

'Fire Prevention' Theme Of July Poster Contest; Only 2 Remain

PRIZES in the July poster contest are displayed with Peggy Reynolds doing a demonstration is seen above. The Safety Department likes to use contributions from employees whenever possible, however.

The Safety Department announces the theme of July's poster contest as being "Fire Prevention." This theme, with the first place poster of the contest, will be used as the safety agenda during the month of October.

First prize in the contest will be an electric deep fryer; second prize is a gas can approved by Underwriter Laboratories as a safety can for combustible liquids.

Deadline in the July contest is also announced as Monday, July 31. Judging in the contest is done in the Safety Department, and all entries become their property. No entry can be returned.

Eligible entrants are all employees in the Y-12 area, except previous winners in the contest, and members of the Safety Department and their families. Family members may enter in the name of the employed relative.

The rules are very simple for the monthly competition. Artistic ability is no criterion in judging the entries. A written description of the cartoon will suffice in case of a total lack of artistic ability. The caption or wording on the poster should not exceed 10 words.

The present contest has only two more months of this year left.

Johnson New Safety Department Head

Native Georgian Vet Of 17 Years In Y-12

Clarence Johnson, safety engineer, has been named Safety Department Supervisor, for Y-12, effective July 7, 1961. He succeeds Lee W. Bagwell, who died June 24.

Johnson, a native of Georgia, attended school there at Ellijay.

C. Johnson

He also attended the North Georgia College, Dalton, and the University of Georgia, Athens, and has also studied extensively at the University of Tennessee's evening school.

The new safety director came to Oak Ridge early in 1944, going to work in the Payroll Department for Tennessee Eastman, March 10. When Union Carbide began operations in 1947 in Y-12, Johnson went into the Safety Department, where he has worked since.

The Johnsons live at 601 West Hill Road, Knoxville. Elizabeth, Clarence's wife, is employed in Statistical Services Department in Y-12. Clarence is an avid golfer, although he is not participating in league play this year. The Johnsons recently purchased a plot high in the Smokies, where they spend many of their weekends, clearing out the underbrush.

Both Elizabeth and Clarence came to Oak Ridge in the early days from the Tennessee Valley Authority. They met at Fontana Dam during its construction and were married there.

MIFFED EXECUTIVES

Only three retiring United States Presidents ever refused to attend the inauguration of their successors—John Adams, his son John Quincy Adams, and Andrew Johnson.

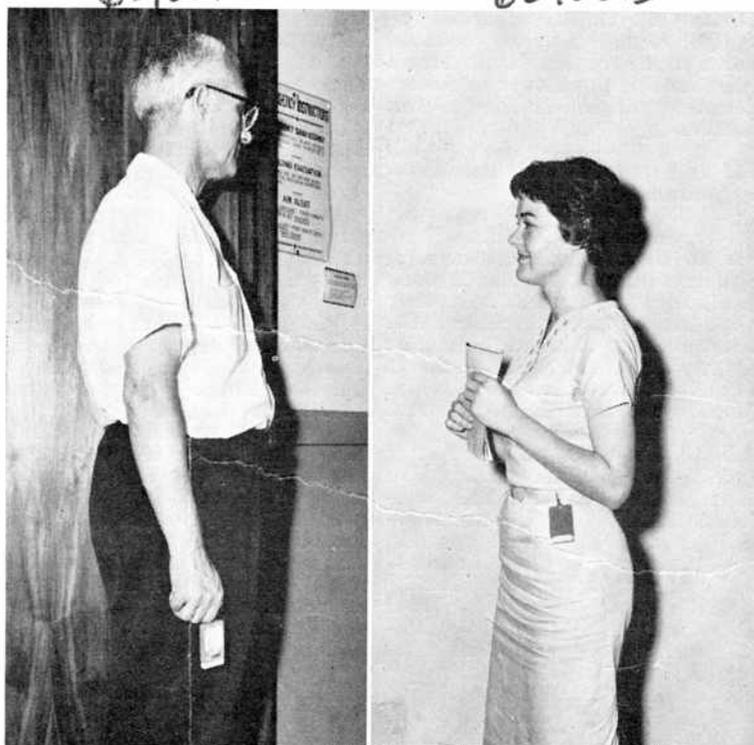

Badge Etiquette Is Not Only Good Security Rule; It's Common Courtesy For Fellow Plant Employees

A LONG, LONG TRAIL A-WINDING, as Carol Trent demonstrates "digging in the purse," holding up Bobbie Hill, Bill Davis, Mildred Kidwell and Ann Rackley. Guard Sherley Honeycutt patiently waits for the long-awaited badge.

A CHANGE OF PORTAL CARD is pulled from the rack by J. M. Johnson, as Carl McBee waits in line. These cards are placed in the racks so that Y-12ers who have changed their portal of entry may have their next quarterly badge placed at the new gate.

BADGE IN HAND, left, shows Bill Davis approaching guard station. The danger of carrying the badge in hand is that there's a good chance it may be dropped. Mildred Kidwell, right, demonstrates another incorrect manner in which the badge is frequently worn . . . upside down on the belt. If the guard is a contortionist he might be able to stretch his neck down to the proper level to identify the employee.

Identification Must Be Visible In Plant

There's hardly a Y-12er alive who hasn't, at one time or another, stood in line, at his portal, delayed by someone up front who either can't find his badge, or has left it at home.

