

THE Y-12 PLANT TRAFFIC SAFETY COMMITTEE, composed of Troy Trotter, Maintenance; Lee Bagwell, Safety; and C. D. Susano, Oak Ridge National Laboratory; is shown in the picture at left from left looking over a parking situation that is to be improved in the near future. At present

there is on-street parking that is to be moved to off-the-street so that the area will appear as in the picture at right where parking has been eliminated, a pedestrian lane established and a "slow" warning sign painted for vehicular traffic.

UCNC To Receive Highest Civilian Reserve Award

Support Of Activities By Company Is Cited By Secretary Wilson

"Appreciation of the Department of Defense" of the United States for support of armed forces military reserve activities will be given Union Carbide Nuclear in ceremonies at 11 o'clock Thursday, June 20, according to word received by Clark E. Center, UCNC Vice President, in a letter from Secretary of Defense Charles E. Wilson.

Clark Center Will Accept

The Company at that time will receive the Department of Defense Reserve Award, the highest reserve award to a civilian organization. The award consists of a certificate and a pennant and will be accepted by Vice President Center in a ceremony in the auditorium of the Oak Ridge National Laboratory.

The presentation will be made by a general officer to be designated by headquarters of the 14th Air Force at Warner Robins Air Force Base, Macon, Ga.

The official citation that will accompany the award certificate reads:

"Union Carbide Nuclear Company, Oak Ridge, Tenn., is cited for outstanding cooperation with reservists and reserve activities. This company has encouraged its employees to participate in reserve activities by granting leaves with pay for annual reserve tours of duty, reimbursing the difference between civilian and military pay; allowing reservists the use of meeting rooms, bulletin boards and equipment; sponsoring favorable publicity in the company newspapers for reservists and reserve activities; and providing facilities for personnel for conducting an annual reserve two-week seminar in nuclear activities. This award is presented as tangible evidence of the appreciation of the Department of Defense. Charles E. Wilson, Secretary of Defense."

Must Originate With Employees

According to Lt. Col. Joseph H. Friedman, Knoxville Air Reserve Center commander, the award to UCNC is the first such award to an industrial organization in Tennessee. He also said that recommendation for the high honor must originate with reservists employed by a civilian organization and concurred in by immediate commanders of all reserve units in the locality before being submitted to the Department of Defense for final action.

The recommendation for the award to UCNC was initiated by Lieut. Col. Wilton R. Osborne, commander of the 9964th Air Reserve Squadron, of Oak Ridge. He is with the Oak Ridge National Laboratory and stationed in the Y-12 Plant Area. His squadron has about 100 members and is the largest of seven in East Tennessee. Of this number of men, about 30 are UCNC employees, Colonel Osborne declared.

HOMES BEING ELECTRIFIED

Three out of four American homes have electric toasters, more than 90 per cent have electric irons, 60 per cent have vacuum cleaners and 80 per cent have electric washing machines.

Safe Vacations Fun; Be Sure To Be Careful

'Common Sense' Action Helps Thwart Hazards

Going somewhere on your vacation?

Well—take it easy, have a good time—and to do this be sure and be careful.

Vacations can be full of fun—and restful. However, many hazards lurk among the varied activities usually indulged in by vacationers—and it will pay to keep an eye open for them and avoid accidents and discomforts.

It's really easy to keep on the safe side in such typical vacation activities as boating, swimming, fishing, motoring and other sports. **Be Sure Boats Are Safe**

For instance—many Y-12ers will be doing more or less boating on their vacations; either while fishing or just paddling around pleasure bent. Before venturing out in any kind of a boat be sure the craft is structurally sound and if a powered boat, check the motor for possible defects and also for its operating efficiency. It isn't fun to have to row back—or to be left at the mercy of a storm without a motor.

Don't be a "hot rodder" on any body of water. It's not only against the law—but extremely discourteous to swish past swimmers, slower and smaller boats and otherwise "showing off." Operating a boat in a common-sense manner may save lives—maybe the pilot's own or his passengers—and there's no earthly use in endangering the lives of others.

Life Preservers Are "Must"

Also along this line—approved life preservers should be provided for every occupant of a boat—and they should be worn constantly while the boat is away from a dock or shore. Overloading a boat also is dangerous and weight limitations of every boat should be known before casting off. Then, too, standing in any boat is foolish and silly—many craft have been capsized by such antics.

Keep alert as to weather conditions—and be ready to make for a point of safety if a storm looms.

Perhaps swimming may attract boating party members—or others who want to take a dip in a refreshing lake, ocean, river—or just

Health Physics To Hear Angele Talk On Water Safety

G. J. Angele, of the Y-12 General Utilities Department and past commander of the Oak Ridge Power Squadron, will speak on water safety at the monthly safety meeting of the Health Physics Department today, Wednesday, June 5. Angele is educational officer of the ORPS, a unit of the United States Power Squadron, which believes that proper water safety can be achieved through education rather than legislation. This principle also is recommended by a committee appointed by Congress to see what can be done to lower the increased number of drownings that have occurred through faulty operation of pleasure boats.

