

HOW THE RESEARCH SERVICES DEPARTMENT rid itself of fire hazards from flammable liquid handling is shown above. General Foreman W. R. Carver and Fire Department Capt. E. F. Greer watch H. M. Smith pump a highly flammable liquid from a drum into a safety can in a ventilated and covered shed built to house the material. Note that both drum and can are grounded, also the openwork floor to avoid accumulation of dripping and signs warning of smoking.

Research Services Eliminates Fire Hazards By Building Shed For Flammable Liquids

Teamwork Aids In Development Of Structure; Containers Grounded, Ventilation Is Provided

Dealing with flammable liquids always is a ticklish proposition—but the Research Services Department of Y-12 that does maintenance work in Bldg. 9204-1 has taken steps to eliminate all foreseen hazards arising from handling such material. Several kinds of such flammable liquids are used by the department in its maintenance of the building, which houses the Reactor Experimental Engineering Division of Oak Ridge National Laboratory.

Teamwork between the Research Services Department, the Fire Department and Safety Department resulted in the installation of the safety project to prevent fires while handling flammable liquids. The project is simple—an open shed of metal construction that houses drums containing flammable liquids and one-gallon safety cans in which the liquids are drawn from the drums. The drums and cans both are grounded to prevent creation of static electricity sparks that could ignite the liquids. An open floor of metal rods prevents accumulation of any dripping from the containers and the open sides provide ventilation to remove fumes and vapor.

The roof also keeps direct rays of the sun from striking the containers and possibly creating sufficient heat to cause an explosion. By being located several feet from the main building and away from other structures other possible

Williamson Award Presentation By TIPC To Lane Is Tribute To Outstanding Achievements In Field

Industrial Relations Leadership Is Cited

The presentation on April 18 by the Tennessee Industrial Personnel Conference of its James House Williamson Award to Thomas E. Lane, General Superintendent of Industrial Relations for Union Carbide Nuclear Company in Oak Ridge and Paducah, Ky., is one of the highest tributes to be paid in the South to a man in the field of industrial personnel management. The award also honors the Company for its achievements in industrial relations as directed by the General Superintendent of that work and carried out in the various plants and laboratories of UCNC.

The James House Williamson Award was established in 1956 to honor the late secretary of the TIPC, who died February 23, 1953. He served a total of 11 years as permanent TIPC secretary, from 1939 through 1943 and again for seven years from 1946, during which time he contributed greatly to the development of sound industrial management and industrial personnel practices in Tennessee and neighboring states.

Awarded Plaque And Citation

Presentation of the award citation and plaque to Tom Lane was made at the annual meeting of TIPC at Nashville on Thursday night, April 18, by Charles R. Appel, conference chairman from the United States Pipe and Foundry Co., Chattanooga.

The citation for the award reads:

"Thomas E. Lane, in recognition of his career in the field on industrial personnel management; his successful guidance and development of the industrial relations of his employer, the Union Carbide Nuclear Company, Oak Ridge; his important contributions to research in the fields of personnel management, personnel selection, executive development and appraisal, supervisory training and selection, accident proneness and certain aspects of labor relations; his past and continuing interest in the objectives of the Tennessee Industrial Personnel Conference; his service as a community leader—the Tennessee Industrial Personnel Conference confers on him the James House Williamson Award."

In UCC Post For 12 Years

Tom Lane has been in charge of the industrial relations field in the Union Carbide Corporation atomic energy installations for 12 years. With others, he pioneered

IN RECOGNITION OF HIS CAREER IN INDUSTRIAL RELATIONS work, Thomas E. Lane, left, General Superintendent of Industrial Relations for Union Carbide Nuclear Company in Oak Ridge and Paducah, Ky., is shown receiving the James House Williamson Award from Charles R. Appel, chairman of the Tennessee Industrial Personnel Conference.

Three UCC Men Are Elected Vice Presidents; Made Members Of Appropriations Committee

Foscue, Mason And Suydam All With Corporation For Many Years; Mason Holds Post Of Secretary

A. Lyndon Foscue, Birny Mason, Jr., and Edwin B. Suydam have been elected Vice-Presidents and appointed members of the Appropriations Committee of Union Carbide Corporation, according to Morse G. Dial, President of the Corporation.

A. L. Foscue

Birny Mason, Jr.

E. B. Suydam

MAY 4 10TH ANNIVERSARY OF Y-12 WITH CARBIDE

An anniversary without fanfare—but of great interest to Y-12ers who have been around for the past 10 years—will be observed on Saturday of this week, May 4. For on May 4, 1947, the Y-12 Plant became part of Union Carbide Corporation, when Carbide and Carbon Chemicals Company took over operations here.

During the past decade much has been done in Y-12 to promote the national defense and in reviewing the period Y-12ers can look back and view with satisfaction on the record of fruitful operations for the country's safety established since May 4, 1947. It's been a fine one of which every Y-12er can well be proud.

Union Carbide Corporation Directors Declare Dividend

A cash dividend of 90 cents per share on outstanding stock has been declared by stockholders of Union Carbon Corporation, payable June 1 to stockholders of record on April 26.

Air Conditioned Hot Time In Old Town Set For Patrons Of Y-12 Spring Dance May 17

There'll be an air-conditioned hot time in the old town on Friday night, May 17, when the annual Y-12 Spring Dance will be sprung by merrymakers from all over the plant. The shindig is slated for the ballroom of the Oak Terrace—and although the big hall is comfortably air conditioned the lower temperatures never have cooled off the enthusiasm of Y-12 guests in past visits.