There are no rules which prescribe how badges are to be worn, except the one which says, "You must wear your badge prominently displayed while in the plant." Interpretations of the term "prominently displayed" vary widely from one extreme which goes on the theory that if a corner is showing it is "visible" to the other extreme which places greatest emphasis on the "display" aspect. There are common practices, however, that make the left collar, or chest, the most likely spot to wear the identification credentials.

It is essential to security to be identified properly at all times while inside the plant.

Do's And Don't's

At this particular time, it is apropos for Y-12ers to review the do's and don't's of badge-wearing. Since badges are now being distributed at the portals throughout Y-12, employees are more conscious than ever of badge etiquette.

The blue-bordered badges will be in the self-service racks until midnight, July 16. If the means of identification have not been picked up by then, it will be necessary for employees to pick up their new badges at the Badge and Pass Office.

Badge Should Be Seen

It's a pretty good idea then to practice wearing the badge where it can be seen at all times. A badge in the desk drawer, in a purse, or under a coat is not proper identification. The guard must check the badge before you enter the plant. Delay in locating the badge may delay those behind waiting to come in who are properly identified. It's not only good sense and good security practice, it's common courtesy to be admitted to the plant as quickly and efficiently as possible, since others also desire to enter.

THE CORRECT location of the badge is illustrated by Carol Trent. The left collar, or left lapel, is suggested as the ideal place for identification badges.

Linde Will Build New Helium Plant In Texas

The Linde Company has announced that it will build a liquid helium plant in Amarillo, Texas. The plant will have a capacity of 100 liters per hour of liquid helium, the largest such commercial production unit in the country. The plant will be finished the early part of 1962.

The liquid helium plant will be adjacent to the company's oxygen plant at Amarillo.

Liquid helium is used in rocket fuel systems where it is vaporized to provide pressure which forces propellants from the fuel tanks into the engines, as well as an ultra-cold refrigerant.

New AEC Film Available On Technical Information

A new non-technical film which explains the availability of unclassified atomic energy literature, can be obtained on loan from the United States Atomic Energy Commission's local film loan library.

The 16mm color film, "Technical Information Services of the AEC," runs 20 minutes long and covers in detail how information may be located, obtained and used. The film may be borrowed from the local AEC Film Loan Library.

Heart Attack Fatal To J. C. McBryar

R.E.D. Mechanic In Y-12's
Research Services Dept.

Funeral services for Jesse Clifford McBryar were conducted at 2 p.m. Friday, July 7 in Oak

Ridge, with interment following in the Anderson Memorial Gardens. The Rev. Robert Porter officiated at the final rites.

Mr. McBryar, an R.E.D. mechanic in Research Services, is survived by his wife, Mrs. Ada A. Jones McBryar; four daughters: Mrs. Glen Grant, Oliver Springs; Mrs. Joe Mahler, Clinton; Mrs. W. R. Barnett, Clinton; and Mrs. Anthony Lascola, St. Louis, Mo.; one son: Jesse C. McBryar, Jr.; and 11 grand children.

The veteran Y-12er, whose continuous service date is February 3, 1947, was a native of LaFayette, Georgia, coming to Oak Ridge in the late forties, and more recently making his home in the Oliver Springs area.

Mr. McBryar, with a previous heart condition history, died unexpectedly at the Oak Ridge Hospital, Wednesday, July 5.

Sincere sympathy is extended his family and friends.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12ers who will observe 15 and 10 years of Company Service within the next few days:

- 15 YEARS**
Eugene W. Woodward, Process Maintenance, July 13.
10 YEARS
Louie C. Bell, General Machine Shop, July 12.
Alfred J. Simmons, Jr., Stores, July 12.
Lennie C. Jeffreys, Product Processing, July 13.
Randle E. Brown, Process Maintenance, July 13.
Ralph H. Norman, Research Services, July 16.
Edward E. Dunn, Instrument Engineering, July 16.
Wade K. Jackson, Z Area and Dispatching, July 16.
Raymond D. Bass, Product Processing, July 16.
George W. Byrge, General Machine Shop, July 16.
Pauline V. Patterson, Product Processing, July 17.
Elmer W. Wilder, Sunflower Foundry, July 17.
Arthur P. Money, General Machine Shop, July 17.
Neal White, Forming, July 17.
Theodore R. McCullah, Area Five Maintenance.

A purist came into the office this morning, with the earth-shaking news that the Declaration of Independence was actually drafted, and adopted July 2 . . . not July 4th. By this same reasoning, we arrived at the conclusion that the Glorious Fourth wouldn't sound right as the Glorious Second, so the entire subject was dropped.

Let's drop around Y-12 to see what's going on in

INDUSTRIAL RELATIONS

With Liz Campbell away down at the Fire and Guard Department Capt. Shoemaker comes through with Sherley Honeycutt vacationing last week at home in LaFollette . . . D. I. Davis welcomed back to work after illness.

The Cafeteria reports Kent Patterson on vacation this week fishing around Morristown.

From Security, it's heard that J. M. "Jiggs" Sievers went up to Cincinnati on his vacation to absorb some culture.

The only thing more obnoxious than a wise guy is a wise guy who is right.

FINANCE AND MATERIALS

Property puts out the good word that H. I. Esty is vacationing at his Oak Ridge home . . .

J. D. Housley is pleased to have his daughter, Carol, home from Radford State College, in Virginia . . . T. A. Narcrosse and wife Laura are entertaining relatives from St. Louis this week.