Remedial Reading Classes To Be Formed By AEP

The Oak Ridge Adult Education Program will sponsor three classes in remedial reading for high school, junior high school and elementary school levels beginning on Monday, June 10. Miss Ruth Cates Baird, reading specialist at Oak Ridge High School, will conduct these classes as well as one for adults, which will begin on Tuesday, June 11.

All classes will run for eight weeks, and parents and adults interested in the instruction may obtain complete information from A. C. Keller, Jr., director of the Adult Education Program, Oak Ridge High School, telephone 5-6316.

UCNC Surplus Property Sales Are Set June 8, 22

Surplus property and material sales by the Union Carbide Nuclear Company Property Sales Department will be held on June 8 and June 22 at the Company warehouse on River Road near the Elza Gate. The sale hours will be from 8 a.m. to 4 p.m.

Various items of surplus are offered at the sales, which are open to the public.

Next Camera Club Meeting On June 11

Lecture, Color Slide Competition Slated

A Photographic Society of America recorded lecture with slide illustrations and a color slide competition will feature the next meeting of the Carbide Camera Club next Tuesday night, June 11. The meeting will be at 7:30 o'clock in the club headquarters in the Y-12 East Portal building.

The recorded lecture is entitled "The Charm of Minute Creatures" and features the commentary and photographs of Alfred Renfro, of the PSA. The brilliant color slides illustrating the lecture will appeal both to nature enthusiasts and pictorialists.

Subject of the color slide competition will be "people."

According to Morrison Jackson, president of the club and an Oak Ridge National Laboratory employee in the Y-12 Area, the organization now has a membership of about 60. Interest of Y-12 amateur photographic enthusiasts is rapidly growing in the club, with the plant membership steadily increasing. All Y-12ers interested in photography are urged to attend the meeting next Tuesday and to inquire into the facilities and service offered by the club.

Mechanical Engineers Set Smoker Meeting Tonight

The Oak Ridge Group of the East Tennessee Section of the American Society of Mechanical Engineers will hold a smoker tonight, Wednesday, June 5, in the Acorn Room of the Oak Terrace. A short business meeting will be followed by a movie of interest to all engineers.

One purpose of the meeting will be to introduce recent graduates and other engineers who are not now members of the ASME to the objectives of the organization. All Y-12 members of the group and other engineers interested are urged to attend. Anyone wishing further information is asked to call Frank Zapp, Y-12 plant phone 7577.

POPULAR JUNE DISHES ON SPECIAL LUNCHES

Popular June dishes will be served as entrees on the 50-cent Special Lunches at the Y-12 Cafeteria tomorrow, Thursday, June 6, and next Tuesday, June 11. For tomorrow, the main dish will be creamed chipped beef on toast while next Tuesday barbecued frankfurters will be served. The Special Lunches also include one vegetable, choice of salad or dessert and rolls and butter.

THE TRAFFIC SAFETY committee, Trotter with back to camera; Bagwell in white shirt and Susano watch pedestrian traffic cross First Street at the Cafeteria, one of the busiest crossings in the Y-12 Plant. They note that the pedestrians took a "short cut" instead of following the sidewalk provided on the far side of the street, to approach the lane designated in the background.

B And D Shifts Will Hold Outings For Their Folks

The outing and picnic season for Y-12ers on shift schedules will get underway this week and next with both the B Shift and D Shift scheduling such events for employees on those shifts and members of their families.

B Shift folks will hold a wiener roast and family picnic tomorrow afternoon, Thursday, June 6, at Concord Park, with activities beginning at 3:30 p.m. Each family will bring its own wieners and foodstuffs and soft drinks. A water ski exhibition will be featured on Ft. Loudoun Lake. On next Thursday, June 13, D Shift personnel will hold an all-day picnic at Big Ridge Park. These families also will bring their own food, with drinks to be furnished free by the Shift Recreation Committee. During the day drawings will be held for an electric skillet and a Coleman lantern.

Two Y-12 Women Initiated Into Secretaries Chapter

Two Y-12 women employees were initiated into the Oak Ridge Chapter of the National Secretaries Association at a dinner meeting Thursday, May 23. They were Joanna Rowan, G Mechanical Operations, and Geneva Carter, Mechanical Operations Division. Miss Annalynn Estes, of the K-25 Plant, was installed as president of the chapter at the meeting, succeeding Miss LaWanda Estes, of Oak Ridge National Laboratory.

Miss Oreltha Hope Moore

MOORE—FORRESTER

The engagement of Miss Oreltha Hope Moore to Don D. Forrester, of the Y-12 Stores Department, has been announced by parents of the bride-elect, Mr. and Mrs. Murray W. Moore, 344 West Outer Drive, Oak Ridge. The wedding is scheduled for 8 o'clock Friday night, July 19, at the Oak Ridge Community Church with the Rev. John E. Craven, pastor of the church, officiating.

The groom-elect is the son of Mr. and Mrs. Earl J. Forrester, 103 Plymouth Circle, Oak Ridge.

The bride will be given in marriage by her father and during the ceremony music will be presented by Mrs. John E. Craven, vocalist, and Mrs. T. L. Hart at the organ.

Miss Rita McNamee will be maid of honor and Miss Georgianne Walker will serve as bridesmaid. Other attendants to assist at a reception to follow the wedding at the Forrester home will be Miss Mildred Samphey, Miss Laura Gray, Mrs. J. T. Shum-pert and Mrs. T. M. Brooks, aunt of the bride-elect.