Tickets have been placed on sale for the Annual Spring Dance at several convenient locations throughout the Y-12 Plant. They

may be had from:

- Mavis Koons, Milton Dickens and Joanna Rowan, Bldg. 9212.
- Carl Frazier, Marvin Shanks and Mable Tyer, Bldg. 9201-4.
- Byron North and J. P. Smith, Bldg. 9723-11A.
- Fran Willie, Bldg. 9739.
- Charles Gillihan, Bldg. 9706-1A.
- Virginia Boswell, Bldg. 9201-2.
- C. M. West, Bldg. 9704-2.
- Jean Granstaff, Bldg. 9764.
- T. E. Monsey, Bldg. 9204-2.
- M. L. Sweet, Bldg. 9201-5.
- Lucy Hatmaker, Bldg. 9711-5.
- Evelyn Tucker, Cafeteria.

Recreation Department, Room 226, Bldg. 9704-2.

Bill Lawson will bring his seven piece band and vocalist from the Deane Hill Country Club to provide music for the hop. It has been one of the most popular in East Tennessee.

The Annual Spring Dance has been noted for years as being a fine opportunity for Y-12ers to meet and enjoy themselves—greet old friends and make new ones.

So come on out from 9 p.m. to 1 a.m. Friday, May 17, for a big time.

Y-12 Safety Award Articles Are Picked

11,514 Items Ordered For Eligible Y-12ers

With 5,757 Union Carbide Nuclear Company employees in the Y-12 Plant Area eligible to receive individual safety awards for helping establish the 18th and 19th Union Carbide Corporation Safety Periods, a total of 11,514 widely varied articles have been ordered for distribution by the Safety Department. That is two to a person—as the awards for the two periods were combined.

There are 15 different articles on the order list with the one-quart Thermos food jug leading in the selections with 2,081 being chosen. The other articles picked and the number of each are electric coffee brewmaster with two-ounce jars of instant coffee 1,706; alarm clock 1,127; pruning shears 926; cookie and pastry set 898; Kleenmaster window cleaner and minow bucket 701 each; shoe shine kit 687; Zippo cigarette lighter 685; stadium cushions 575, film and slide file 467, child's automobile seat 287, salt and pepper set 232, fish scales and ruler 226, carving board 215.

The 18th UCC Safety Period extended from October 30, 1956, to January 10, 1957, inclusive, with 2,239,139 hours of plant operations performed without a disabling injury. The 19th period was from January 13 to March 12, inclusive, with 1,844,567 injury-free hours posted.

Two Y-12ers Attend Meet Of Scientific Glassmen

Two Y-12ers from the Research Services Department and other Union Carbide Nuclear Company employees attended a meeting of the American Scientific Glassblowers Society April 19-20 at Chapel Hill, N.C., when a new chapter of the organization was formed that will include Oak Ridge members. The new chapter will be called the Southeastern Chapter with headquarters in Chapel Hill, as D. E. Sampson, of that city was elected president of the new group. R. W. Poole, of the Oak Ridge National Laboratory working in the Y-12 Plant Area, was elected chairman of the by-laws and membership committee.

The Y-12ers attending the meeting were E. L. Boorn and L. H. Norman. Other UCNC men present were M. J. Nesbit, R. R. Myrick and E. R. Mellon, all of ORNL. The program of the Chapel Hill meeting included tours of glass shops at the University of North Carolina and Duke University and other interesting highlights.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

Ava J. Lyons, Special Testing, May 5.
Jack Scott, Janitors, May 8.

Merry Month Of May Has Many Anniversary Dates, 'Days' And 'Weeks' For Observance

The "Merry Month of May" is ushered in today and before it ends 31 days from now quite a few interesting anniversaries and "days" will be observed. The birthstone of May is the emerald and the flower of the month is the lily of the valley.

Here are the important anniversaries and dates for May:

May 1, 1884—The first "skyscraper" in the United States, a 10-story structure, was built in Chicago.

May 10, 1669—Settlement of Charles Town, Carolina, the southernmost British colony in the New World, was begun. Of course, it now is Charleston, S. C.
Mother's Day will be observed

throughout the nation on Sunday, **May 12, Armed Forces Day**, replacing old Armistice Day, is to be celebrated Saturday, May 18.

May 23, 1785—Annoyed at having to carry two pairs of glasses, Benjamin Franklin invented "bifocals."

Memorial Day on May 30 provides the nation the opportunity to

It may have been those warm days last week—but something brought the sap out of some of the gagsters around the premises—and the Colyum Conductor again was forced to emphatically deny that he was a stop on the tour by the Association for Preservation of Tennessee Antiquities.

So Old Folks is going right out on his regular beat.

MAINTENANCE

From the Laundry comes word that **C. A. Anderson** was sunning himself at home in Lenoir City last week and **O. M. Pope** plans to do likewise in Oak Ridge this week.

S. T. Burress is back at work in Transportation after vacationing in Plymouth, Mich. . . . **R. M. Martin** also is back after a session of garden planting . . . Condolences are extended **C. W. Wilkerson**, whose sister died recently in Lenoir City.

Cheerful start of news from Process Maintenance—**S. M. Yelton** is all swelled up with the mumps . . . Get well wishes to him and also to **S. J. Webster**, recovering from an operation on his leg, and to **N. B. Keplinger**, also still off sick . . . **W. V. Blankenship** is painting—his house, not the town—while vacationing in Maryville . . . **S. S. Gray** is getting in some fox hunting between working for his wife while vacationing . . . **B. M. Thomas** is entertaining relatives and **R. P. Putnam** is planning some fishing . . . **A. D. Dean** caught "Ole Joe," a long-time finny resident of Watts Bar Lake, while fishing out of Spring City dock last week—the victim was a seven and one-half pound large-mouth . . . **O. E. Wiggers** confirms it—was on hand to dip out the lunger.