Grover Herrrell, Engineering Records, is vacationing trout fishing around Tellico.

Plant Records tells that Janice Santoro and husband are vacationing visiting his family in New Jersey. Plans were for some horse racing and deep sea fishing, also.

Accounting and Budget folks are all sending best wishes for Ken Denton's quick recovery. He's in the hospital over at Sweetwater with unknown ailments.

Timekeeping has Bob Davis and wife vacationing in Russellville, Ky.

There's nothing like a dish towel for wiping that contented look off a married man's face.

SHIFT SUPERINTENDENTS AND UTILITIES

It was Watts Bar Lake for Oscar M. Blackwell's vacation last week . . . Jackie Ward headed for a two-week stay at Daytona Beach, Fla. . . Peggy Reynolds is being welcomed into the SS office, she lives at Cumberland Estates . . . D. P. Anderson recently attended the outdoor drama at Cherokee, "Unto These Hills," and hopped over to Roane Mountain for the Rhododendron Festival.

If at first you don't succeed—try something easier.

MAINTENANCE

D. C. Hunt, Research Services, took in the sights of New Orleans on his vacation . . . Pat Easterday spent her vacation in Florida . . . Mary LeCroy is visiting friends in Ohio . . . D. F. Leach plans to get caught up on his golfing while spending his vacation at home . . . Other stay-at-homes were R. F. McNabb and F. G. Leon . . . B. C. Harrington is vacationing in Michigan visiting his son, stationed there with the Air Force . . . Get well wishes are speeded to R. A. Cate and C. L. Huddleston, both ill in the hospital . . . J. T. Calhoun will take part of his vacation to attend the Calhoun family reunion in Nashville.

Process Maintenance rolls out the carpet for Troy Trotter, Nancy Vandergriff, B. M. Adkins, A. D. Cotton, H. C. Laudermilk, C. J. Mitchell, H. L. Brown, J. D. Roesler, S. M. Thompson, A. C. Bailey, J. D. Calloway, W. F. Cooper, and A. J. Lewand . . . W. H. Sherrod took off for Florida-parms for three weeks . . . Walt Simmons chose Myrtle Beach, S. C. for one . . . Nancy

Vandergriff decided to relax at home at Karns . . . G. P. Schaeffer and C. W. Shook took off for unknown vacations . . . and it's a girl, born the first week in July to the A. Hayes Hunter household, named Lee Ann, weighing eight pounds, born at the Oak Ridge Hospital!

MECHANICAL OPERATIONS

Special Mechanical Production has a host of vacationers who slipped away without telling where they were going: J. H. Billingsley, R. S. Hayes, E. E. Lamb, R. R. Galford, B. D. Cofer, W. T. Calhoun, J. A. Lewis, E. Maden, M. E. Thompson, W. T. Huffman, and Ralph Black . . . get well wishes are sent Martha Blevins, ill in Oak Ridge Hospital.

Machine Maintenance has O. R. Gorman vacationing out West . . . H. P. Frederick back at work after a week's rest at home . . . also O. L. Messer.

From Beta Four Heavy Machine Shop folks are telling this rib-tickler. It seems one fellow carried economy to the extreme . . . wanted to go fishing the other day, but didn't feel like expending the necessary kale for a license. That was the VERY day the warden came to the lake and dragged our hapless friend in, where he was fined \$19.50. Folks around the shop aren't telling his name, but say his last name is Holt, and his first initials are E. J. . . also get well wishes are speeded to R. L. Coffey, ill at St. Mary's, and L. N. Monsire, ill at home . . . Shopfolk are also chuckling over F. C. Bradburn's walking the corridors these days awaiting the arrival of the heir to the family fortune.

The General Machine Shop hopped aboard with the following new employees welcomed in: C. C. Hawkins, E. C. Lewis; and transferee A. J. Simmons . . . Sympathy is extended to V. D. Sherrod in the death of his father-in-law, Mr. John Cox . . . Vacationers include P. E. Woody, staying at home doing a little work . . . J. L. Williams staying at home to fish . . . T. J. Smith took off to Panama City, Fla. to see how the big ones were biting on the briny deep . . . P. W. Bul-lard was going to take in the East Tennessee lakes (that's a heap 'o lakes), also parts of Georgia and Florida . . . R. E. Gibson chose Clearwater, Fla. . . W. H. Stockig went to Albany, N. Y. to see relatives there . . . D. D. Woods was going to spend a week-end in the Smokies and then go on to Bristol and Johnson City . . . J. F. Harvey hung around home to train the ponies (he has a pony farm) . . . N. C. Abbott planned his vacation around Nuggett, his golden palamino which he is training at the Oak Ridge Riding Academy . . . R. L. Hopson was going to fish, fish, fish . . . M. D. Bates chose the Center Hill section for his angling . . . W. H. Donahue enjoyed the sand and sea at Daytona Beach . . . while John Cantrell tried Cocoa Beach, Fla. just across the Indian River from the rocket launchings . . . Other vacationers who didn't divulge their destinations were F. A. Higginbotham, J. Massengill, J. C. Jones, L. R. Brooks, E. E. Burns, E. G. Vann, J. B. Finch, A. T. Gladson, D. R. Dunn, and R. E. Myers . . . Get well wishes are sent from the whole department to G. G. Norton, J. F. Ray, E. L. King, and Clark Newman . . . and this FLASH . . . it's a girl finally for the Lou Watsons (Jerry was formerly in Property). Julia Elizabeth finally arrived July 2 at 5:36 p.m. at the Oak Ridge Hos-

THAT MOUNTAIN OF MAIL in front of Noel Urban, of Union Carbide Corporation's New York Office, was part of the \$65,000,000 distributed last month to some 58,100 Carbide employees throughout the company participating in the general savings plan. Of this amount, employees saved \$48,893,794. Under the plan, employees set aside up to seven and one-half percent of earnings and the company added up to 30 per cent, depending on their years of service.

pital, weighing nine pounds, two and one-half ounces. Lou has now quit sweating and is now walking the floor.