TWO EXCELLENT PICTURES won awards in the Y-12 Weekly Photographic Contest for the week ending May 31. At top is view of Ft. Loudoun Dam taken by R. E. Barringer, Development Operations, that won first prize. A Smoky Mountain view by Dave Alford, Beta Two, below, took second prize.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

Leslie K. Flynn, Buildings and Grounds, June 5.

Verna F. Peckman, Cafeteria, June 9.

Buford A. Walker, Electrical Maintenance, June 11.

John Holliman will serve as best man, and ushers will be Larry Forrester, brother of the groom-elect, and Murray W. Moore, Jr., brother of the bride-elect.

HARRIS—MCCOY

Harry Franklin Harris, of the Y-12 B Mechanical Operations Department, and Mrs. Harris, have announced the engagement and marriage scheduled for today, Wednesday, June 5, of their daughter, Miss Betty Ann Harris, to Robert L. McCoy, of Bluefield, W. Va. The groom graduated from the United States Military Academy, West Point, N. Y., on June 3 and the wedding was held in the West Point chapel. The couple honeymooned in Canada.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

C Shift Superintendent **Del Bender** and family are doing Daytona Beach . . . **Jean Granstaff** week ended at home in Dowelltown, Tenn.

J. C. Yarber, Utilities, is emerging from his Clinton home this week only for fishing expeditions . . . **R. D. Freels** will do some farming up around Sunbright . . . **C. K. Monday** is visiting a brother on Long Island, N. Y. . . **J. C. Sims** is improving his recently purchased home in Oak Ridge.

I. J. C. Maples, Steam Plant, is taking it easy at home in Clinton and **R. F. Farmer** the same in Oak Ridge.

INDUSTRIAL RELATIONS

The Guard Department's **M. N. Wilkerson** is doing a two-week stint of Naval Reserve Training down in Green Cove Springs, Fla. . . **Cap'n H. LeRoy Dickenson** is vacationing in Gatlinburg with his wife and daughter. Jean, and her husband, who is coming up from Atlanta—fishing anyone???

Having launched several summer recreational programs, Recreation Supervisor **Harlan Wright** and wife, **Mary Ann**, of Health Physics, are vacationing over in Jamestown, Tenn., and nearby fishing spots with a trip to see her father in Ft. Walton Beach contemplated.

Cafeteria Supervisor **George J. McNamee** is ailing again in Oak Ridge Hospital, where many friends are sending get well wishes . . . **Irene Bryan** had her mother from Rutherfordton, N. C., as a week-end guest.

Ann Hensley, Employment, is catching up on her house cleaning over at Concord this week.

CHEMICAL

Russ Smith, Product Processing, is back from a vacation in North Carolina, Virginia and Chattanooga . . . **Wilma West** had her mother as guest last week—the visitor coming from Virginia to see Wilma's daughter graduate from high school . . . **W. S. Wallace** and family spent Memorial Day on their farm near Chattanooga.

ALLOY

Hugh Griffin, Alpha Four, attended a walking horse sale at Lewisburg, Tenn., last week . . . **Tony Caputo** and his wife, Mary Jane, are dunking in Daytona Beach sunshine . . . **Mabel Tyer** flew to New York City . . . **Al Gillen** spent the past week in Oak Ridge playing golf and taking care of eight additions to his family—Siamese kittens . . . **Jerry Leiber-**

man is in his old homeland of Brooklyn, U. S. A., this week . . . **John Byrd** is at home with possible trips to the mountains . . . **John Chamblee** is seeking those big catfish in Mississippi . . . **K. C. Blankenship** went to Jackson, Mich. . . Folks are glad to see **Jean Vaughn** and **Joyce Powers** back after their recent illnesses and hope **P. D. Quinley** and **E. F. Swaney** will be back soon from the sick list . . . **Joyce** and her husband, **Bobby**, Beta Two, are off for a trip to Kentucky Lake and possibly Paducah . . . What a difference one letter makes—it was reported recently that newcomer **W. T. Browney** was from Tennessee Polytechnic Institute—but t'ain't so—he's from Virginia Polytechnic Institute, suh.

Alpha Five is congratulating **L. P. Long** on the birth of a son at Oak Ridge Hospital May 25, weighing eight pounds, six ounces—they named him Timothy Wane . . . Get well wishes go to **L. E. Taylor** . . . **J. H. Qualls** is over at Dale Hollow Dam fishing this week . . . Best wishes go along with **Sam L. Sullins**, who left last week to take over a new job at Huntsville, Ala.

FINANCE AND MATERIALS

Receiving sends get-well wishes to **A. V. Bible** . . . **Lloyd Kahler** is visiting in Ohio and Pennsylvania this week . . . **Bessie Penland** week ended in Highlands, N. C. . . **Jim Sloan** and **R. E. Watkins** are welcomed to the department.

The Cashier and Travel crew spread the welcome mat out last week for **Herbert Reynolds** and bid **T. A. Williams** best of luck in his new assignment . . . **Bonnie Reesor** is hoping to get a good tan this week in Miami.

