but whereabouts is

THREE Y-12ERS AND AN OAK RIDGE NATIONAL LABORATORY EMPLOYEE who are cast in the Community Playhouse production "Boy Meets Girl" are shown above. From left are Hal Weisberg, ORNL; Helen Clark, Y-12 Special Testing Department; Bob Wilder, Y-12 Colex Operations; and Jean Finney, Y-12 Production Analysis.

## Three Y-12ers Cast In 'Boy Meets Girl'; Playhouse Gave Same Show 10 Years Ago

With three Y-12ers in the cast, the Oak Ridge Community Playhouse will present the Hollywood comedy, "Boy Meets Girl" on Thursday, Friday and Saturday nights of this week at the Jefferson Junior High School auditorium. Curtain time is 8:20 p. m., and advance ticket sales indicate a large audience will be on hand for each performance.

unknown as were those of W. R. Duff, who just came back . . . Rapid-recovery wishes to C. L. Evans, who is ailing.

Salvage is slapping D. E. Parton on the back—he's the Proud Pop of a new daughter, six-pound, 12-ounce Yevonda Kay . . . Middle Slobovia probably is the destination of Fred McLain, B. E. Monroe, T. E. Beavers, M. L. Burke and G. F. Manning—it hasn't been reported otherwise.

H. H. Adcock, Heavy Equipment Repair, is trying for a buck—not the quiz show kind, but a big male deer—up around Norris this week.

Field Maintenance hopes Marvin Short is having a good vacation—wherever he is.

V. W. "Pappy" Arms, Research Services, has adopted a little daughter — she's 15-months-old Linda Faye . . . Get-well wishes to J. W. Mitts and N. A. Stone, on the sick list.

Electrical Maintenance sends rapid-recovery wishes to Walter Wolfe, Jr., and S. E. Adams . . . K. England joined the deer hunters last week—results unreported.

Alpha Four Maintenance extends condolences to T. G. Tapp, whose father died last week . . . Get-well wishes go to H. P. Pemberton, O. M. Jones and W. D. Hixon.

C. G. King, Alpha Five Maintenance, is brushing up on his "Squads East" down in Camp Stewart, Ga., on military leave.

U. L. Alspaugh, Beta Four Maintenance, lost a daughter but found a son, as the saying goes — his daughter, Mary Ann, and Ken Henderson, of Oak Ridge, were married last week . . . A. P. Waugh is ill and receiving get-well wishes.

Buildings and Grounds sends get-well wishes to Carl Oody, a pretty sick lad at the Oak Ridge Hospital.

### MECHANICAL OPERATIONS

J. J. Brock, A Mechanical Operations, went deer hunting recently — no luck, no buck — just saw some does . . . O. C. Willard was one of the 50,000 fans at the Tech-Vol football thriller and is still talking about it . . . J. L. Williams qualified for the Proud Pop Club when he became the father of a baby girl—Linda Faye. . . Sympathy is extended L. S. Stansberry, whose mother-in-law died recently . . . C. J. O'Neal carries best wishes of the department to Texas, where he was called because of the illness of his mother . . . B. L. Miller's two

Continued on Page 4

MRS. ED ROBINSON, OF THE Y-12 ASSAY LABORATORY, WAS HONOREE at a recent stork shower given by Mrs. C. L. Stevens, of the same department, at the latter's home, 650 Robertsville Road. Guests at the affair, pictured above, are, standing from left, Cecil Hurtt, Ozell Pass, Arlene Knight, Doris Brogan and Dessie Worley. Seated are Jimmie Giles, Thelma Knisley, Mrs. Stevens, the hostess; Mrs. Robinson, the honoree; and Jo Wright. Most of the guests also are with the Laboratory.

Get-well wishes are sent the following Y-12 employees who were patients in the Oak Ridge Hospital last week:

O. F. Jordon, Chemical; G. E. Fisher, R. L. McKinney and N. A. Stone, Research Services; H. T. Gillum, Beta Four Maintenance; C. E. Hudson, Alpha Five Maintenance; W. L. Fairbanks, E Mechanical Operations; Richard Bates, Jr., Chemical; A. B. Anderson, Process Maintenance; R. H. Bradshaw and D. H. Allen, General Machine Shop; Carl Oody, Buildings and Grounds; A. O. Phillips, Materials Delivery; Eula Mae Helton, Production Assay; Willie Bailey, Thomas A. Fain, Fred Hoskey and Joseph N. Lee, Janitors.