The egotist thinks that should he not have been born, people would have worried about it.

CHEMICAL OPERATIONS

Product Processing folks are sending get well wishes to H. F. West, ill at his home on Hiwassee Avenue in Knoxville.

Uranium Recovery has Joe Ailey visiting the family and attending a reunion down Chattanooga way . . . C. E. Legg visiting his mother in Missouri . . . A. S. Kirby deep sea fishing in Florida . . . C. L. Stevens and W. F. McDougal on vacations unknown . . . V. E. Justice is wished a speedy recovery. He's ill at his home in Coalfield.

An oldtimer is one who can remember when women put things into cans instead of taking them out.

TECHNICAL

From Statistical Services it's learned that Tom Harvey and family visited in Ohio and Michigan with intermittent stops in both states.

It's a well known fact that the most difficult instrument to play is second fiddle.

ENGINEERING

Mechanical Engineering reports Ed Palmer off for two weeks to Florida, cruising. (He took his family and his boat) . . . Nora Hurst and family are in Texas for three weeks . . . Don Stinnett had to take off for a six-months stint with Uncle Sam's Army . . . Earl Smith went to Akron, Ohio, on his vacation . . . O. T. Smith took off to entertain his brother-in-law visiting in from the Navy . . . Tom Norris decided to take his family to Washington, D. C. for vacation.

Let's knock off and all go swimming . . . it's too hot to work anyway!

A PART OF THE MAIN

John Donne's "No man is an island . . ." quotation lay in almost complete literary obscurity until Ernest Hemingway immortalized it more than three centuries later by choosing "For Whom The Bell Tolls" as the title of his renowned novel.

Get well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

- Harry J. Hann, Buildings and Grounds; W. A. Fillers, Fred J. Salts, Research Services; Frank Darby, Melvin Whited, Electrical; E. K. Yates, Product Processing; Robert Addington, Production Analysis; Martha Blevins, Sunflower Shop; G. E. Beatty, Receiving; W. N. Jennings, Project Engineering; Ann Rackley, Security; Ernest Lawson, Process Maintenance; Everett Ashton, Beta Four Assembly and Forming; K. W. Mercener, Janitors; J. F. Ray, General Machine Shop; E. J. Coffman, Special Mechanical Production.

Beaver Ridge DeMolays Aid With Oliver Degrees

The installation of a chapter of the Order of DeMolay, which took place at Oliver Springs, on Thursday, June 29, was presented at the Masonic Hall. The Ernie Pyle Chapter of Oak Ridge, with Roy Helton as Dad Advisor, was assisted in bestowing the degrees by the Beaver Ridge Chapter of Order DeMolays.

Several sons of Y-12ers are members of the DeMolay Chapter at Beaver Ridge, and The Bulletin regrets the omission from the original story.

No Place Like Home— For Accidents, That Is

Be it ever so humble, there's no place like home — for accidents, that is.

The Safety Department, throughout the plant, has emphasized "off-the-job" accidents during the month of June.

Home accidents are responsible for twice the number of disabling injuries as work accidents—and nearly twice the amount of deaths. Nearly one out of four of these accidents happens to workers off the job.

Accident prevention is a round-the-clock job. Y-12ers are urged to work safely — then take safety home with them.

6-10627

Ridge Golfers Unable To Stop Hines-Emlet

Six teams in the Oak Ridge Golf League for Y-12ers took whitewash scores from their opponents last week. They were: Peterson-Presley over Hackett-Townsend; Holzknicht-Peckman over Stroud-Ebert; Brown-Roberts over Mitchel-Tibbatts; Crone-Douglass over Underwood-Earley; Belvin-Hopkins over Gregory-Kurtz; and Crow-Bremner over Andrews-Turner. League-leading Hines-Emlet stayed in the "magic circle" by taking five from opponents Dehoney-Knowles; as did Smith-Bartholomew from Mee-McLendon. Boyd-Oliphant took four points from Ratjen-Hoppe.

"Tudor" Boyd was low scratcher of the week with a 39, and tied with Sewell Brown with a low handicap score of 34.

League standing follows:

Team	W	L
Hines-Emlet	57	3
Stroud-Emlert	44	16
Peterson-Presley	43	17
Holzknicht-Peckman	40	20
Brown-Roberts	40	20
Mee-McLendon	36	24
Dehoney-Knowles	35	25
Boyd-Oliphant	34	26
Smith-Bartholomew	30	30
Ratjen-Hoppe	27	33
Crone-Douglass	24	36
Belvin-Hopkins	23	37
Crow-Bremner	22	38
Hackett-Townsend	21	39
Mitchel-Tibbatts	21	39
Andrews-Turner	20	40
Underwood-Earley	15	45
Gregory-Kurtz	8	52

O'Hara Takes Two Sets In Tennis Play

The 1960 tennis champion Gene O'Hara charged into the 1961 league for Y-12ers last week, downing two opponents. He took Sam Campbell 6-0, 6-3; and Dick Huber 6-0, 6-1. Huber had better luck in his match with Pete Rekeymer by taking those 6-2, 6-2.