L. "Buck" Davis, Maintenance Planning, took advantage of the pretty weather last week to do some house cleaning . . . **J. S. Irving** is beaming again, he has a new granddaughter, Karen Irving, born April 24 at Warner Robbins Air Force Base, Ga., which probably means an early trip by Grandpa and Grandma down that way.

TECHNICAL

The Engineering Department's habitat last week found the smoke mighty thick . . . Hardly had the ink dried on last week's chatter when **T. H. Keane**, Mechanical Engineering, was rushing around with cigars celebrating the arrival of son Thomas, weighing seven pounds, 13 ounces . . . Hold your hats—here's another, the **C. R. Petersons**, Project Engineering, have a daughter—little Melanie Anne weighed in at seven pounds, six ounces to make it three boys and a girl . . . **Roy McKnight**, of Piping, spent last week gardening . . . **Bob George**, Electrical, and **Reggie Lovell**, Project, caught nine fish on their finny foray to Norris last week . . . Some more scuttle from Mechanical Engineering

pay tribute to American fighting men of all wars who gave their lives for their country.

May 24, 1883—The Brooklyn Bridge was completed at the cost of \$15,500. It probably has been "sold" for many times that sum to credulous visitors to New York.

May 31, 1913—The 17th Amendment to the United States Constitution that provided for direct election of United States senators was ratified.

Then there are a pair of special "weeks" set for observance during May. "Be Kind to Animals Week" is set for May 5-12, and "Let's Go Fishing Week" (a year-around occasion in Y-12) will be observed May 11-18.

FLASHING GREEN LIGHTS DECLARE 'NO ACCIDENTS'

Keep those flashing lights green—that means the Y-12 Plant Area is continuing an accident-free period.

In case of a disabling injury—the green flashing lights will be doused and a sombre red light will flash for 24 hours from the time of the accident.

These effective safety reminders have been installed and are sending out their silent messages at the East, North and Bldg 9704-2 Portal entrances to the plant. During the next few days similar flashers will be placed at the Central, West and Bear Creek Portals.

Get well wishes are sent the following Y-12 employees who were patients in the Oak Ridge Hospital last week:

Lucille Hatmaker, Plant Records; C. L. Stevens, Jr., and Johnson Hagood, Colex Operations; Richard A. Walker, Technical Division; J. J. Calloway and Lloyd M. Thompson, Mechanical; James E. Livingston, General Machine Shop; Leonard R. Bledsoe, Research Services; Woodrow Chase, Property Sales; John H. Siler and Mack Haynes, Janitors.

Community Playhouse Offers 'Detective Story' Next Week

The Oak Ridge Community Playhouse will present the strongly dramatic play "Detective Story" next week, May 9, 10 and 11, at the Jefferson Junior High School auditorium. "Detective Story" has one of the largest casts in any Playhouse offering and among the performers will be Lloyd Bryson, Lee Pearson, Sheldon Datz, Pat Zerby, Sam Thompson, Earl Hutchison, Jim Muir, Clyde Claiborne, Leighton Fuller, Murray Hanig, John McBride, Art Dworkin, Nate Bassin, Barbara Maneschmidt, Lois Grant and others.

PORTER—DARBY

Miss Lalla Sullivan Darby, an Oak Ridge school teacher, and W. S. Porter, D Shift Superintendent in the Y-12 Plant, were united in marriage at 4 o'clock Tuesday afternoon, April 23. The ceremony was performed at the First Presbyterian Church of Oak Ridge with the Rev. R. L. Porter, brother of the bridegroom, officiating. Following the wedding, the couple made a honeymoon trip to Florida.

Careful with a car full.

Miss Doris Lee Brogan

BROGAN-CAMPBELL

Mr. and Mrs. J. H. Brogan, of 415 Avondale Ave., Middlesboro, Ky., have announced the engagement and approaching marriage of their daughter, Miss Doris Lee Brogan, a Y-12 employee in the Laboratory Operations Department, to Leo E. Campbell, Cookeville, Tenn., The wedding will be at 4:30 o'clock Sunday afternoon, June 2, at the Robertsville Baptist Church, Oak Ridge, with the Rev. W. C. Summar, pastor, officiating.

Campbell is the son of Mr. and Mrs. Charles Campbell, 1314 North Dixie Ave., Cookeville.

The bride-elect will be given in marriage by her brother, Phillip Brogan, of Loyall, Ky. Wedding music will be provided by Mrs. Thomas P. Hamrick, Oak Ridge, and Mrs. H. G. Chadwick, Clinton.

Maid of honor will be Miss Anna Katherine Queener, Oak Ridge, and matron of honor will be Mrs. Isaac Robbins, Athens, Tenn., sister of the bride-elect. Bridesmaids will be Misses Vivian Jaxox and Elizabeth Hope Williams, both of Oak Ridge. The flower girl will be Miss Marsha Lee, Cookeville.

Tom Garmon, of Cookeville, will act as best man. Marcum Brogan, Middlesboro, Doyle Burton and G. V. Thomas, of Cookeville, and Orden Sevier, Crossville, will be ushers.

