

## School Zones Offer Special Hazards As 'Dears' Cross!

September is many things to many people. It is the advent of Autumn . . . time to get the gas turned on, the winter fuel in, and harvest the crops. It is a dreamy, reflective time, too, with cool nights and long, clear days.

To the six-year old it's a new adventure, as he is kicked out of the nest, to begin the long voyage 'on his own.' His school days begin a new way of life, both for his and his parents. It is a confusing time for the six-year-old, too. First, there was the sessions with the doctor, getting vaccinated against this and that.

Then the first days . . . As one employee's child put it, "How does that teacher expect me to learn anything? She does all the talking!"

Or as another tyke put it, "I can't learn very fast sitting down!"

Or another, "School is alright, but those icky lunches!"

Or, after completing the first day of regiment at school, "I'll tell you one thing. They'll never get me back in that place again."

Most Y-12ers pass to and from school zones on their way to work. There is something we can do to make the first days a little less hectic for these youngsters. First off, let's don't hurt them. We may have to think for them sometimes . . . but this is O.K. Somebody thought for us some time ago, didn't they?

### School Zone Limit

The school zones have a speed limit of 15 miles an hour. That means just that. But a child can still dart in front of a car moving at this rate of speed, and be killed. Children are highly unpredictable, as any parent can testify . . . so extra caution is demanded, along with the reduced speed.

Following or meeting a school bus means STOP when it stops.

You do not go around them or beyond them when meeting. When the bus stops to take on its little cargo, or unload it, you stop also. The State of Tennessee has an irrevocable law in this regard.

A good rule of thumb is: TREAT ALL CHILDREN AS IF THEY WERE YOUR OWN. Caution, doubly so, is the watchword on the streets, especially during the early weeks of school.

### Children Don't Know

More than 75 per cent of last year's traffic accidents causing death of children were caused mainly by the child violating a safety rule. This means adults must make greater allowances for the unpredictable behavior of children in traffic, whether in a school zone or not.

Near the schools, playgrounds, or in residential sections . . . they may dart across the street or run from between parked cars. They may be riding bikes on the wrong side of the street . . . or, worse still, may just be learning to ride a bicycle.

Most children never think of "danger."

Unfortunately, to and from school hours, correspond to a great extent with working hours. These hours provide the greatest hazards the child faces all day long.

Remember, it's up to us. Always be prepared to stop in a hurry. Never take a child for granted. His life, his well-being are in our hands. Let's see that he gets a fair shake!

## Computer Seminar Held This Week

James Roberts and Harvey Eck-enrode, Applied Dynamics Corporation, will conduct a seminar tonight for the American Institute of Chemical Engineers. The meeting is set for tonight, Wednesday, September 14, at 7:30 p.m. in the New Library of Oak Ridge Associated Universities, Badger Road.

Previous seminars included last night's session on "Analog Computers" led by S. J. Bell, Instrumentation and Controls Division, Oak Ridge National Laboratory; and Monday's "Digital Computers," featuring Dr. George Farris, Computer Services, Oak Ridge Gaseous Diffusion Plant.

The Knoxville-Oak Ridge Section of AIChE is sponsoring the seminars.

## RESA Names New Elected Officers

The Oak Ridge Branch of the Scientific Research Society of America (RESA) recently elected officers for the 1966-67 year. They are as follows: H. F. McDuffie, Reactor Chemistry Division, Oak Ridge National Laboratory, president; D. G. Doherty, Biology Division, ORNL, vice president; Mary Jane Cook, Health Physics Division, ORNL, secretary; and D. G. Gosslee, Biostatistics, ORNL, treasurer.

As president, Dr. McDuffie succeeds Dr. D. F. Smith, Oak Ridge Gaseous Diffusion Plant.

In addition to these new officers Dr. C. R. Baldock and Dr. Joseph Helperin, Chemistry Division, ORNL, were elected to the Admissions Committee to serve a two year term of office. Other members of the committee are William A. Arnold, J. M. Googin and H. L. Weissberg.