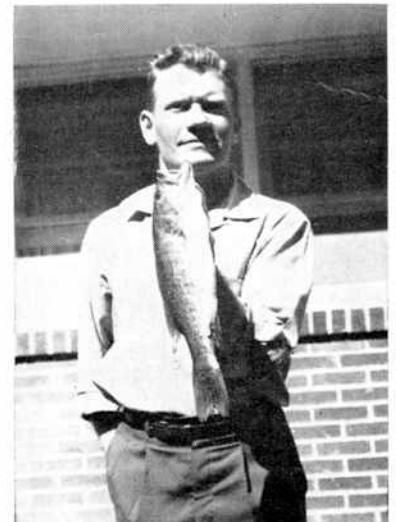

Last year's runner-up Sam Campbell took two matches from Dick Huber 6-2, 6-1.

League standings will be posted in next week's Bulletin.

Horse Shoe Pitchers Start Play Tomorrow

The Horse Shoe League for Carbiders gets underway tomorrow afternoon, July 14, at 5:30 at the "stobs" near the tennis courts at Jackson Square in Oak Ridge.

Times of scheduled play were issued by the Recreation Department today. Players who did not receive a schedule may pick one up at Room 149, Building 9704-2, or by calling Recreation, telephone 7109 or 7100.

THIS SMALLMOUTH, caught in the Norris Lake impoundment, by R. P. George, Electrical Engineering, is a strong contender in the annual fishing rodeo in Y-12. The bass, familiar to anglers throughout this section, makes one of the tastiest dishes to come out of the water.

Lenoir League Is Closest For Y-12

Few Points Separate First Six Teams

The tight race in the Lenoir City Golf League for Carbiders is shaping up for a photo finish, it seems. The top four teams are separated by mere fractions of points! League-leading Rutherford-Huston took four points the week of June 26 from Grubb-Clayton, as did Roger-Thompson over Hudson-Morrison. Other four-pointers were taken by Reid-Gregory over Watson-Collins; Miracle-Kingsbury over Wray-Cabe (via forfeit); and Harris-Carter over Case-Frizzell, who have dropped from the league. A three point win was taken by team number two, Hicks-Cook from Hensley-McGinnis. Split scores of two each were registered by Beckett-Cox and James-Stanton.

W. A. Rutherford scored low scratch of the week, followed closely by B. Stanton's 44. Stanton took handicap honors with a low of 33. With only four weeks left to play, the league tightens down for the home-stretch.

League standing follows:

Team	W	L
Rutherford-Huston	28½	7½
Hicks-Cook	27½	8½
Rogers-Thompson	26½	9½
Miracle-Kingsbury	25½	10½
Watson-Collins	24	12
Harris-Carter	23	13
Hudson-Morrison	18½	17½
Reid-Gregory	14½	21½
Beckett-Cox	14½	21½
Hudson-Morrison	12½	23½
Hensley-McGinnis	12	24
Grubb-Clayton	9½	26½
Wray-Cabe	8	28
Case-Frizzell	8	28

B Shift Picks Site For July 27 Picnic

B Shift recreation folk announce their next picnic to be held Thursday, July 27, at Concord Park.

Lunch will be served at 12:30 p.m. There will be free swimming for the children, as well as prizes. Five drawings will be held at the hours of 11 a.m., 12 noon, 1 p.m., 2 p.m., and 3 p.m. Fine prizes of Corning ware sets, pressure cookers, croquet sets, folding tables, and an electric percolator are offered as door prizes.