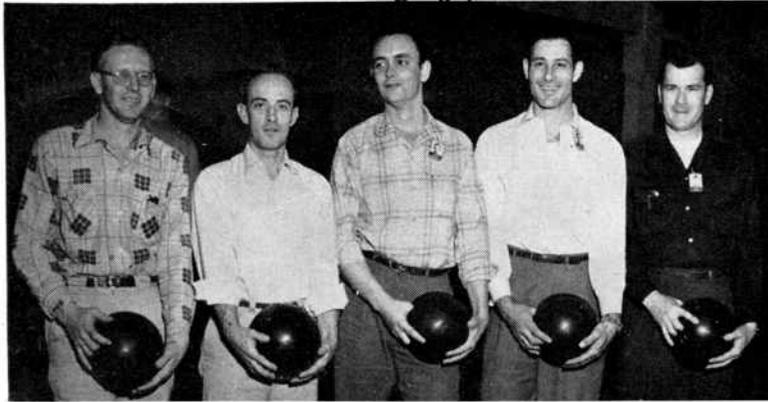

Following the ceremony a reception will be held at the Continental Room at the Oak Terrace, in charge of Mrs. Daisy Ward, sister of the bride-elect. Assisting at the reception will be Mrs. Tom Garmon, Mrs. Doyle Burton, Mrs. Carcum Brogan and Misses Evelyn Tucker, Agnes Hardin, Jincy Dingus, Joyce Ross and Louise Carden, all of Oak Ridge, and Mrs. Mori Alben, Louisville, Ky. Mrs. John Collins will play piano selections during the reception.

Miss Brogan attended schools in Middlesboro and Campbell at Baxter Seminary, Baxter, Tenn. He is a veteran of World War II.

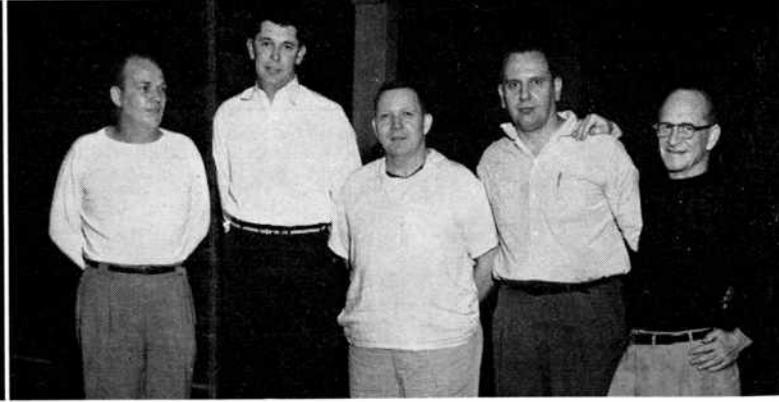

Interest Growing In CD, Y-12er Reports After Meet

Interest in Civil Defense is growing through the state of Tennessee, it is reported by Arthur F. Ogden, Sr., Assistant General Foreman in the Buildings and Grounds Department, Chief of the Heavy Rescue Squad and Assistant Coordinator for Civil Defense in Oak Ridge. Ogden has just returned from a state meeting of the Tennessee Association of Rescue Squads held recently at Greeneville and attended by around 300 Civil Defense workers from all over the state, with about 15 of them being from Oak Ridge.

Rescue Squads for Civil Defense have been organized from Memphis to Kingsport, Ogden reported, and are diligently training to be of service to their communities in case of emergencies.

NOT AMONG THE LEADERS BUT AMONG THE DANGEROUS teams in their respective Y-12 Plant bowling leagues are the Cubs, left, of the Classic League; and the Hot Shots, of the Evening Shift League. From

left the Cubs are R. W. Hagood, Gene Ware, Charley Green, Clarence Eichenberger and Harold Ratjen. The Hot Shots bowlers are J. R. Murph, O. J. Rhea, J. F. Powell, P. W. Bullard and Capt. A. G. Steele.

Hines Fires 77 In Y-12 Tourney

80 Golfers Compete In First Tee Party

With 80 Y-12 golfers entered, the first plant tournament of the year was held last Saturday at the Oak Ridge Golf and Country Club with some good scores posted in all three divisions of play.

Saylor Wins Handicap

In the First Division of players with handicaps up to 12, Art Hines took it with a scratch score of 77, closely followed by Arnold Tiller at 79. Harvey Saylor had 67 and Charley Peterson 69 for low handicap. The best scratch on the first nine went to Jack Spears with 38. Tied at 39 for second were Frank Kennedy and A. L. Sawyer.

Sewell Brown shot 83 for scratch low in the Second Division for golfers with handicaps from 13 through 22. I. G. Spears was second with 85, and J. Paterson third at 87. In handicap it was Logan Emlet 69, E. F. Gambill 70 and T. J. Arrowood 72. Bill Mee and Nelson Tibbatts tied at 39 for low first nine holes.

Wallace Wins Third Division

The Third Division was com-

ANOTHER Y-12 GOLFER SCORES HOLE-IN-ONE

Golf is known as a game of Scotch origin—and Y-12ers of late seem to have become most economical in shots required to hole out on No. 3 at the Oak Ridge Golf and Country Club—as the second hole-in-one on that location in one week's time was scored by a Y-12 divot digger.

The latest Dodo Club member is O. E. Gilcrease, of Electrical Engineering, who just took up golf last summer. He was playing in a foursome composed of John Boyd and J. P. Smith, also Y-12ers, and Lee Thompson, of the Atomic Energy Commission.

The other Y-12er who accomplished golf's greatest rarity was Charley Peterson, who stroked just once to hole out one week before Gilcrease duplicated the feat.

posed of entrants with handicaps of from 22 through 36, and low scratch went to R. P. Wallace with 95. L. R. Loveless and J. P. Mcmillan tied at 101 for second. George Everitt took handicap honors with 70 and three players, M. Sanders, O. E. Gilcrease and E. S. Henck deadlocked 71 for second. For the first nine holes K. D. Cook was first at 43 and C. V. Redding second at 47.