The nominating committee membership consisted of M. H. Lietzke, chairman; D. M. Lang, V. E. Parker and J. R. Sites.

## Emory's Chen Is Guest Thermonuclear Speaker

Robert L. W. Chen, Emory University, Atlanta, will be guest lecturer at this week's Thermonuclear Division Seminar. His topic will be "Bounds on Turbulent Fluctuations in a Plasma."

The seminar is set for 9 a.m. Thursday, September 15, in the TD Conference Room, Building 9201-2.

## ECONOMIC PHILOSOPHY

Husband, with budget to wife: We should have saved during the depression, so that we could afford this prosperity!

## President Johnson's Memorandum Points Up Need For Vigilance, Self-Discipline

Security is part of our job here in Y-12. According to a memorandum from the Oak Ridge Operations of the Atomic Energy Commission, it was requested by S. R. Sapirie, Manager, that President Johnson's message be brought before each employee having access to classified information, and future employees who will be engaged in classified activities.

"The attached memorandum from President Johnson emphasizes the responsibility we share for safeguarding our vital national interests. This responsibility is particularly critical within the atomic energy program because of the sensitivity of the information to which many of us have access in our daily routine."

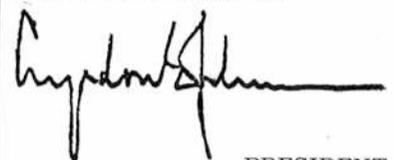

The White House memo stated: "Two incidents of the past few days have again reminded us of the need to be constantly vigilant in defense of the security of our nation."

"In one, an effort was made by agents of a foreign power to penetrate the Department of State with a listening device, an attempt which was frustrated by the alertness of a loyal Department employee and the skill of the F.B.I. In the other, a retired officer of the U. S. Army was indicted and arrested on espionage conspiracy charges.

"I bring these cases to your attention as a means of emphasizing the responsibility we share for safeguarding our vital national interests. The United States seeks amity with all nations. It wishes to give to the representatives of every nation the greatest possible freedom of action within our borders consistent with our national security. We must not, however,

be lulled into dropping our guard against those who do not wish us well and are ready to exploit weaknesses of character or official carelessness to our country's detriment.

"Our security services are professional and efficient. All but a very few of those in public service are patriotic beyond temptation and are alert and discreet in the conduct of their duties. But dangers persist. The incidents to which I have referred demonstrate that in every area where our national security may be affected, we must continue to maintain the highest standards of vigilance and self-discipline."