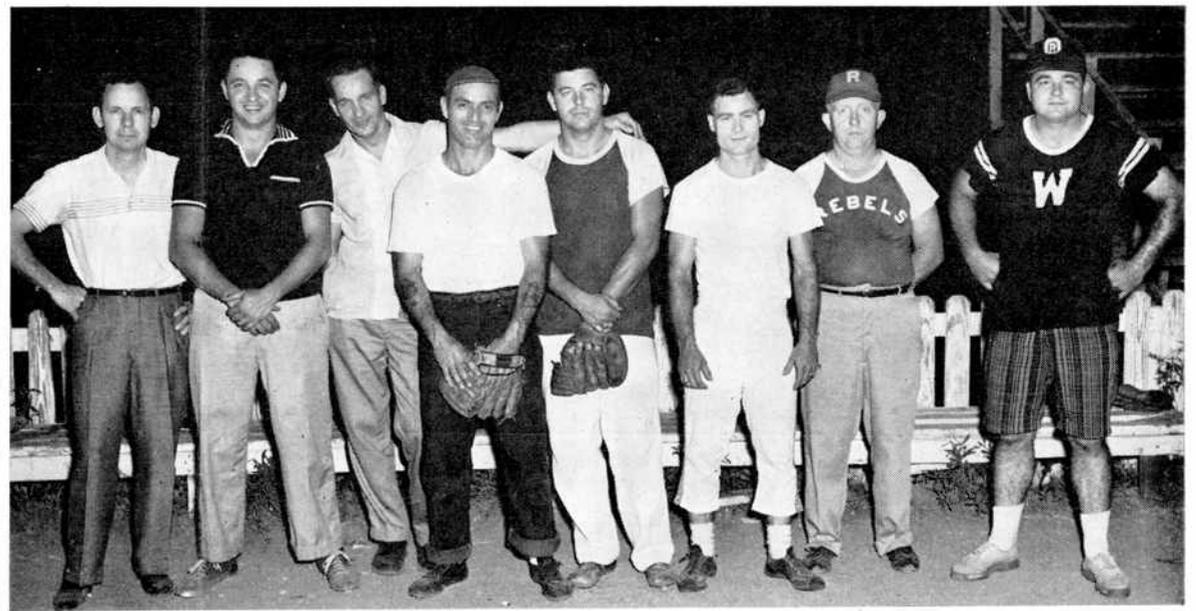

There will be free soft drinks, ice cream, watermelon and cantaloupe. The charge is only 25 cents per family, and all Y-12 families are welcomed to the big event.

Morristown T-Offs Assigned Tomorrow

Tee-off times will be assigned tomorrow, July 13, from 7:30 a.m. until 8 a.m. for the Morristown Golf Tournament, scheduled for Saturday, July 22. The times will be given out in the Recreation Office, Room 149, Building 9704-2.

As is customary, no tee-offs will be given out by telephone until all those registering in person have received starting times. The 72-par course at Morristown has proved in the past to be very popular with Y-12 golfers. Green fee is \$3, and the first tee-time to be assigned is 7 a.m.

SAM HILL The Salesman

THE BLUE DEMONS ACTUALLY CLAIM they are better than their seven losses to one victory indicate, and no one is disputing them. Many of their losses have been close ones, and they say they're improving. From left are J. A. Clemons, Don Matlock, T. C. Pack, Manager T. A. Picca, M. E. Thompson, Bill Grubb, J. W. Halsey and Jim Grubb.

Sawyer Low Man In Whittles Loop

6½ Point Lead Held By Phillips-Leach

The Whittles Golf League for Y-12ers wound up June by playing the eleventh match of the season. League leaders Phillips-Leach took three points the easy way by forfeit, as did Troutman-Galle. Three-point wins by play were awarded to George-Newman over Sawyer-Perry; Spradlin-Clabough over Morgan-Campbell; and Hendrix-Parker over Schappel-Schappel. Split scores of one and one-half points each went to Kovach-Marrow and Ball-Emery.

Al Sawyer was low-man-of-the-week with a scratch score of 39; while team lows in the scratch division went to Spradlin-Clabough with an 84. Jim George and C. E. Spradlin tied for low handicap score of the week with 34 each; and the Spradlin-Clabough duo took handicap team low with 70.

League standing follows:

Team	W	L
Phillips-Leach	29½	3½
George-Newman	23	10
Sawyer-Perry	19½	13½
Troutman-Galle	19	14
Spradlin-Clabough	18½	14½
Norris-Ruckart	17	16
Hendrix-Parker	16½	16½
Morgan-Campbell	15	18
Kovach-Marrow	14½	18½
Ball-Emery	13½	19½
Schappel-Schappel	12	21

ISLE OF WOMAN

The Isle of Man recently admitted women to its legislative body, the House of Keys, heretofore restricted to the male sex only.

Bill Hamill Scores Hole-In-One In Harriman League On Hole Number 8

There wasn't much noise around the greens at Emory Golf and Country Club, Harriman, during Independence Day... the crowd there was saving it all for the next day. For it was on that special day that Bill Hamill scored a hole-in-one!

Bill was paired with his partner Hobey Thomas in match-play against John Evans and E. S. Henck. Approaching the eight hole, which is not visible from the tee-off on the seventh, the "lucky" golfer drove the ball into the unknown with a No. 1 wood. Then he heard the commotion down at Hole Number Eight, and found out he had pulled the impossible in golf. Witnesses on the number six tee saw the ball roll into the number eight hole.

Hamill finished up the par-35 course with a score of 37 for the nine holes. Hamill is the second Y-12er this year to join the coveted group. Henry Norris scored a

Y-12's Red Devils Take Double Header In Slow Pitch Last Week

Only Six Games Played Due To Fourth Holiday

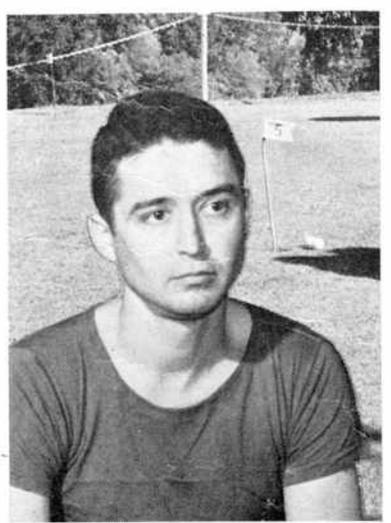

Due to the holiday last week, the Slo Pitch League for Carbiders played only six games, with the scheduled games last Thursday night. League-leading Kentucky Wonders, from Oak Ridge Gaseous Diffusion Plant, won one game, thus protecting their perfect record.

ORGDP's D Shift team split a double header at Pinewood by taking one from the Y-12 Atoms by forfeit, then losing one in play to their fellow ORGDPers, the Fly Swatters, 29 to 9. The Swatters had homers by Horner, Box, Slattery, Browell, and Carter, while Winnegar homered and tripled for the losers. Slattery, Love, and Box doubled with Fain earning two double-baggers.