**WHEN RAYCE L. VANDERPOOL**, Research Services, goes fishing he isn't particular what kind of fish he brings back—just so it is a good one. So above he is shown with two fine specimens he has entered in the 1955 Y-12 Annual Fishing Contest, both contenders in their class. At top is a juicy striped bass taken from Ft. Loudoun Lake while at bottom is a sauger, caught in the Little Tennessee River. Proving there is democracy in the finny tribe—both were victims of Hadacol bait. Although contestants in the Annual Fishing Contest are limited to one prize each, there is no limit of species that may be submitted by any one angler.

## ADP, Bums Voted As Best Sportsmen In Softball Loops

**Coveted Award Voted By Team Managers In Two Plant Loops**

Y-12 plant leagues have been noted for close competition in various sports for many years—and the tight tussle staged for league championships also have produced a high degree of sportsmanship on the part of individuals and teams alike.

### At High Level All Season

At the end of the recent long softball season in Y-12 in which two leagues staged about as successful season as ever has been enjoyed in Y-12, the degree of sportsmanship was kept at a high level all summer. So at the end of the season, managers of all teams in both the American and National Leagues were polled by the Recreation Office to vote on what team in their respective circuits displayed the best sportsmanship throughout the schedule.

The winners in the poll were the ADP team in the American League, managed by J. C. Bryan; and the Bums, of the National League, piloted by W. C. Anderson. Members of each squad have been presented trophies suitably engraved for their sportsmanship as displayed on the diamond during the season.

Neither team was a top contender in its league during the season, but the highly prized sportsmanship awards were voted on the basis of character of individual players, conduct on the diamond, competitive spirit and courtesy. The ADP team ended up seventh in the first half of the season and sixth in the final round. The Bums were fourth in both rounds of play.

In addition to Manager Bryan, the ADP squad was composed of Clifford M. Simcox, Joe Houston, Robert L. Morrow, J. M. Harris, R. E. Wallace, Hoyt Seivers, C. K. Sanders, P. A. Cuthbertson, L. L. Brown, Glen Baker, Larry A. Dukes, G. W. Ballen, A. L. Gillen, W. T. Goodwin, James Seivers, L. E. Pate, George R. Goins, R. C. Bryant and O. F. Hill.

The Bums roster, in addition to Manager Anderson, listed A. J. Simmons, Don Forrester, A. Shoopman, Lloyd Kahler, M. R. Emery, Carl Selvidge, B. T. Whitaker, Ben M. Rutherford, James A. Davis, M. E. Turner, J. J. Turner, Robert E. Ferguson, C. E. McKinney, C. R. Gassaway, Charles A. Wright, Claude W. Adkinson, Donald G. Dunbar, W. C. Fraley, J. R. Plyman, Earl McAbee and R. B. Smith.

## Nip And Tucks Nip Oleos In Mixed Loop

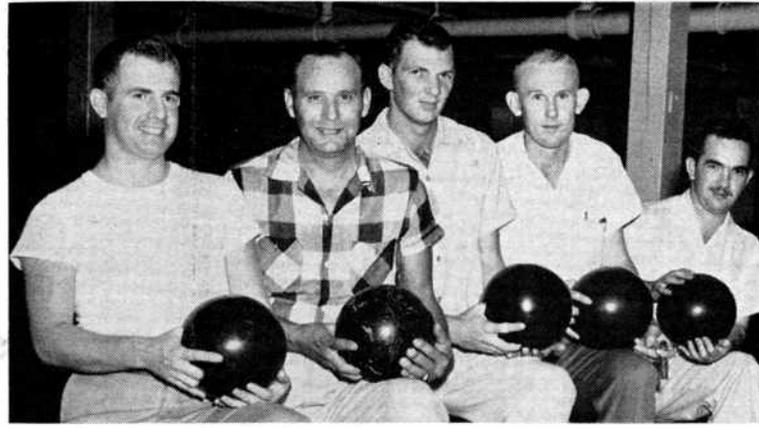

The Nips and Tucks nipped the Oleos for a four-point whitewash win last week in the Mixed League to extend their loop lead as the Strike Outs struck out the Mix Ups for three points and the lowly Rocks rocked the Pin Ups for another whitewash victory.