Bob Orrison took the hole-in-one contest by shooting to within four feet, six inches of the cup. Saylor was second at seven feet, five inches and Wallace third at seven feet, 11 inches.

Rides Wanted, Offered

Riders wanted to join car pool from South Knoxville or West Haven to any portal, straight day. L. G. Cotter, plant phone 7904.

Ride wanted or will join car pool from North Central Ave., Knoxville, to Central Portal. J. R. Johns, plant phone 7573, home phone 2-7442, Knoxville.

Ride wanted or will join car pool from North Knoxville or Fountain City area to West Portal, H Shift. J. U. Drummer, plant phone 7003, home phone 5-0611, Knoxville.

Riders wanted from Sweetwater or points between to West Portal, H Shift. L. D. Best, plant phone 7749, home phone 5909, Sweetwater.

Ride wanted from Knoxville to any portal, D Shift. B. B. Clark, plant phone 7-8485, home phone 5-7441, Knoxville.

Bumpers Capture Classic Round

Will Meet Playboys, Rippers For Crown

The Bumpers won the third and final round of play in the Classic League of Y-12 Plant bowlers last Thursday night going away, bopping the second place Screwballs for a four-point whitewash victory. The triumph by the Bumpers places that team into a three-team roll off Thursday night of this week against the Playboys, winners of the second round; and the Rippers, on top at the end of the first session. Never in the history of this evenly matched league has any one team won more than one round of play in any one season.

In other final matches for the season last week the Rippers, Rebels, Has Beens and Cubs all turned in whitewash wins with the Wasps, Wolves, All Stars and Swingsters being the victims. The Tigers and Screwballs rolled to a deadlock.

E. B. Galloway, Bumpers, had the best single game scores with a 227 scratch and 257 handicap. Roy Roberts' 573 scratch series was tops for his Has Beens and for the night of bowling as was Charley Green's 662 handicap series, rolling for the Cubs. The Bumpers had the leading team series scores with 2479 scratch and 2902 handicap. The best team games were a scratch 835 by the Rippers and a 999 handicap by the Has Beens.

League standing at the end of the third round of play follows:

Team	W	L
Bumpers	34	10
Screwballs	29½	14½
Rippers	27	17
Has Beens	25	19
Rebels	22	22
Swingsters	20½	23½
Tigers	20	24
Playboys	20	24
Cubs	19	25
Wasps	17	27
Wolves	16	28
All Stars	14	30

Wives Of Y-12ers Escort Cub Scouts On 'Ham' Visit

An Oak Ridge Den of Cub Scouts with wives of two Y-12ers as den mothers were shown the operation of an amateur "ham" radio station recently when Paul Bates, 155 Hamilton Circle, was host to youngsters of Den 3, Pack 3225. The den mothers were Mrs. Leroy Eggert, whose husband is in Production Analysis; and Mrs. Clemmon Radford, wife of C. H. Radford, A Mechanical Operations. The seven Cub Scouts making the visit included Jimmy Charles, David Epps, Ray Harness, David Hopkins, Dennis Eggert, Bobby Nicholson and Kenneth Radford. All of them talked over the Bates equipment to another operator.

ANOTHER POTENTIAL WINNER In the Y-12 Annual Fishing Contest is this whopper of a largemouth bass entered by Charles A. Stout, Jr., Colex Operations, who caught the lunker in Watts Bar Lake, using a spoon.

Two Golf Loops Open Play On May 6

With opening of play next Monday, May 6, in Y-12 Plant Golf League at the Whittle Springs course in Knoxville and Cedar Hill at Martel for Lenoir City players, all Y-12 golf circuits will be in operation. The Knoxville league had nine teams ready to go last week while four teams were signed for the Lenoir City loop.

League play at Harriman and Oak Ridge already is under way to make four loops in operation for plant golfers at courses convenient to their homes.

Pin Cats Triumph For Runners-Up

The Pin Cats eked out a slim victory over the Units in a roll-off for second place in the Mixed League of men and women bowlers last week. The victors grabbed off a 2281 to 2222 triumph in handicap series scores. The Pin Cats finished in the runner-up position at the end of the second half of the season while the Units occupied the same position when the first half was completed.

Thomson-Dehoney Lead Ridge Loop

Jack Thomson and R. Dehoney took the lead in the Y-12 Golf League at Oak Ridge last week by blanking Jay Holzkecht and Pad-dy Peckman for six points. George Mitchel and Nelson Tibbatts took five from Karl Kahley and O. E. Gilcrease and John Boyd and George Oliphant grabbed a win from Rudy Pletz and Roy Roberts by the same score to tie for second place.

League standing follows:

Team	W	L
Thomson-Dehoney	6	0
Mitchell-Tibbatts	5	1
Boyd-Oliphant	5	1
Bartholomew-Smith	4½	1½
McLendon-Underwood	3	3
Stroud-Tiller	3	3
Emlet-Hines	3	3
Orrison-Harris	3	3
Speas-Cabe	3	3
Peterson-Brown	3	3
Ratjen-Snyder	1½	4½
Gilcrease-Kahley	1	5
Pletz-Roberts	1	5
Holzkecht-Peckman	0	6

First Half Of Y-12 Softball Loop Season Slated To Start At Pinewood This Week

Opening Round Of Split Schedule Ends May 14; Some Morning Games Set For Shift Employees

With another promising season seen for the sport, the Y-12 Plant Softball League was slated to roll into action on Monday night of this week with a double-header at Pinewood Park, where all league games are scheduled for 1957. Nine teams reported themselves ready to go at the opening of the first half of a split season that will end on May 14.