Batteries: Fly Swatters: Box and Ritter. D Shift: Lee and McKinney.

In other play at Pinewood, the ORGDP Odds 'N Ends eked through to victory over Y-12's Development team 13 to 11. Leiti and Kitchen had homers for the winners while Ludwig had two four-basers for the losers. Huber and Hammer doubled for Development, while doubles were earned on the O and E team by Rodriguez, McCullough, Roach, Miller, Cox and Leiti.

Batteries: Odds 'N Ends: Lemons and Friedrich. Development: Blanks and Carley.

Bill Hamill hole-in-one at Whittles back in May.

Over at Jefferson's field, Y-12's Red Devils took a double header, one from Y-12's Tabs, and one from another Y-12 team, the Peons. In the Tabs game, won by the slim margin of 6 to 5, the only multiple-base hits were doubles, earned by West and Leuline for the winners and one by Lay for the losers.

Batteries: Red Devils: Rector and Pryor. Tabs: Harris and Bailey.

In the second victory the Red Devils took the Peons to the tune of 13 to 4. For the victors it was Shotts with a triple, and for the losers Eddie Roberts earned a double.

Batteries: Red Devils: Sise and Owenby. Peons: Rutherford and Welfare.

In the final game at Jefferson, the League's first team, the mighty Kentucky Wonders, took the Y-12 Peons to task by 10 to 8. Homers were won by Carden for the winners, and Eldridge earned a triple for the KW's, and Roe for the Peons. Doubles were knocked by Carden for the winners, and Summerfield and Lambdin for the losers.

Batteries: Kentucky Wonders: Fourman and S. Harris. Peons: Rutherford and Welfare.

League standing follows:

Team	W	L
Kentucky Wonders	9	0
Red Devils	4	1
Odds 'N Ends	8	2
Codgers	7	2
Peons	6	4
Fly Swatters	3	4
Atoms	3	4
Development	5	5

Welfare's Low 154 Is Skeet's Topper

Fred Welfare took top honors in the Skeet Shoot for Carbiders, held Sunday, July 9, in Oak Ridge. His 154 scratch score was followed by Ken Bahler's 148, then Bill Davey's 132.

The next shoot in the Skeet League is scheduled for Sunday, July 23.

In the seven rounds fired this past Sunday, complete scratch scores were:

Fred Welfare, Y-12	154
Ken Bahler, ORGDP	148
Bill Davey, ORGDP	132
J. M. Patterson, Y-12	128
*Jack Case, Y-12	126
F. S. Patton, Y-12	125
Charles Asmanes, ORGDP	119
M. L. "Doc" Bailey, Y-12	118
J. E. Rhew, Y-12	116
*Jim Turner, Y-12	114
*Robert McNabb, Y-12	103
M. A. Binder, ORNL	99
Newt Hamby, Y-12	88
*J. P. Murray, UCNC	76
*R. E. McHenry, ORNL	69
*Ralph Wilson, ORGDP	58
*Incomplete Scores.

Rush, Haile Promoted To Executive Posts

Rush Was UCNC's First President

W. M. Haile Kenneth Rush

Two Carbide men have been promoted to the offices of executive vice-president, it was recently announced by Birny Mason, Jr., Union Carbide Corporation president.

Kenneth Rush, who has been associated with Carbide since 1936, has been a vice-president since 1949, a member of the appropriations committee since 1954, and a director since 1958. Formerly president of Union Carbide Nuclear Co., he is a graduate of the University of Tennessee and holds a degree of LLB from Yale Law School.

William M. Haile joined Carbide in 1925 with the Linde Company, of which division he was president from 1957 to 1959. He has been vice-president since 1959 and a member of the appropriations committee since 1960. Haile is a graduate of Tulane University.

Kenneth H. Hannan will continue as an executive vice-president and director.

Bender Will Discuss ORIC In Physics Seminar

Oak Ridge National Laboratory Physics Division announces as its seminar this week, "Deflection of Ion Beams from the ORIC," with Roger Bender, of ORNL's Electronuclear Division, in charge.

The seminar will be held in the East Auditorium of the 4500 Building at 3:15 p.m., Friday, July 14. All interested technical personnel are invited to attend.

BRITISH BULGE

More than 51,000,000 pounds of candy came into the United States in 1960, most of which came from Great Britain.

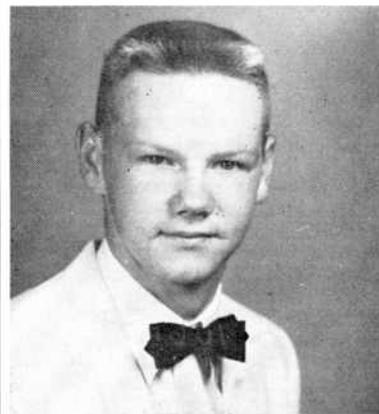

ATTENDING RECENT EASTERN STAR INSTALLATION ceremonies was J. W. Jackson, Chemical, seen in center of back row. The Oliver Springs chapter of the Order of Eastern Star is from left in first row: Worthy Patron James Farmer, Naomi Farmer, Elizabeth Brown, Ruth Henegar, Christine Robbins, Myrtle Braden, Naomi Schultz, and Assistant Patron Charles Smith. Second row is Lucille Haney, Etheline French, Nancy Smith, Velma Halburnt, Jackson (who is sentinel for the group), Faye Martin, Pauline Roberts, Grace Deadrick, Faith Taylor and Wanda Brown.