Anderson, of the Rocks, swept individual scoring honors with 197, 237, 520 and 610 scores. The Nip and Tucks repeated the feat in team scoring with 599, 776, 1682 and 2221 across the board.

Consistency was noted in a couple of individual scoring marks. M. J. Otten posted scratch games of 103, 101 and 102 while Evelyn "Fiz" Tucker had handicap games of 201, 201 and 203.

League standing follows:

Team	W	L
Nip and Tucks	20	8
Mix Ups	16	11
Pin Ups	15	12
Strike Outs	15	13
Oleos	9	19
Rocks	8	20

**A BLOODTHIRSTY BUNCH OF BOWLERS ARE THE PICTURESQUELY-named Murderer's Row team in the C League, shown above. When right they have upheld their name to the opposition in many instances. From left are Goodwin, Booher, Morrow, Bruan and Houston.**

## Two More Y-12 Bowlers Earn Citations From ABC

A pair of Glass Arm Bowlers—that's their team name, not condition of the limbs—of the C League have earned citations from the American Bowling Congress for rolling the unique triplicate scores—of three games with identical tallies. J. Rogers started it on October 26 when he rolled three games of 126. Then Sam DeFelice came along the following week and topped Rogers' scores by an even five points per game for three 131s. Application has been made to the ABC for the shoulder patches awarded for the unusual feat.

## All Stars Surge Back To Loop Lead

After one week in second place, the All Stars surged back into the lead in the Classic League of plant keggers last Thursday night by blanking the Tigers for four points. The Has Beens, temporary occupants of the top spot, were trimmed for three points by the Wolves and the Bumpers climbed up the ladder a bit with a whitewash triumph over the Swingsters. The Rebels roared to a similar win over the Playboys while three-point margins were gained by the Screwballs over the Rippers and Wasps over the Cubs.

George Schierbaum, Bumpers, had the best game scores, a 219 scratch tally boosted to 242 with handicap. Ernie Cobble, another Bumper, had a 548 scratch series and S. Brown, Swingsters, a 641 handicap series for tops. The Bumpers swept the board in team scoring with 892, 1013, 2592 and 2955.

League standing follows:

Team	W	L
All Stars	27	13
Has Beens	26	14
Rebels	24	16
Wolves	23	17
Bumpers	23	17
Cubs	22	18
Swingsters	20	20
Rippers	19	21
Screwballs	18½	21½
Tigers	14	26
Wasps	13½	26½
Playboys	10	30

## Y-12 Pistoleers Tied With ORNL

The Y-12 pistol team in the Oak Ridge Sportsmen's Association Winter League is tied with the Oak Ridge National Laboratory gunmen for first place in the circuit with nine wins and only one loss each. These two teams will fire for record on Monday night, November 28, to decide which will hold top spot in the loop, temporarily at least.

The top five men in the Y-12 Pistol League whose scores will be matched against the ORNLabbers in the coming match are J. C. Ezell, with an average of 256, D. R. Alford 245, T. J. Bush 242, R. L. Vanderpool 239 and C. G. Brewster 238.

## Upsets Mark Play In Pistol League

Upsets marked play in the Y-12 Pistol League in the fifth session of firing Monday night, November 7. The Sharpshooters advanced from third to second place by knocking over the Masters in both scratch and handicap firing, 712 to 645 and 865.637 to 846.041. The Experts bumped the Marksmen from second place to last with a similar win, 697 to 694 and 858.533 to 857.114.

P. H. Williams, of the Sharpshooters, was high gun for the night with 269 scratch and 293.791. T. J. Bush was head man on the Marksmen with 252 scratch and 288.350 handicap. J. C. Ezell, for the Experts, had 216 and 287.836 to top his team and the Masters were led by D. J. Alford with 237 and 283.960. The next league matches will be held at 7 o'clock tomorrow night, Thursday, November 17, at the Oak Ridge Sportsmen's Association indoor range.