PRESIDENT

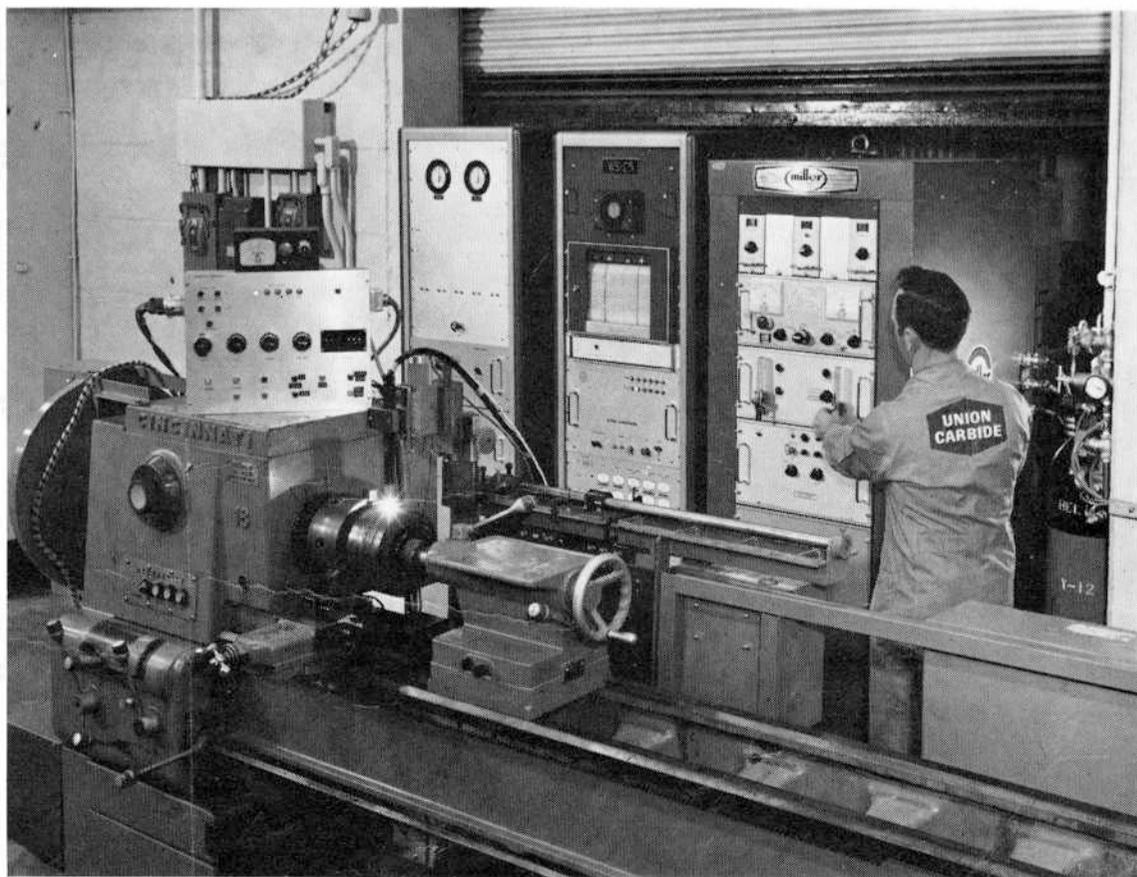

## IEEE Meeting Set Tomorrow At Elks Club

The Oak Ridge Section of the Institute of Electrical and Electronic Engineers meet tomorrow, Thursday, September 15, at 7 p.m. at the Elks Club. Dr. N. G. Anderson, Oak Ridge National Laboratory, will speak on "The Molecular Antaomy Program."

The meeting begins with dinner at 7, following a social hour.

## HAMBURGERS NOT RARE

More than 70 million hamburgers are eaten in America every day and about half of them are consumed away from home. Nearly one-third of all the beef raised in this country goes into the grinder and comes out hamburger.

**THIS AUTOMATIC WELDER**, utilizing a commercial lathe, was developed in Y-12 to weld materials used in the nation's space, defense and nuclear energy programs. It can be programmed in advance for four sets of weld parameters. Amperage, voltage and rotation are electronically controlled, assuring the repeatability of all welding specifications. Inert gas around the welding torch prevents excess oxidation of the part being welded.

## SAFETY SCOREBOARD

The Y-12 Plant Has Operated 20 Days Or 541,000 Man-Hours Through September 11 Without A Disabling Injury

Phone 3-7755 (Unofficial Estimate) For Daily Report On Accident-Free Hours

EDWARD T. BREATHITT

GOVERNOR

To all to Whom These Presents Shall Come, Greeting:

Know Ye, That

HONORABLE CARL G. BREWSTER, OAK RIDGE, TENNESSEE

Is Commissioned A

KENTUCKY COLONEL

I hereby confer this honor, with all the rights, privileges and responsibilities thereunto appertaining.

In testimony whereof, I have caused these letters to be made patent and the seal of the Commonwealth to be hereunto affixed.

Edward T. Breathitt, Secretary of State

Carl Brewster Makes 'Colonel' As Franklin Mayor Cites Record

Honors came to Carl Brewster, Medical Department, on Monday, August 22, when the quarterly meeting of the Kentucky Chamber of Commerce convened at Franklin.

City Mayor Henry Broderson gave a brief review of some of Carl's early life . . . 12 years with the city schools, pre-med at Western Kentucky, Medical Technician Training at Louisville . . . Army service in Europe where he won the Bronze Star, Combat Infantry Badge and Purple Heart.

The Mayor then went into some of the accomplishments that brought Brewster the 1965 NRA Public Service Award . . . the writing of rifle training manuals, teaching a beginners' course, the coaches' manual and the teaching of a coaching clinic.