Where To Wear A Badge Right

The places people wear their badges Really are amusing. But to the Guard who wants to check It sure must be confusing. Some wear it on their under-shirts, Some wear it on their vests, Some wear it on the Eastern side, Some wear it on the West. Some wear it on their neckties Some wear it on their hats Some wear it in their pockets (Now can you fancy that?) Girls hide them in their pocket-books And when the day is o'er They just stand there hunting While the Guard is getting sore. They tear their pocketbooks apart— It would make a fellow grieve— And then they get the happy thought It's pinned upon the sleeve. But you'll find one place to put them At the left, upon the chest. If everyone will wear them there The Guard will get a rest. —author unknown

KISSIN' OKLAHOMANS

The state flower of the state of Oklahoma is mistletoe.

NOW IN EUROPE with the University of Tennessee Singers is James C. Ruckart, son of Frederick A. Ruckart, of the Guard Department. James is in his junior year at UT, majoring in music, of course. He is a member of the church choir at Second Methodist Church, Knoxville, and is also the Sunday night choir director. He departed for Europe last week, and the tour will extend for 45 days throughout most European cities. Young Ruckart graduated from Rule High School.

Credit Union Is Many Things To Many Men

Organization Stresses Financial Stability

I was born of human desperation, reared in the household of need and dwell among the little people of our time.

I have experienced war, famine, misery and greed; daily I endure indifference and human selfishness.

I am clear of vision, firm of purpose and strong of heart and hand. Despite those who would misuse and neglect me, I press ever onward to serve and to save those who need me.

I am democratic in organization and cooperative in action; obedient to the majority voice in all I do. I am exactly what others make of me—poor, weak and inefficient for lack of interest; but strong, virile and helpful if properly used.

I am anxious to help with family budgets, personal financial problems and credit needs—all on a neighborly, sympathetic and confidential basis.

I am dedicated to serve all men without distinction of race, color or creed; I neither favor the rich nor frown on the poor.

I am pledged to teach thrift, and give thrifty financial service.

I encourage folks to build and use their own financial resources to better help themselves and neighbors over the rugged places on the highway of life.

I rejoice to see them saved from the "hand-to-mouth" basis of daily existence, from unscrupulous lenders who would keep them in financial bondage and from the vicious spendthrift habits of their own making.

I am trustworthy. I have a remarkable record; financially, I have helped rear and educate children, build and furnish homes, transport families, hospitalize the sick and bury the dead. I am an ever present helper in the hour of greatest financial need.

I am a part of the great international movement serving mankind. I am a partner of all who need me. To serve is my task.

"I am **Your** Credit Union."

Poet Laments Wet Weather Weekend After Downpour

The following epistle will give Y-12ers some idea of what fellow employees are thinking about them on week-ends . . . those that are shift working, that is, and not on the lake.

These two were submitted by Jim Hallau, from Beta Two.

The first one goes:

Shift Worker's Prayer

Dear Lord, please cause the rain to fall
On Saturdays and Sundays all.
On Monday morn the sun may rise
Til Friday evening grace the skies.
This small request would make amends
On those who labor thru weekends.
For it is sure a fearsome task
To go to work, while neighbors bask
Beneath the sun in beach attire,
And cook their meals on charcoal fire.
Let the sun shine thru out the week
But keep those weekends drear and bleak.

After a recent downpour on Hallau's scheduled day off, in mutual lamentation with Bob Schabot, the following master-

TAKING FIRST PLACE in the June safety poster contest was B. V. Brackney, Z Area and Dispatching, at left, receiving his safety poster from H. H. Stoner, assistant superintendent of Mechanical Operations. His poster idea will be used in the safety campaign during September.

SECOND PLACE WINNER was Paul McRee, at left, from Radiation Safety, seen receiving his welding kit from L. E. Burkhart. The safety poster contest is open to all employees in the Y-12 area. Several previous winners are seen on the walls behind McRee and Burkhart.

Ride wanted from vicinity of New Edgemoor Bridge to Bear Creek Portal, straight day. Oscar Smith, plant phone 7606, home phone Claxton 945-2488.

Three riders, or car pool members, wanted from Hall Cross Road vicinity (via Raccoon Valley Road) to any portal, straight day. A. D. Tucker, plant phone 7272, home phone Knoxville 922-5831.

Ride wanted from Cumberland Estates section, Knoxville, to North Portal, G Shift. Peggy Reynolds, plant phone 7172, home phone Knoxville 588-0483.

Ride wanted from vicinity of West Outer Drive and Illinois Avenue to Central Portal, straight day. Jeanne Mitchell, plant phone 7979, home phone Oak Ridge 483-4136.

Ride wanted or will join car pool from South Knoxville, via Western Avenue, West Haven, Solway Road, to any portal, A Shift. Sam McClanahan, plant phone 7-8669, home phone Knoxville 577-1481.

ORGDP Receives AEC Safety Award

The Oak Ridge Gaseous Diffusion Plant has received the Atomic Energy Commission's Award of Merit for safety, in recognition of the fact that ORGDP operated 1,958,370 man-hours without a lost time injury. This period covered the days from November 4, 1960 to February 5, 1961. Nearly 3,300 persons are employed at the nearby plant.

ORGDP, one of AEC's largest installations, produces enriched uranium-235, a fissionable material which is used for reactor fuel as well as for national defense purposes.

"For a minute I was worried—I forgot I was working for the government."