League standing follows:

Team	W	L
Masters	6½	3½
Sharpshooters	5	5
Experts	4½	5½
Marksmen	4	6

## Badminton Play For Y-12ers Set

The bird batting boys in Y-12 are getting into action again—playing badminton regularly from 8 p. m. to 10 p. m. every Thursday night at the Jefferson Junior High School gymnasium. Badminton has been a popular sport in Y-12 in past seasons and although no prospects are in sight for an inter-plant league, anyone in the Y-12 Plant who wants to play the game is urged to communicate with Spence Wallace, plant telephone 7135, or the Y-12 Recreation Office, plant telephone 7751, for further information. So far Wallace, Al Fisher and other Y-12 enthusiasts have been playing against representatives of K-25 and Oak Ridge National Laboratory in informal competition in the weekly meetings at Jefferson.

## Sportsmen's Group Sets Turkey Shoot

All Y-12 riflemen and pistoleers are invited to take part in the turkey shoot to be held next Monday night, November 21, at the Oak Ridge Sportsmen's Association range on the Turnpike west of the city limits. The association pistol and rifle group are sponsoring the shoot. The pistol firers will shoot at a bullseye at 25 feet while the riflemen will shoot at a target 50 feet away. Winners will be awarded turkeys for Thanksgiving.

Remember—Only you can PREVENT FOREST FIRES!

# 11 Teams Reported Set For Basketball In Y-12 Loop Play

**November 28 Deadline To Enter As Season Will Open December 5**

Seasonal organization of at least one—and possibly two—plant basketball leagues for Y-12ers is expected to jell this morning in the Recreation Office when team managers or representatives are slated to meet for the purpose of formulating plans for the winter hardwood campaign. A similar meeting is scheduled for 10 o'clock tomorrow morning, Thursday, November 16, to get volleyball underway throughout the plant for the season.

### Prospects Declared Bright

Basketball prospects for the season and exceedingly bright, it was pointed out last week by Harlan Wright, Recreation Supervisor, who stated that at least 11 teams have already reported as ready to go in the sport. The number of leagues, of course, depends on the number of teams entering the competition.

To speed start of the sport, a deadline of Monday, November 28, has been set as the deadline for any group or department wanting to enter a basketball team in league competition to make known their decision. After that date a schedule will be drawn to accommodate the teams ready to open the season.

It is expected that the basketball season will officially open on Monday night, December 5, with games being set for both the Oak Ridge High School and the Robertsville Junior High School gymnasiums. According to present plans, games will be played on Monday, Tuesday and Wednesday nights of each week.

### Practice Sessions Being Held

Practice sessions for squads already organized are being held at Oak Ridge High School and Robertsville Junior High School. Reservations may be made through the Recreation Office, Room 221, Bldg. 9704-2, telephone 7751.

Although most of the spotlight so far has been on basketball, interest in volleyball began to perk up last week with a number of inquiries being received as to plans for the season. Indications pointed to several groups being represented at the meeting tomorrow morning to map plans for league play. At least six teams are reported interested in forming a plant circuit.

## Ridgerunners Romp To Top Of League

The Ridgerunners romped to first place in the Sportsmen's League of Y-12 shift bowlers last week by tying a whitewash defeat on to the Sunflowers. The last place Eight Balls vacated the cellar by handing a similar licking to the Bombers and the Rebels romped over the Knuckleheads by three points.

Ware led the Ridgerunners to their triumph by sweeping the boards in individual scoring with a fine 234 scratch game, boosted to 283 with handicap; a 576 scratch series and 723 handicap series. The Knuckleheads posted the top scratch game of the night with 794, just ahead of the Bombers' 791. The Bombers nosed out the Knuckleheads by 2321 to 2276 for scratch series honors.

League standing follows:

Team	W	L
Ridgerunners	8	4
Bombers	7	5
Knuckleheads	6	6
Rebels	6	6
Eight Balls	5	7
Sunflowers	4	8

## C League Leaders All Swamp Foes

The three top teams in the C League all took four-point victories last week. The Q Balls trounced the Rusty Five, the Hot Wires blanked the Sooners and Murderer's Row whitewashed the Deltas. The Hornets stung the Glass Arms for three.

Sprouse had most of the individual scoring honors with a 233 scratch game, boosted to 277 with handicap, and a 660 handicap series. The Hot Wires' 843 scratch game, 2459 scratch series and 2957 handicap series were tops of the night.