Speaking in behalf of Governor Edward T. Breathitt, Mayor Broderson presented Brewster with a certificate making him a full fledged Kentucky Colonel. Congratulations Colonel Brewster.

Electronic School Opens This Week

A new night extension course in Industrial Electronic Technology is now being organized. It began last night, Tuesday, September 13, at the Central High School, Wartburg. This class will meet from 6 until 10:30 p.m. two nights per week.

The course is divided into six-month semesters. The cost per semester is \$20 tuition, \$6 for textbooks and \$2.50 for laboratory manuals. For UCC employees, the course is approved for a sharing of this cost under the Educational Assistance Program.

Instructors include Bernard Dyer, coordinators; Lonnie Brown, University of Tennessee; T. A. Hickman, N. E. Morgan, L. Patterson, Y-12 Research Services Department; and M. W. McGuffin, Oak Ridge National Laboratory's Thermonuclear Division.

Anyone interested in signing up for this course should contact T. A. Hickman, Building 9201-2, telephone extension 3-5059. He also will be able to supply more information on the course.

When Watching TV—Watch Those Eyes!

While watching television, sit ten feet or more from the set, the National Society for the Prevention of Blindness, Inc. advises. Have the set at eye level and leave a lamp burning in the room while the television set is on.

TWIN GRANDSONS were presented to Ardell Neal, Dispatching Department, on August 8 at the Oak Ridge Hospital Above, daughter Juanita Ashley holds the fine youngsters . . . Larry Condan and Gary Landson. (Juanita and husband Larry live in Petros . . . as do the proud grand-parents.)

One VOTE Can Make A Great Difference!

The importance of one vote was recently highlighted in several county races in both Anderson and nearby counties. The closeness of many races reemphasized the greatness of the ballot.

There's another general election coming November 8. Officials state that residents of Tennessee have until October 10 to register for this election. Are you registered to vote in November?

UT Evening School Lists Fall Courses

Registration Now In Progress Here

The University of Tennessee's Evening School in Oak Ridge announces Fall plans. Registration is set next week, Monday, Tuesday, Wednesday, September 19, 20, 21 at 5:15 p.m. until 8 p.m. in the Evening School's Oak Ridge High School Office.

Classes begin next Thursday, September 22. Fees are due and payable at registration.

Other courses, of course, are available in the Knoxville branch of the Evening School.

The Oak Ridge curriculum includes:

- Accounting 2110—Introduction. Algebra Refresher—Part I. Chemistry 1110—General Chemistry 3410—Physical Economics 2110—Principles Education 3010—History & Philosophy of Education Educational Psychology 4640—Education Measurement Engineering Science Review English 110—Composition English 1120—Composition English 2111—English Literature English 2121—English Literature French 3010—Elements of French History 2210—U. S. Industrial Engineering 3310—Industrial Safety Industrial Engineering 3510—Industrial Operations Research Library Service 3510—Books and Related Materials for Children Mathematics 1110—General Mathematics 1120—General Mathematics 1310—Selected Topics in Algebra Mathematics 2310—Calculus and Analytical Geometry Office Administration 2310—Beginning Shorthand Political Science 2210—American Government and Politics Psychology 2110—General Psychology 2120—General Psychology 3550—Child Psychology Rapid Reading School Health Education 3410 Sociology 2110—General Speech 2310 Speech 2320 Speech 2330—Basic Public Speaking Statistics 3450—Statistics for Engineering