The honor of opening the season went to the Screwballs and Rebels, slated for the opening game on Monday. The second game was to be played between the C Hawks and Wildcats.

Schedule drawing for the league this season presented a complicated task for the Recreation Department as all of the nine teams have different working schedules, with the A, B, C, D, H, R and Evening Shifts being represented to only one straight day scheduled team. To accommodate the shift players, some games will be played at 10 a.m., but most tilts will be at 6:30 and 8 p.m. Copies of the schedule for the first half of the season have been distributed to all managers.

The schedule for games through next Wednesday, May 8, follows:

- WEDNESDAY, MAY 1**
 10 a.m., D Shift vs Early Birds.
 6:30 p.m., Reactors vs Screwballs.
 8 p.m., Wildcats vs Rebels.
- THURSDAY, MAY 2**
 6:30 p.m., B Bombers vs C Hawks.
 8 p.m., Reactors vs Rebels.
- MONDAY, MAY 6**
 6:30 p.m., Cubs vs B Bombers.
 8 p.m., C Hawks vs Cubs.
- TUESDAY, MAY 7**
 10 a.m., Rebels vs Early Birds.
 6:30 p.m., Cubs vs Screwballs.
- WEDNESDAY, MAY 8**
 6:30 p.m., B Bombers vs D Shift.
 8 p.m., Reactors vs C Hawks.

Archery League Gets Good Start

Boasting some unique names for its teams, the Y-12 Archery League has gotten away to a good start with five teams competing.

The League fires at 6 o'clock every Tuesday afternoon at the Oak Ridge Sportsmen's Association archery range. Any and all Y-12ers interested in the ancient sport made famous by Robin Hood are cordially invited to come out for the weekly sessions. Help will be given novices by league members experienced in the sport. Or applicants for membership may communicate with the Recreation Department, Room 226, Bldg. 9704-2, plant phone 7751.

The league standing at the end of firing last week follows:

Team	Points Won
Broken Nochs	9
Split Stumps	8
Quivers	2
Apaches	1
Long Bows	1

Good housekeeping not only is pleasing to the eye, but it is a safety plus as well. Tripping over litter and loose objects on the floor causes many falls.

Do Littles Repulse Bid Of Alley Cats

The Do Littles repulsed the onslaught of the Alley Cats in Y-12 Evening Shift Bowling League activities by taking a three-point victory and extend their loop lead. Four-point whitewash wins were posted by the Gutter Ballers over the Sure Shots and the Hot Shots over the King Pins.

Bullard, of the Hot Shots, took most individual scoring honors with a 236 handicap game, 495 scratch series and 654 handicap series. Meadows, Sure Shots, had the best scratch game of 184. In team scoring the Hot Shots posted a 779 scratch and 1034 handicap game and tied with the Gutter Ballers for handicap series with 2918. The Gutter Ballers rolled a 2216 scratch series for best of the night.

League standing follows:

Team	W	L
Do Littles	39	17
Alley Cats	35	21
Hot Shots	26	30
Gutter Ballers	26	30
Sure Shots	25	31
King Pins	17	39

Tennis Inquiries Now Being Received

With the advent of springlike weather last week, several inquiries were received by the Recreation Department on its announcement in The Bulletin that plans were being laid for tennis competition to open in the near future.

A ladder contest for both men and women netters of the plant will be staged again this summer in both doubles and singles, if sufficient players respond to the call for participants. Tennis players in Y-12 interested in seeing action are urged to communicate with the Recreation Department, Room 226, Bldg. 9704-2, plant phone 7751; Frank Ballenger, plant phone 7308; or Bill Hackett, plant phone 7-8641.

Anglers Of A Shift Set Rodeo On May 7

Another big shift fishing rodeo—for Y-12ers on the A Shift—will be held next Tuesday, May 7, and based at the Andersonville Boat Dock on Norris Lake. The A Shift anglers and other Y-12ers who want to take part will begin operations at midnight and continue until 6 p.m. for an all-day affair. Eight big prizes are to be presented winners in several classifications.

Williamson Award Is Tribute To Lane

Continued from Page 1

an industrial relations program for privately operated and government-owned plants in the field of union relations. His initiation and administration of programs have reduced labor turnover, improved safety records, promoted interesting and well-patronized employee activities, improved employee communications and encouraged supervisory training and managerial development on the part of supervision and technical employees.

A native of Boston, he attended Massachusetts State University and for 17 years was in research, production and industrial relations management work with Lever Brothers. He served as a consultant in conversion of plants for war production in World War II.

Since coming to Oak Ridge, Tom Lane has taken a leading part in many community activities. He is president of the Bank of Oak Ridge and a national representative of the Great Smoky Mountain Council of the Boy Scouts. He was on the executive committee of the TIPC in 1948, was vice chairman of the 1951 conference and chairman in 1952. He also is a member of the American Management Association and is vice president of the Tri-State Association for Cripples, Inc.

James House Williamson, for whom the TIPC award is named, joined the University of Tennessee faculty in 1937 and during World War II he administered the Engineering Science and Management War Training Program in all states west of the Mississippi River. From 1944 to 1945 he coordinated the educational activities of the War Manpower Commission in Tennessee.

After the war, he returned to the University and joined the Tennessee Division of University Extension. In this capacity extension centers were established in Oak Ridge and many other points in the state to extend the adult education program of the university to many areas. He was a native of Gallatin, Tenn.

The TIPC was organized in 1937 and the Nashville meeting was the 20th anniversary session. The 1956 and first award of the John House Williamson Award was made to Edwin R. Stevens, Industrial Relations Superintendent, Buckeye Cellulose Corporation, a division of Proctor and Gamble Corporation, at Memphis.