League standing follows:

Team	W	L
Q Balls	23	13
Hot Wires	23	13
Murderer's Row	21	15
Hornets	19	17
Rusty Five	18	18
Deltas	14	22
Sooners	13	23
Glass Arms	12	24

## C Shift Crocketts Set Turkey Shoot

The Davy Crocketts of the C Shift will be out in force Thursday morning in an endeavor to provide a turkey for Thanksgiving—or even Christmas—when the group will hold a turkey shoot at 10 a. m. at the Oak Ridge Sportsmen's Association outdoor range. Rifles of .22 calibre or shotguns of any bore may be used to fire at the targets and ammunition will be furnished. The C Shift Recreation Committee has urged all Y-12ers on that shift to come out for the affair.

Wedding—A ceremony at which a man loses complete control of himself.

## Safety Lane Inspection And 'S-D Day' Observance Should Go Hand In Hand

### Faulty Equipment Can Be Dangerous; Challenge Issued To Cut Accidents

The nation will celebrate its second annual "Safe Driving Day" on Thursday, December 1—and there is no time like the present for Y-12 automobile owners and drivers to begin preparation for the occasion by taking advantage of the free motor vehicle inspections now being offered by the Oak Ridge Safety Lane, on East Division Road.

#### Keeping Cars Safe Important

Keeping automobiles and trucks in safe operating condition is one of the major principles of safe driving—as faulty brakes, lights or other operating equipment can and have been the main factor in many traffic accidents. That's where the privilege of free inspections at the Safety Lane is so timely—and valuable to have.

The Safety Lane will be open from noon to 6 p.m. Mondays through Fridays and from 9 a.m. to 3 p.m. on Saturdays through Saturday, December 10. The hours are subject to change, according to Oak Ridge police, but are expected to be maintained. The windshield stickers issued by the Safety Lane indicating that the car or truck inspected is in safe operating condition will be good through May 31, 1946. The present stickers expire on November 30.

#### Sapirie Urges Carbide Cooperation

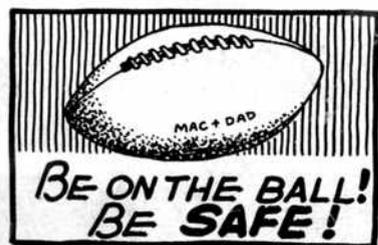

President Dwight Eisenhower's Action Committee for Traffic Safety is promoting the "S-D Day" program in cooperation with about 200 organizations and federal, state and city governments, it is pointed out in a letter from S. R. Sapirie, manager Oak Ridge Operations for the Atomic Energy Commission to Clark E. Center, Vice President of Union Carbide Nuclear Company, in urging support of Carbide employees in the campaign.

"This is a worthwhile effort from which the AEC and its contractors will benefit by added interest in our present traffic accident prevention efforts," the AEC official wrote.

#### Challenge To Avoid Accidents

"Safe Driving Day" has been proclaimed as a challenge to every community not to have a traffic accident during the 24 hours of December 1—in daylight or darkness. On the observance of the first "S-D Day" last year, after a concentrated campaign of publicity to show that motorists and pedestrians alike can reduce traffic accidents, the national toll of deaths and injuries as well as the number of traffic accidents was greatly reduced compared to the same date in 1953.

"S-D Day" is being observed to call attention of the importance of not only having every individual support existing safety programs on that particular day—but on a year around basis.

Continued from Page 2  
 youngsters are recovering from tonsilectomies.

That congenial gentleman of B Mechanical Operations, **Tim Watts**, is missed while recovering from a recent operation—he's doing well, thanks . . . **M. L. Pendley** has been called to Alabama because of the illness of his father and get-well wishes go that way . . . **John Reece** is taking it easy around home in Oak Ridge while vacationing this week.

F Mechanical Operations extends sympathy to **H. E. Hamilton**, whose mother-in-law died recently . . . **A. B. Anderson** is recovering from his injuries and is expected to leave Oak Ridge Hospital soon . . . **L. R. Lovelace** vacationed at home in Oak Ridge with a side trip to East Tennessee last week.