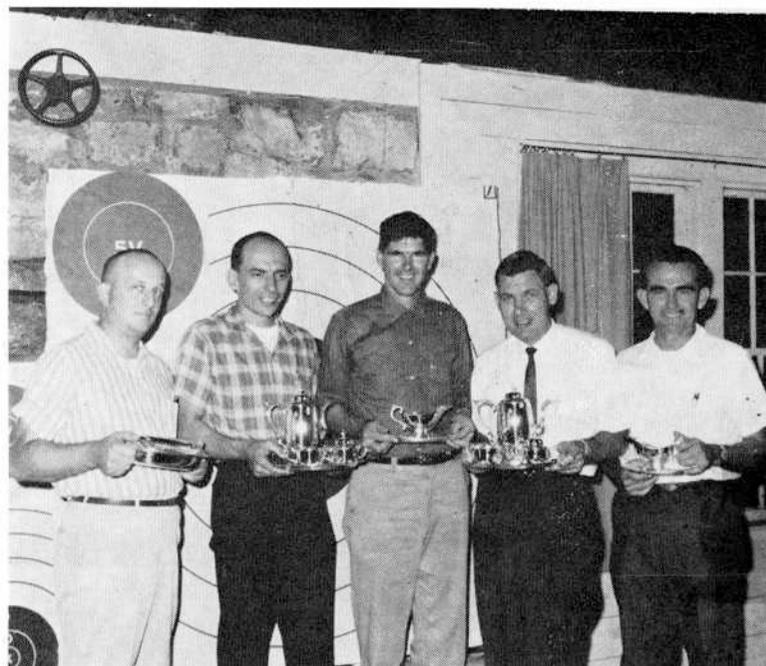

There are several non-credit courses also available in CPS Theory Review; Drawing; Art Appreciation, etc.

Many of the above courses, when related to job improvement, are eligible for reimbursement under the Carbide Educational Assistant Program.

More information may be obtained by calling the UT Evening School, Oak Ridge, telephone 482-2851.

"Well, I suppose it's part of the price of moving into a suburban industrial park."

A GRAVY BOAT AND TRAY to the Y-12er in the High Power Rifle League, E. A. Scott, right, who placed third in handicap firing for the season. Other winners, from left, are J. E. Mrochek, G. A. Reimann, A. S. Quist and E. M. Foley.

Carbide Hi Power Rifle League Names Winners As Season Ends

The All Carbide High Power Rifle League ended its season last month. After firing six rounds, the averages show that G. A. Reimann, ORNL, was top shooter in the scratch division with a 244 average. Second place went to J. L. Huff, Y-12, with a 243 and A. S. Quist, ORNL, with a 241 average.

In handicap firing it was E. M. Foley, K-25, with a 287.577 in first place. ORNL's J. E. Mrochek came in second with a 286.949 and E. A. Scott, Y-12, finished third with a 286.863 average.

League Averages:

Table with columns: Firer, Scratch, H'Cap. Lists names like A. A. Abbatiello, L. A. Abbatiello, J. T. Bell, etc.

Table with columns: Name, Scratch, H'Cap. Lists names like J. M. Miller, J. E. Mrochek, A. S. Quist, etc.

JAMES EARL BRADSHAW, age seven days, poses for Grandpop Frank Morrow, Uranium Chemistry. It's the first grandchild for Frank and he reports Jim a good baby. His mother, Frank's daughter, has been a medical technologist at Grady Hospital, Atlanta, for the past four years.

Junior Playhouse Has Tryouts For Dramas

Junior Playhouse tryouts will be held tonight, September 14, at 7:30 p.m. in the Playhouse auditorium. Auditions for the original "Go Far, Freddie Fargo," written by several members of the Senior Playhouse (including Dorothy Alford.) The show will be presented November 4, at the Playhouse.

Also "A Christmas Carol" readings will be held Saturday, September 17, at 10:30 a.m. and Sunday, at 7:30 p.m. About 14 men and six women, ages 20 and up; several boys and girls between the ages of 10 and 15 are needed.

Applications for the School of Stagecraft will also be taken at the same time. Boys and Girls between 1 and 16 are eligible to apply. Categories of interest include costumes, scenery construction, props, make-up, lights and sound.

HONOR OF WORK

"Labor disgraces no man; unfortunately you occasionally find men disgrace labor." . . . U. S. Grant.

**WHERE'S JUNIOR? . . . WHERE'S JUNIOR? . . .** The big Wildcat squad of Oak Ridge High School lines up for a pre-season picture. The Cats opened their schedule last Friday with an invasion

on Blankenship Field by Knox East. They play Bradley this week, Baylor next and Lenoir City September 30 . . . all at home. The "Big Red" team fell to East 7-6.