AEC Offices Now Observing Daylight Saving Time Hours

Observance of daylight saving time in several parts of the country this week will not affect Union Carbide Nuclear Company employees in Oak Ridge, but personnel of the Atomic Energy Commission have started working different hours to more nearly coincide with other AEC offices on daylight saving time.

The new working hours for AEC employees in the main administration building, the city administration building and other commission buildings in Oak Ridge are 7:45 a.m. to 4:30 p.m. The former hours were from 8:15 a.m. to 5 p.m.

A CHANGE IN SUBJECTS is shown in these prize-winning pictures in the Weekly Y-12 Photographic Contest for the week ending April 19. First place went to J. H. Stewart, Production Analysis, with his snapshot picture of an Army Engineer Company communications man in action at top. Floyd Downs, Jr., Industrial Engineering, took second place with his picture, "I've Been Working On The Railroad," shown at bottom. Pictures for the contest for the week ending April 26 were not received from the judges by The Bulletin in time for publication this week.

Three UCC Men Elected To Be Vice Presidents

Continued from Page 1

in 1953, President. He was also was appointed President of Haynes Stellite Company in 1954. He was graduated from Davidson College, Davidson, N. C., with the degree of Bachelor of Science in Chemistry in 1920.

Mason joined Union Carbide in the Research Department of Union Carbide Chemicals Company, South Charleston, W. Va., in 1932. He held various positions at the South Charleston plant and for two years was Assistant Superintendent of the Louisville, Ky., plant. He came to New York and, in 1952, became Manager of Industrial Relations for the Corporation. He holds the positions of Secretary of the Corporation and President of one of its Divisions, Union Carbide Development Company. Mason was graduated from Cornell University in 1931 as a Chemical Engineer.

Suydam joined Union Carbide in 1916 as a salesman for Union Carbide Sales Company in New York. He remained with that Company until 1928 when he was made Manager of the Southwestern Region of Linde Company, a Division of Union Carbide, with offices in Kansas City. In 1929 he returned to New York. He became Vice-President of Linde in 1942 and President in 1955.

CHOICE VIANDS LISTED ON SPECIAL LUNCHES

Choice viands will be served as entrees on the 50-cent Special Lunch to be served tomorrow, Thursday, May 2, and next Tuesday, May 8, at the Y-12 Cafeteria. Ham hock and cabbage will be served as the main dish tomorrow, while next Tuesday the entree will be Italian spaghetti with meat sauce.

... Greetings to Paul Melton, temporarily on loan to the department.

MECHANICAL OPERATIONS

Recent A Mechanical Operations vacationers were J. C. Berry in Knoxville and Joe Loggins at Perymore Hill. John Reece is back from vacationing in Oak Ridge and St. Louis. Condolences are extended R. S. Philippi, whose father, John, died recently. Also to W. R. Templin, whose son was tragically drowned several days ago.

W. L. Blackford, B Mechanical Operations, attended an Easter family reunion at Southside, Tenn. W. R. Coats is catching up on his painting this week. Those Koons—Mavis, of this department, and hubby Elmore, Mechanical, really do get around—back from an Easter trip to St. Louis, they are vacationing this week in Louisville, Ky., attending a bowling tournament and perhaps the Derby come Saturday. Lyman C. Hale is the latest member of the departmental Grandfather's Club. Get well wishes to C. L. Wright at home and C. H. Turner in Baptist Hospital, Knoxville.

C Mechanical Operations reports that the Kirby Dukes and the Tom Sheltons recently week-ended with relatives in Alabama. C. A. Slaughter is said to have improved on his fishing to quit catching snakes—and hooking 22 crappie a few days back. Roy Monger is improving the shining vacation hours by building a fence around his yard. W. W. Ballard is back after an enjoyable family vacation to Florida.

There'll be the Dickens to pay if this F Mechanical report doesn't see daylight. M. F. Hazelwood finally finished his well and now is catching up on his fishing. According to reliable (?) information Bob Burns is using hair from his son's pet goat to make fishing flies. However, it is not known whether A. B. Anderson used a goat lure to catch his three-pound, 18-inch-long large-mouth bass. Nor A. W. Teague, catching a lot of fish around Rockwood. P. A. Fritts is building a new home while vacationing? Sympathy is extended C. H. Edwards, whose uncle died recently.

Fishing vacations again feature the General Machine Shop report of the week. Away this week on angling expeditions are L. P. Vines, S. L. Hill, Charley Viar and C. C. Chamberlain, the latter announcing his battleground would be Douglas and Norris with a lowered line. Home working vacationers include W. O. Thompson at Clinton, J. H. Byrd and E. C. Croley in Oak Ridge. K. C. Murphy is in Knoxville. Janice Gore spent Easter in Kings Mountain, N. C., where she attended the wedding of a cousin. O. K. Sergeant had his daughter, Barbara, home for the Easter holidays from the University of Kentucky. Last week's reter-uppers were B. H. Hobby in Atlanta and J. H. Patrick in Knoxville. Condolences are extended W. E. Chadwick, whose brother died recently in Knoxville.