#### INDUSTRIAL RELATIONS

**Capt. Joe H. Connor**, of the Guard Department, has returned to his Lenoir City home after a serious seige in a Knoxville hospital . . . Condolences are sent **Capt. Pat Dabbs**, whose brother-in-law died last week.

**Juanita Reed**, Security, is still on the ailing list and receiving get-well wishes.

**Lib Kilby**, Insurance, is still dreaming happily over that Florida vacation she is just back from.

#### TECHNICAL

**M. C. "Red" Weist**, Project Engineering, announced a new family project last week—it is his new son, eight-pound, 11-ounce John.

Civil and Architectural Engineering sends get-well wishes to **W. M. Hopkins**, who has been puny several days . . . Likewise to **W. H. Rice**, recuperating at home after a spell in a hospital.

Electrical Engineering is glad **Larry Koontz'** wife is feeling better after being quite ill.

Health Physics warmly greeted newcomer **Eleanor G. Bennett** last week . . . Also sent get-well wishes to **Fred Williams**.

**Paul Wilkinson** picked New Jersey for vacationing last week . . . **Steve Dabic** went the other way—to Florida.

**Charlie Smith**, the seer of Mechanical Operations Division, just stuck his head in the door to comment:

"The greatest homage we can pay to truth is to use it."  
 You are so right, Charley, so farethewellforthis time.

#### 21-INCH MOST POPULAR

Trade statistics show that the 21-inch television screen is the most popular among home owners, as it is the most frequently bought and is suitable for any regular room.

## ACS Group To Hear Lectureship Talks

### Harvard Man To Speak Wednesday, Thursday

Dr. George B. Kistiakowsky, professor of chemistry at Harvard University, will be the speaker at the eighth annual lectureship to be sponsored by the East Tennessee Section of the American Chemical Society tonight and tomorrow night in Oak Ridge and Knoxville. The Oak Ridge meeting is scheduled for tonight, Wednesday, November 16, with a dinner at 6:45 p. m. at the Oak Terrace preceding a talk at 8 p. m. at the Robertsville Junior High School cafeteria. The second meeting is set for 8 p. m. tomorrow night, Thursday, November 17, at Dabney Hall, University of Tennessee, Knoxville.

#### Y-12ers Urged To Attend

All Y-12 members of the ACS Section are urged to attend either one or both of the lectureship meetings. In Oak Ridge Dr. Kistiakowsky's subject will be "Detonation Waves as a Research Tool." In Knoxville his subject will be "Some Free Radical and Atomic Reactions."

Dr. Kistiakowsky has had outstanding success in both the theory and practice of modern physical chemistry. He was winner of the Nichols Medal in 1947 for his studies of bond energies in polyatomic molecules. During the war he supervised the program that resulted in the large scale manufacture of the powerful explosive, RDX, and subsequently headed the explosives division at Los Alamos, N. M.

#### Dr. Kistiakowsky Born In Russia

Born in 1900 in Kiev, Russia, where he was educated, he received his Ph. D. degree in Germany and while there met Dr. James B. Conant, then president of Harvard, who was instrumental in bringing him to the United States. He came to this country as an International Education Board fellow, becoming a research associate at Princeton University before going to Harvard.

## 10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

**Clarence L. Riggs**, Chemical, November 16.

**Stanley H. Cole**, Production Analysis, November 17.

**Claude S. Waldroop**, Guard, November 19.

**Paul E. Gipson**, Guard, November 19.

**Alvin G. Stooksbury**, Field Maintenance, November 19.

**Robert H. Freeman**, Electrical Maintenance, November 19.

**Fred B. Guttery**, Product Processing, November 19.

**Andrew Skritnansky**, Production Analysis, November 19.

**John F. Bruce**, Guard, November 20.

**Edgar A. Guettner**, Tool, November 21.

## Y-12, K-25 Riflemen Will Meet Tonight

The Y-12 rifle team in the Oak Ridge Sportsmen's Association indoor league is scheduled to fire against the gunmen of K-25 tonight, Wednesday, November 16. The Y-12ers took a default victory from the Independents last Friday night.

Firing for record on that night the Y-12ers were led by R. L. Vanderpool in both scratch and handicap with 178 and 194.617. Right behind was C. G. Brewster with 177 and 194.192. Then came J. W. Rule 156 and 192.960, H. F.