Property reports **J. M. McMaster** vacationing in Jackson, Tenn.

Shirley Kirkwood is welcomed to Plant Records.

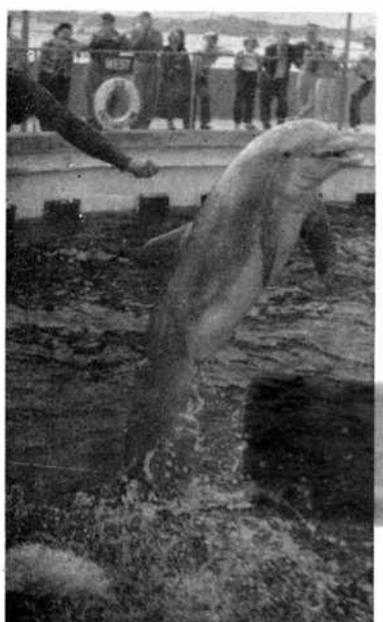

Joyce Ross, Mail Room, is in Panama City, Fla.

A warm welcome was extended a flock of newcomers in Reproduction last week—**Shirley J. Murray**, **Bobby N. Hill**, **C. E. Hughes** and **E. W. Cook** . . . **Paul V. Lindsay** is spending a couple of weeks at home in Lake City.

Engineering Records sends get-well wishes to **Violet Sanford**, on the ailing list . . . **Freddie Jeffers** is dividing vacation time between Nashville and Virginia . . . The department was glad to have **Helen Ross** over for a few days last week.

MECHANICAL

FINE DOOR PRIZES WERE AWARDED lucky winners at the annual Y-12 Spring Dance May 19 at the Oak Terrace, as shown above. In the picture at left, B Shift Superintendent Finley Creight, left, presents the first prize of a portable radio

to Buck Davis after Ada Hopkins, center, had drawn his number. From left in the center picture Mrs. Steve Pelizzari beams as her husband accepts the second prize of an electric skillet from Creigh as Mrs. Hopkins looks on from the right. At right,

Mrs. Tillie Carden, wife of a Y-12er, is given the third prize of a picnic basket by Creigh. About 300 guests enjoyed the dance, staged annually to provide entertainment for all Y-12ers. More pictures on Page Four.

Safe Vacations Can Be Fun; Just Be Careful

Continued from Page 1
 an ordinary swimming pool. Swimming is fine exercise and fun—but everyone intending to enjoy even just wading or dunking in any body of water should make a serious effort to learn how to swim before just jumping in. Of course, it is not wise to go swimming within a couple of hours after eating—as cramping can be caused that can be fatal if the victim is not seen and helped.

Be Sure Pools Are Full

No matter how expert they may be—swimmers should only swim in supervised areas and in company of others. Then, too, they should stay in waters where their own capabilities as swimmers can get them out of any trouble arising. Water areas also should be investigated carefully for hidden obstacles before diving or jumping. That even goes for swimming pools—as some foolhardy swimmers have been known to dive into an empty pool they "thought" was full of water but had been drained.

While on the subject of swimming—an almost certain companion activity is sun bathing. A healthy tan is fine—but a sun burn can be anything from most uncomfortable to even fatal, so physicians advise "take it easy."

Beware Of Sun Burn

Short periods of exposure—10 to 20 minutes at a time until the skin is tanned to resist actinic rays of the sun—are safest, with mid-morning or late afternoon hours recommended. At the seashore salt water drying on the skin adds to the burning property of the sun's rays.

There are many lotions and salves to ease pain of sun burn—most of them good—and quick application can stave off later misery. If the burn seems severe—don't hesitate to call a doctor.

Most vacationers nowadays proceed to and from their vacation site by automobile. Thousands of words have been written on highway safety, with probably the best advice being—

"Defensive Driving" Is Urged

Drive defensively—have your vehicle in safe operating condition and go on the principle that "the other fellows are all nuts." Of course, courtesy should be extended at all times—and, as some sloganeers say, "don't insist on your rites."

Somewhere previously, the phrase "common sense" was used.

If every Y-12er on vacation would use "common sense" and "think" before entering into any activity—they can be practically certain of coming back safe and sound, as well as enjoying every minute of that vacation.

Rides Wanted, Offered

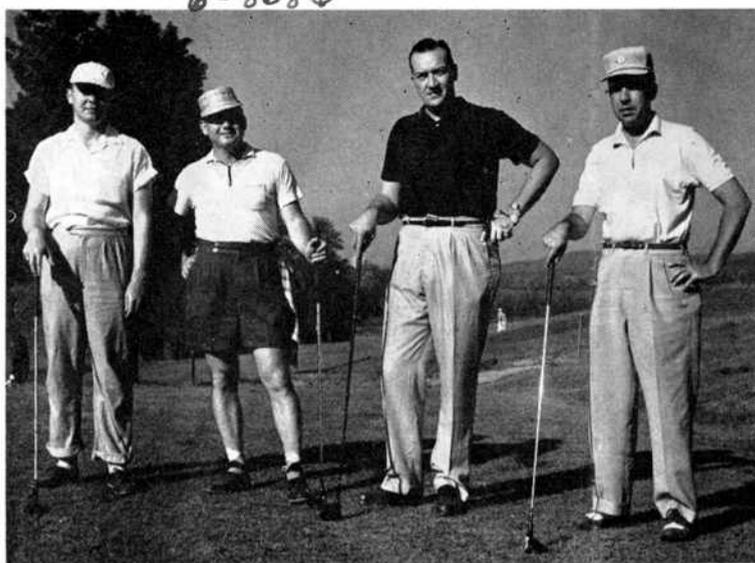

Two riders wanted or will join car pool from Oliver Springs to Central or North Portal, straight day. J. W. Jackson, plant phone 7396, home phone 6128, Oliver Springs.