INDUSTRIAL RELATIONS

The Guard Department is sending get well wishes to a pair of Boys In Gray—J. B. Quinn with a liver ailment and hospitalized and B. F. Robbinette, recovering in Sweetwater Hospital from injuries caused when a log fell on his leg. Floyd Shook, Safety, has scratched THAT PONY from the Kaintuck Derby—now is grooming the leetle feller to grow up and pull a sulky for his granddaughter, Krista Dean. And that's all on horsy matters for a few weeks.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

The Steam Plant whistle tooted last week to congratulate R. G. Bailey, celebrating the birth of his first child, a six-pound, eight-

POLISHING UP ON HER VOICE DELIVERY is Mary Cusman, Chemical Process, at a recent meeting of the Dale Carnegie Alumni Club of Oak Ridge. Mechanical Operations Division Supt. Jack Case, extreme right, as presiding over the recording machine and playbacks later for club members to study their own and other voices. Other Y-12 members of the club looking on are, from left, Roger Cloyd, Development Operations; Chester Estes, D Mechanical Operations; Bill Hackett, Mechanical Inspection; Paul Petretzky, Chemical; C. A. Rinderer, Mechanical Operations Division; and Guy Wells, Production Analysis.

ounce son born April 22. K. E. Nuchols is planning a little fishing this week. A. H. Norman did some exterior decorating—painting, he says, while off last week.

General Utilities extends condolences to A. J. Edwards, whose brother died recently. C. A. Cox has joined the Grandfather's Club as Grandpa, Junior Grade, on reporting a seven-pound, one-ounce granddaughter, Shelia Kay. W. S. Everett chased his Easter Bunny Rabbits in Middle Tennessee. L. R. Bailey did some recent fishing around Oak Ridge and 'tis reported everybody in the family caught one except him. N. B. Foust is just taking it easy at home this week.

ALLOY

D. W. Davis, Alpha Five, is resting over at White Top Mountain, Va. C. E. Wuest vacationed last week to get acquainted with his new son born April 21—more vital statistics next week. Rapid recovery wishes are sent C. C. Dinkins, on the sick roster.

C. D. Harmon, Alpha Four, is the Proud Pop of a new son, Charles Theodore, born April 12. Billy Kerr is welcomed back after a bout with the flu. My, oh my, how word gets around—just after writing about that F Mechanical Operations chap with his goat's hair fishing bait—here comes word that J. T. Waters is showing J. B. Shepherd how to catch fish in Kentucky Lake using similar bait. The vacation list goes something like this—Winfred Ray visiting in-laws, Roy Wilson remodeling his barn and Guy Smith taking it easy around home caring for his new little gal. Sympathy is extended J. K. Haynes, whose grandmother died recently.

FINANCE AND MATERIALS

That Good Friday holiday delayed arrival of dispatches from Tabulation Service and SS Control—so here's trying to bring those reports up to date.

Tabulation Service had Mildred Kasten visiting her parents in Jackson, Mo., on the Easter week end. At the same time visits were made by Regina Camp to kin folks in Detroit. Virginia Swanner went to see her father in Athens, Ala. Bettie Martin looked in on her sister in Cleveland, Ohio. Elizabeth Wilson took her mother to see friends over in West Jefferson, N. C. Virgil Martin and his wife, Polly, visited relatives in Naperville, Ill. Geneva Gearing and her husband, Paul, saw kin folks in Monongahela, Pa.

C. L. Pigott, of SS Control, and his mother sojourned to Central Illinois for the Easter holidays. The department and many other friends of Ruby O'Kain wish her the very best in her approaching career of motherhood—pals hope another fine athlete will join the family. Easter holidays were spent by Bertha Crowder with relatives in Russellville, Ky. W. E. Belvin and family went to

Chattanooga. Charley Gillihan went to see his parents in Whitehouse, Tenn. Virginia Williams and family were with her parents in Charlotte, Tenn. John Lay, Jr., and family visited his parents at Oneida. Madeline Franklin and son saw her parents in Morgantown, N. C. Edward Owings and family went to Birmingham to visit her parents. Joe Beaver jaunted to Jellico to see kin folks. Doris Mangum picked Raleigh, N. C., for vacationing purposes. Asa Tarwater took in Oceana, Va., and in between points of interest. Katie Williams utilized her new houseboat on Norris Lake for her vacation. A. K. "Councilman" Bissell had his daughter, Jane, home from East Tennessee State College at Johnson City for the egg hunting exercises.

Quality Control rolled out the welcome mat a few days ago for newcomer Barbara Rogers.

So let's close out for the time being by hoping F. & M. Division Superintendent Ed Ellis has sufficiently recovered from surgery at Harriman Hospital last week to drop in to say "Hi Boy" again soon.

Research Services Rids Fire Hazards

Continued from Page 1

hazards are avoided. The shed project was designed and built by members of the Research Services Department with General Foreman W. R. Carver directing the work with coordination from representatives of the Fire and Safety Departments. The shed has a capacity of six drums of fluid, with the average of four being placed at one time. The shed has been in use for only a few weeks.

Y-12ers Extend Sympathy To Carl Oody Survivors

Many Y-12 fellow employees and friends of Carl Oody, 46, who died Monday, April 22, at Oak Ridge Hospital, attended his funeral services Thursday, April 25, at the Calvary Baptist Church, Oak Ridge, to extend their deepest sympathy to survivors. Following the services at 2 p.m., conducted by the Rev. Ray Buchanan and the Rev. Milford Ely, interment was in the Solway Methodist Cemetery. The former Y-12er was a rigger foreman in the Buildings and Grounds Department and had been employed on August 20, 1950.

Survivors include his widow, Mrs. Mary Oody; a son, Jimmy, of Knoxville; three daughters, Mrs. Arthur Hall, Milwaukee, Wis.; Willie Ruth and Betty, Knoxville; his mother, Mrs. Dela Ault; a sister, Mrs. King Black, and several half-sisters and half-brothers. The former Y-12er was born in Sweetwater, Tenn., June 3, 1911.