#### DAYTONA BEACH GAG WRITERS

gofed in missing the catch lines in these fishing pictures. At right an Angle is trying to find the angle of an angle fish. The Angle in question is young G. J. Angle, Jr., whose dad is in Industrial Engineering, and the angle fish he is holding are those the youngster caught as the family enjoyed a fishing trip at the popular Florida resort. Above, young Gus is proudly viewing the catch of the boat on which he made his first deep sea fishing trip and pointing to the eight-pound red snapper he personally landed. The two fish at the extreme left are big bonita, one a 30-pounder landed by the lad and the other a 25-pounder brought in by Gus, Sr. Gus, Jr., actually led the entire boat in fishing on that great day.

## Thanksgiving Holiday Set Next Thursday

#### Continued from Page 1

of the Oak Ridge First Christian Church, is president of the Oak Ridge Ministerial Association, and has issued an invitation on behalf of the Association for all Oak Ridgers to attend community services.

Of course, holiday pursuits will be planned by many Y-12ers next Thursday. With only one day off, only a few have scheduled out-of-town trips, but it is likely that fishermen and hunters—weather permitting—will be out in force. Others will stay home, enjoy their home holiday meals—and just loaf.

Whatever the activities—it is hoped that the principles of safe conduct for themselves and others will be carried out by every Y-12er so that one and all may return to the job the following day full of thanksgiving for the blessings enjoyed on only on Thanksgiving Day but on every other day of the year.

## Funeral For C. A. Marks Held In Jefferson City

Funeral services were held Monday, November 7, for C. A. Marks, a Y-12er in Buildings and Grounds, who was killed instantly in an automobile accident near Jefferson City Saturday night, November 5, while returning to his home there after attending the Tennessee-Georgia Tech football game in Knoxville. It was reported erroneously at first that Marks was a K-25 employee.

The last rites for the 40-year-old rigger were held at the Northside Baptist Church in Jefferson City.

He is survived by his widow, Mrs. Annetta Marks, a son, David, 14; and a daughter, Judy Ann, 10. He came to work in Y-12 on June 4, 1951.

Harris 146 and 191.360, and P. H. Williams 142 and 190.720.

In the Y-12 Plant Rifle League the Pin Wheels are on top with three wins and no losses, followed by the Spotters at two and one, the Misses with one and two and 10Xs none and three.

## Rides Wanted, Offered

**Ride wanted from Joy Restaurant, Karns, to Central Portal, D Shift.** A. B. Seabolt, plant telephone 7151, home telephone 8-4759, Knoxville.

**Riders or car pool participants wanted from vicinity of Sweetwater, G Shift.** L. D. Best, telephone 4907, or R. J. Ratledge, telephone 4316, Sweetwater, plant telephone 7749.

**Riders wanted from Washington Pike or Valley View Road, Knoxville, to North or West Portal, straight day.** C. P. Tudor, plant telephone 7-8382, home telephone 5-2780, Knoxville.

**Riders wanted from Fountain City to Central Portal, C Shift.** E. S. Childs, home telephone 6-2430, Knoxville.

**Riders wanted from Clinton to North or Central Portal, straight day.** C. F. Brewer, plant telephone 7735, home telephone 981-W, Clinton.

**Riders wanted from West Knoxville to any portal, straight day.** W. H. Holbert, plant telephone 7222, home telephone 8-0149, Knoxville.

## ASME Chapter Will Hear Address On 'Metallurgy'

The Oak Ridge Chapter of the American Society of Mechanical Engineers will hear a talk on "Metallurgy" tomorrow night, Thursday, November 17. The meeting will be at 8 o'clock at the Oak Terrace and the speaker will be W. D. Manley, Associate Director of Metallurgy, Oak Ridge National Laboratory.

The discussion will cover corrosion, creep, metallography, welding and brazing of metals. All Y-12 members of the chapter are invited to attend the meeting. A door prize will be given.

#### MEX GUM FOR CHANGE

Chewing gum sticks are being used for small change in some parts of Mexico, according to the Associated Press, as the nation is reported running short of small silver coins. Mexico has been producing silver coins for export, resulting in the shortage.

It's sensible to be safe.