Riders wanted from Riverside Drive, East Knoxville, to Central Portal, straight day. L. A. Harris, plant phone 7162, home phone 4-4284, Knoxville.

Ride wanted from 776 West Outer Drive to Central Portal, straight day. Milo Ward, plant phone 7360, home phone 5-5803, Oak Ridge.

Ride wanted from Midway between Clinton and Oak Ridge to West or Central Portal, prefer West, J. Shift. Louis Otten, plant phone 7074, home phone 1791-J, Clinton.

Week ends are the most dangerous time to be on U. S. highways. In 1956, more than 56 per cent of all fatalities occurred on Fridays, Saturdays and Sundays.

TWO TEAMS OF THE OAK RIDGE GOLF LEAGUE for Y-12ers are shown above. At extreme left and right is the pair of Jim Bartholomew and J. P. Smith, the latter being league secretary. In shorts is John Boyd beside his partner, George Oliphant.

NEW FISHING LICENSES TO BE SOLD FOR \$3

New Tennessee resident fishing and hunting licenses will become effective July 1 and sell for \$3, instead of the old price of \$2, it has been announced by Albert E. Hyder, director of the State Game and Fish Commission. They will be sent to sales agents in time for sale early this month. The new price and date of effect were voted by the 1957 Tennessee General Assembly. New licenses sold in June will be honored by conservation officers during this month, although they are not in date until July 1.

Next Tee Party Set At Ridge June 22

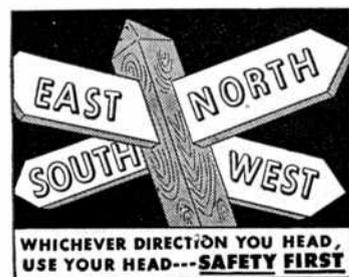

The third Y-12 golf tournament of the season will be held on Saturday morning, June 22, at the Oak Ridge Golf and Country Club. The green fee for the event will be \$3 and tee-off time has been set at 8 a.m. instead of 7 a.m. as was observed in the two earlier tournaments.

The same grouping of players by divisions according to handicaps as in previous events will prevail in the coming tournament. The prize distribution used in the Deane Hill tourney with 27 awards of various quantities of golf balls also will be used in the coming competition.

Burn Injuries End 20th UCC Safety Period In Y-12

The 20th Union Carbide Corporation Safety Period in the past 10 years and the second complete one of this year in the Y-12 Plant Area was ended Tuesday afternoon, May 28, when a mechanic in the Research Services Department suffered burns that forced him to be hospitalized. The 20th UCC Safety Period started on March 13 and lasted for 76 days with an estimated 2,340,326 hours of plant operations performed without a disabling injury. This injury was the fourth suffered by a Y-12er this year.

The Safety Department reported that the mechanic suffered temperature burns to the left side of his head after he had removed a valve from a liquid metals experimental loop. He will be hospitalized for several days.

Three Whitewash Wins Are Reported

The top two teams in the Oak Ridge Golf League for Y-12ers had not reported the outcome of their head-on clash by Friday so the one-two combines still are Bartholomew and Smith and Orrison and Harris. Three whitewash wins of six points were posted by Holzkecht-Peckman over Pletz-Roberts, Speas-Cabe over Boyd-Oliphant and Ratjen-Snyder over Thomson-Dehoney. Emlet-Hines took four from Gilcrease-Kahley, Mitchel-Tibbatts trimmed Stroud-Tiller and Peterson-Brown defeated McLendon-Underwood by the same score.

Low scratch and handicap scorers for the play last week were Logan Emlet 40-33, Arnold Tiller 38-34, Karl Kahley 42-34, John Snyder 44-35, J. G. Speas 42-36 and Jack McLendon 46-36.

League standing follows:

Team	W	L
Bartholomew-Smith	22 1/2	7 1/2
Orrison-Harris	22	8
Emlet-Hines	24	12
Stroud-Tiller	21	15
Mitchel-Tibbatts	20	16
Thomson-Dehoney	20	16
Holzkecht-Peckman	19	17
Speas-Cabe	18	18
Ratjen-Snyder	17 1/2	18 1/2
Boyd-Oliphant	16	20
Peterson-Brown	15	21
McLendon-Underwood	14	22
Pletz-Roberts	12	24
Gilcrease-Kahley	5	31

Y-12er Will Install Kingsport Squadron

With a Y-12er as installing official, a new unit of the United States Power Squadron will be chartered in Kingsport on Saturday, June 8. G. J. Angele, past commander of the Oak Ridge Power Squadron and with the Y-12 General Utilities Department, will present the charter to the Kingsport squadron. Among the charter members of the new body will be A. C. Crymble, remembered as head of the Y-12 Engineering Department several years ago.