**Y-12'S PROUD CONTRIBUTION** to the hopes of the Oak Ridge Wildcat football squad line up. In the front row, from left, are Kenneth Land (N. H., Biology); Jeff Barwick (W. C., Machine Maintenance); Charles Rice (M. L., Casting Department); Dale Milton (H. T., Isotopes); and Gary Butner (M. A., Physical Testing). In the second row are Danny Rader (D. H., Superintendents); James Kurtz (J. J., Engineering Division); Bill McIlwain (R. L., General Weld Shop); Albert Buck (Oran, Utilities Administration); Alan Jenkins (Bernard G., Isotopes); and John Lay (John Lay, Specifications and Systems). In the back row are Alan Beddingfield (C. H., Buildings, Grounds and Maintenance Shops); Mike Henderson (C. O., Research Services); Mike Warren (J. E., Fire Department); David Young (J. L. Jr., Facilities Engineering); and Chip Murphy (L. T., Dimensional Inspection). Names of parent and department are in parentheses.

## Y-12 Braves Tie In Softball Tilt

The Y-12 Braves and ORNL Red Devils ended season's play in the softball League in a dead tie . . . Both teams won 16 games . . . lost only one . . . the Braves losing the first game off the bat.

Final week's action began last Tuesday as the Fireguards, coming alive late in the season, past the K-25 Sports 5 to 1. The Fireguards held the Sports to only four hits, therein lies the story.

The Red Devils reaching for at least a tie for fire-place in league standings took win number 15 Tuesday from the Clowns, 10 to 4. Midge McKinney and Milford Payne homered for the winners.

Bio finished Tuesday's play by polishing off the Naughts 17 to 8. Pete Wicks walloped a four-bagger for the winning team, Al Longest for the losers.

Thursday's play began as the K-25 Mets, who finished in fourth place, took the Ecobums 17 to 7. Jim Foreman and Bill Schellinger shelled out home-runs for the Mets . . . as the K-25 team knocked 18 hits to 11 for the Bums.

The Braves finished in a blaze of glory as they trimmed the K-25 Sports 10 to 3. Conrad Strike and Ray Riggs railroaded big homers for the champs.

The Red Devils took game number 16 to tie with the Braves, defeating Health Physics 19 to 13. Dave Smith knocked two homers, Charlie Dunn and Dick Bowman poled one each for the big team. Don Taylor and Bob Stone took four-baggers for the losing HP squad.

Team	W	L
Braves, Y-12	16	1
Red Devils, ORNL	16	1
Isotope-React, ORNL	14	3
K-25 Mets	13	4
Health Physics, ORNL	11	6
Eagles, Y-12	11	6
Bio, ORNL	10	7
X-10 Mets	9	8
K-25 Sports	8	8
Bat Boys, Y-12	8	9
Falcons, Y-12	7	10
Clowns, ORNL	6	11
Naughts, ORNL	6	11
Ecobums, ORNL	5	12
Sluggers, ORNL	5	12
Big Shops, Y-12	4	13
Peanuts, ORNL	3	14
Fireguards, Y-12	2	15

A best-of-three series of games will be set next week for a play-off between the Braves and Red Devils. The winner of this series will be crowned official Softball king.

The single elimination tournament is set now.

## 4 Classic Teams Take Big Sweeps

The Classic League hit the alleys with a fury last week, with four teams taking clean sweeps from opposition. The All Stars past over the Wasps, the Cubs clouted the Eagles, the Rebels rolled past the Markers and the Bumpers belted the Screwballs. Taking three were the Swingsters over the Tigers, the Smelters over the Has Beens and the Eightballs over the Playboys. The Rippers and Splinters split two points each.

Sewell Brown, Has Beens, rolled a 221 scratch game; J. H. Shoemaker, Rebels, posted a 246 handicap single. Brown was high in scratch counting in series with 582 and Howard Horne, Smelters, was high in handicap count with 632.