The Kingsport Power Squadron members have pleasure craft on Watauga, Holston, Patrick Henry, Boone and Cherokee Lakes in East Tennessee.

Y-12 Pistoleers Open League Firing

The Marksmen team won both scratch and handicap scores from the Sharpshooters in the opening round of play in the Y-12 Pistol League last week, winning by 258 to 246 and 289.008 to 288.817. In the other match the Masters edged the Experts by 245 to 238 scratch and 293.037 to 291.735 handicap.

T. J. Bush, Marksmen, fired a 258 scratch for high gun of the night and J. V. Ledbetter, Masters, had a 293.037 for tops.

Bombers Win, Tie Reactors For Loop Lead

The B Bombers valuted to a deadlock for first place in the Y-12 Plant Softball League last week with a 6-to-3 win over the Wildcats and the previously unbeaten Reactors were nosed out by the Rebels to a 5-to-4 count. Although the Wildcats broke even for the week with a 16-to-3 triumph over the Screwballs, the Cats dropped to a tie for second with the rampaging Rebels. In the other tilt of the week the Cubs clobbered the Early Birds by 28 to 9.

Sise Hurls, Hits Well

The Rebel-Reactor clash was nip and tuck all the way, with the Rebs getting a 3-to-2 lead in the first round and holding on. Ed Sise gave the Reactors seven hits but whiffed nine and was tight in the clinches. The winners made top use of their six safeties and scored what proved to be the margin in the fifth. Cavasie banged a triple and double for the Reactors and Cheek a double and single, while Sise, in addition to his pitching, swatted a double and triple to aid his own cause.

Gib Hatmaker's homer with two on was a deciding blow for the B Bombers in beating the Wildcats. This game also was close until the Bombers broke it wide open in the sixth with four tallies. Monsey also homered for the Cats.

Monsey Pitches Two-Hitter

The Wildcats had it easy in beating the Screwballs in an abbreviated tilt. Wildcat hurler Monsey allowed but two hits, fanned 11 as his mates got 13 base hits, including a round-tripper by K. E. Thomas with two aboard to give him two for three along with W. Hatmaker and Thompson. Steele had two for two.

The Cubs tallied 13 runs in the fourth inning in their slaughter of the Early Birds. The parade was led by R. O. Taylor with a pair of homers and A. Smith with one. Other heavy hitters were Compton with four for four, Rhea with three for three and Fitzgerald with five out of six.

League standings and line scores follow:

LEAGUE STANDINGS

Team	W	L
Reactors	6	1
B Bombers	6	1
Wildcats	7	2
Rebels	7	2
Cubs	5	3
D Shift	2	5
Early Birds	1	6
Screwballs	2	7

SCORES BY INNINGS

Team	R	H	E
Reactors	201	000	1-4 7 1
Rebels	301	010	x-5 6 1
Batteries: Reactors, Chandler, Law and Wilburn. Rebels, Sise and Bowman.			
B Bombers	200	004	0-6 6 1
Wildcats	010	000	2-3 4 1
Batteries: B Bombers, Burnett and Beeler. Wildcats, Monsey and W. Hatmaker.			
Screwballs	002	10x	x-3 2 3
Wildcats	306	52x	x-16 13 2
Batteries: Screwballs, Spradlin, Lawson and Goodwin. Wildcats, Monsey and Osborne.			
Cubs	123	13	18-28 28 1

Batteries: Cubs, Grubb and Smith. Early Birds, Helms, Compton, Murph and Rhea.			

Ellis-Anclin Lead Harriman League

At the close of play for the week ending May 26, the Ellis-Anclin team in the Harriman Golf League for Union Carbide Nuclear employees was out in front with a mark of 10 1/2 points won and only 1 1/2 lost. The league includes several Y-12 golfers living in the Harriman, Rockwood and Kingston areas.

League standing as of May 26 follows:

Team	W	L
Ellis-Anclin	10 1/2	1 1/2
Martin-Isham	7	5
Kahley-Ruthven	6 1/2	5 1/2
Mackey-Hamill	5 1/2	10 1/2
Belvin-Hopkins	4 1/2	7 1/2
Cuneo-Thomas	3 1/2	9 1/2
McConkey-Raper	2 1/2	9 1/2

THIS FINE STRIPED BASS will be hard to beat in the Y-12 Annual Fishing Contest. It was hooked in Norris Lake by Aaron G. Harber, Collex Auxiliary Operations, using a spoon.

Two Combines Tied At Whittle Springs

The Emery-Perry team and the Sawyer-Loy combine each won two points in the Whittle Springs Golf League for Y-12ers to be deadlocked for the loop lead as the Kovach-Bremen outfit took a three-point defeat to topple from first to fourth place. Leach, Peterson, Hilton and Hackett tied at 33 for best nine-hole handicap score while Peterson's 38 was the low scratch score. In team scoring Sawyer-Loy posted 82 for scratch honors while Leach-Hilton had 66 for best in handicap.

League standings follows:

Team	W	L
Emery-Perry	4 1/2	1 1/2
Sawyer-Loy	4 1/2	1 1/2
Leach-Hilton	4	2
Cook-Troutman	3 1/2	2 1/2
Kovach-Bremen	3	3
Huskisson-Wilburn	2 1/2	3 1/2
Bowles-Hackett	2 1/2	3 1/2

Archery Loop Ends First Half Play

The Split Stumps team won first half of the season honors in the Y-12 Archery League in both scratch and handicap scoring with a record of 28 and 24. The first half of the schedule was fired on the old stationary range at the Oak Ridge Sportsmen's Association, but the second half activities will be on the new field course that is more varied in targets.

In the final week of the first half, top scores were by Roy Hardy with 166 scratch and 207 handicap.

Standings at the end of the first half of the season follow:

Team	Scr.	Hand.
Split Stumps	28	24
Broken Nochs	23	20
Apaches	16	12
Quivers	10	5
Long Bows	10	11

Lenoir City Loop Lead Is Deadlocked

The Gillihan brothers team jumped to a tie for first place in the Y-12 Plant Golf League at Lenoir City by handing a three-point licking to the Oxford-A. Collins duo, sharing the top rung with Wallace-Patterson, who beat Perry-Miller by the same margin. W. C. Collins-Watson took two points from Clabough-Henck and Davis-Arrowood defeated Thompson-Kinkaid by the same count.

M. G. Gillihan had the best scratch round for nine holes of 39 while Arrowood fired a 33 handicap for tops.

League standing follows:

Team	W	L
M. F. Gillihan-J. L. Gillihan	7	2
Wallace-Patterson	7	2
W. C. Collins-Watson	6	3
Davis-Arrowood	5	4
Thompson-Kinkaid	5	4
Clabough-Henck	3 1/2	5 1/2
Oxford-A. Collins	2 1/2	6 1/2
Perry-Miller	0	9

Bad driving conditions prevailed in less than 15 per cent of the fatal highway accidents in the U. S. in 1956.

Many Y-12 Friends Go To Boxley Funeral

Former Popular Y-12er Died Unexpectedly

With many Y-12 friends from all parts of the plant attending, funeral services for Richard G. "Dick" Boxley, 46, who died unexpectedly Tuesday, May 29, were held last Thursday, May 30, at the Martin Funeral Home, Oak Ridge. The Rev. Frank Porter, pastor of the Fountain City Methodist Church and former Oak Ridge minister, conducted the final rites for the popular former Y-12er and interment was in Sunset Cemetery, Clinton.

Dick Boxley's death came as a shock to his fellow employees in the Buildings and Grounds Department, where he was a general foreman. He had worked on the day before his death and became ill while returning home at 107 Ulysses Lane. He was taken to Oak Ridge Hospital that night and succumbed at 8:35 o'clock the next morning.

The former Y-12er came to work here on February 1, 1945, and previously had been with the Tennessee Valley Authority at Fontana, N. C. He was born in Orange, Va., January 23, 1911.

He is survived by his widow, Mrs. Alice Boxley; two daughters, Miss Dixie Boxley, Oak Ridge; and Mrs. Donald Cobb, with her soldier husband in Louisiana; and two sisters, Mrs. Senton Lynsley and Mrs. Gregg Lewis, both of Winchester, Ky.

Four Y-12ers who were close friends of the deceased were among the six pallbearers. They were J. Clyde Bowles, W. H. Rice, H. L. Dickenson and A. K. Bissell. The other two were M. E. Hann and R. H. Ray.

Daughters Of Y-12 Men Have Excellent Scholastic Records

Betty Jo Stone Josephine Salts

Two Y-12 dads, both in Research Services of the Maintenance Department, are mighty proud of accomplishments of their attractive daughters during the past school year. They are Allen E. Stone and Fred J. Salts.

Stone's daughter, Miss Betty Jo Stone, graduated from Lincoln Memorial University at Harrogate, Tenn., on Monday, June 3, with a B.A. Degree major in Spanish. She has been on the honor roll at LMU every quarter beginning in her freshman year. She graduated cum laude with a .379 grade point average and ranked twelfth in a class of 100.

Miss Josephine Salts, daughter of the other Y-12er, graduated from Oak Ridge High School last Friday, May 31. She also had an excellent scholastic record during her four years at ORHS.

JITTERBUG, BE-BOP AND OTHER DANCE STEPS were thoroughly enjoyed by the throng of about 300 guests at the annual Y-12 Spring Dance May 19 at the Oak Terrace, as is shown in these two pictures.

SS Law Disability Provisions Are Cited

Applications Before June 30 Are Required

Many disabled persons believed eligible under the new disability provisions of the social security law have not yet applied for their rights, according to Warren Maddox, district manager of the Knoxville social security office, 520 Broadway, Northwest. If anyone who has been disabled and has not worked for some time does not apply before June 30, they will lose eligibility for disability insurance benefits at the age of 50 and possible reduction in any benefits payable at retirement or to survivors in case of death.

Provisions Are Explained

Maddox explained that to be eligible under the disability provisions in the social security law, a person who files an application before June 30, 1957, must (a) be so severely disabled that he cannot do any substantial gainful work; (b) must have worked in five out of the previous 10 years before the disability began, and (c) must also have worked for one and one-half years out of the previous three years before that date. The work must have been in social security covered employment or self-employment.

The effect of the provision requiring application for disability rights by June 30 is that a person disabled before October, 1954, no longer will be able to have his social security record frozen or to receive disability payments at the age of 50 if he waits until after June to apply because he would not have met the work requirements.

Information Can Be Had

Any Y-12ers concerned with these social security provisions or knowing of other persons covered by the situation are urged to communicate with the Knoxville social security office at once for full information on their status.

were in Cincinnati last week . . . Bill Garland and his wife, Sally, vacationed in South Carolina.

Laboratory Operations welcomes Frances Carden back after a lengthy illness.

LaVaughn Heath brought back to Special Testing a gingerbread complexion from Daytona Beach . . . Earl Price and his wife, Rose, of Production Analysis, are believed acquiring a similar hue in the same location . . . V. C. Jackson is checking up on his Kansas wheat fields . . . Get-well wishes are extended Addie Lynch's son, Bobby, who recently underwent a tonsillectomy.

Special Projects extends greetings to Lucille Anfinson, who took over Marie Giangregorio's post when Marie was forced to resign because of the serious illness of her mother in Boston, Mass. . . Bobby Bagwell will be getting his cake and eating it, too, come Saturday, June 8 . . . Sam Rea is a busy gent—visiting his parents in Asheville, N. C., relatives in Newport, Tenn., and the trout in the Smokies.

Piping and Civil Engineering welcomes Henry C. Norris, Jr. . . Bill Hopkins is giving his Oak Ridge garden a workout . . . Engineering friends of Pat Howard,

WITH THESE THREE PRETTY TICKET SELLERS in action, no wonder the gate at the Oak Terrace was a popular place during the annual Y-12 Spring Dance. From left are Charley Gillihan, George Mitchel, Verna Peckman, Virginia Boswell, Joanna Rowan and Dan Fieno, a guest from Oak Ridge National Laboratory—all the rest are Y-12ers.

Get-well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

A. E. Allen, Raymond L. McKimney and Clyde H. Wade, Mechanical; George J. McNamee, Cafeteria; E. J. Panter, Research Services; Joseph W. Bridges, General Machine Shop; R. J. Strickland, Gus Craige, Fred M. Henry and P. L. Patrick, Buildings and Grounds; Paul D. Quinley, Alpha Four Cascade; C. J. Loveday, Electrical Maintenance; H. F. Atkins, Project Engineering; Cleveland Cannon, Janitors.

erations, and hubby, Elmore, Mechanical Department, met that old guy Looie in St. Looie Memorial Day . . . F. L. Teno, J. L. Devaney and L. V. Mowell were in Florida last week . . . T. C. Pack, C. M. Cheek and N. B. Bloomer were at home in Knoxville . . . S. J. Vaden picked Crossville for resting up . . . J. C. Kendrick went fishing.

General Machine Shoppers are vacationing all over the landscape—C. F. Blaha and C. M. McCarley are in Myrtle Beach, S. C. . . . Avis Collins went to Clearwater, Fla. . . B. J. Beck is trout fishing at Hickory, N. C. . . . Buck Hale shashayed up to Illinois, via Alabama . . . S. W. Lindsay is fishing on Norris Lake . . . U. M. Oxford and J. T. Creasman are in Oak Ridge . . . C. H. Drummond is visiting Atlanta . . . G. H. Blakely is taking two at home in Fountain City and fishing . . . Russell Hopper is—you know what—all week . . . Ray Ates was off last week at home in Kingston . . . R. E. McNew is a Proud Pop—again—a new baby girl arrived at St. Mary's Hospital, Knoxville, weighing eight pounds, four and one-half ounces and was named Melinda Sue—mother is a former Y-12er, Bobbie McNew . . . Condolences are extended W. C. Slagle, whose brother, Talmadge Slagle, died May 28 at New Market, Tenn. . . Also to George Carter, whose brother died in McMinnville, Tenn., May 23.

MECHANICAL OPERATIONS

C. B. Wilson, F Mechanical Operations, is recuperating from a losing battle with a power motor . . . H. W. Clear is visiting in Indiana and W. L. Jones is loafing around the old homestead . . . M. F. Hazelwood is back after a vacation at home and Milt Dickens was due back Monday after a week at Daytona Beach, where, it is hoped, he settled arguments about Chlorox salad dressing.

O. W. Breedlove, A Mechanical Operations, is the Proust Pop of a son born May 15—named Wayne August Breedlove . . . G. C. Lay is vacationing in Harriman . . . Get-well wishes to Fred Helegsen and J. H. Oldham.

Aspen Shop lads in A Mechanical Operations won't be seeing C. A. Hooper around for a few days—he was married May 31 to Miss LaVerne Lindsey, of Lexington, Tenn. . . G. T. Bell is back from a vacation, spent—of all things—bugging potatoes . . . Marvin McGill is entertaining company from Atlanta, Ga.

Mavis Koons, B Mechanical Op-

CONSIDERATE HOSTELRY

Discovering that more than 15 per cent of its guests were six feet or more tall, an Indianapolis, Ind., hotel is reported to have begun installing some seven-foot beds for its guests.