Teamwise, it was the Rebels with 927 scratch singles . . . the Swingsters in handicap singles, with 1035 and 2579 in scratch series. The All Stars' total pin count in handicap was 2943.

League standings follow:

Team	W	L
All Stars	4	0
Cubs	4	0
Rebels	4	0
Bumpers	4	0
Swingsters	3	1
Smelters	3	1
Eightballs	3	1
Rippers	2	2
Splinters	2	2
Tigers	1	3
Has Beens	1	3
Playboys	1	3
Wasps	0	4
Eagles	0	4
Markers	0	4
Screwballs	0	4

## Mixed Bowlers Hit Lanes Last Week

The eight-team Mixed League hit the bowling lanes last week early. The Twisters, with Spence Ferguson at the helm, took the only sweep of opening night, downing the Novices for the full count. The new Novices are captained by M. L. Cooper.

Three point wins went to the Roses 'N Thorns (another new team with Bill Hackett as captain) over the Goofers (Virginia Newby is captain.) The Mustangs (directed by Irene Carmack) took three from the Alley Cats (Jeri Kobisk's hopes in the league). The Rollers (with old-timer Charlie Gillihan as captain) rolled over the Hits & Misses (Jim Young, captain) by the same score.

C. R. Lively, Rollers, posted high scratch scores . . . 204 in a single, 558 series. On the female side it was Irene Carmack, Mustangs, with a 169 single . . . and Barbara Hackett, Roses 'N Thorns, with a 468 series. (Lillian Cantrell subbing for the Alley Cats rolled a 180 scratch single).

Paul Johnson, Goofers, in all

## PSS Division Picnic Saturday

The Shift Superintendent Division is planning its annual picnic at the Park this Saturday. (The Division consists of Utilities, Fire and Guard personnel, Security and, of course, the PSS folks.) Activities begin at 2 p.m. at the Carbide Recreation Area, Saturday, September 17. Softball games between teams from the various departments in the division, plus games for children and adults, will also be scheduled.

Picnic supper of hamburgers, hotdogs, chips, trimmings and trimmings and drinks will be served at 5:30 p.m.

All employees in the division and their families are invited to attend. Tickets are available throughout the division.

the excitement of opening night, picked up a difficult 6-4 split.

Team	W	L
Twisters	4	0
Roses 'N Thorns	3	1
Rollers	3	1
Mustangs	3	1
Goofers	1	3
Alley Cats	1	3
Hits & Misses	1	3
Novices	0	4

## Recreation

**Saturday, September 17**

PSS DIVISION PICNIC: 2 p.m. - Carbide Recreation Area, Melton Hill Lake.

**Monday, September 19**

BOWLING: 5:45 p.m. C League, Ark Lanes.

TENNIS: to be arranged by individuals as per schedule.

SOFTBALL TOURNAMENT: 6 p.m., Midtown No. 1.

**Tuesday, September 20**

PHYSICAL FITNESS: 7:30 p.m., Oak Ridge High School Gymnasium.

**Wednesday, September 21**

SMALLBORE RIFLE LEAGUE: 7 p.m. Clinton Indoor Range.

BOWLING: 8 p.m. Mixed League, Ark Lanes.

SOFTBALL TOURNAMENT: 7:15 p.m., Midtown No. 1.

**Thursday, September 22**

BOWLING: 5:45 p.m. Classic League, Ark Lanes.

PHYSICAL FITNESS: 7:30 p.m., Oak Ridge High School Gymnasium.

## Case Takes Skeet Shoot September 4

Jack Case zeroed in on the Skeet firing of September 4 to take high standings, firing a 49.192 score. K-25er W. H. Davy followed with a 48.991 and X-10er H. D. Wills scored a 48.654.

Sharpshooters who miss the high-flying birds should come on out to the next Shoot, set for Sunday October 2 . . . at 1 p.m. at the Oak Ridge Sportsmen's Association Range. Experts on the range will show you what to do to hit and save a lot of shells. Those having modified and full-choked barrels on their guns can practice on the trap field for those long shots.

Skeet scoring is always on a handicap basis . . . so the novice can get right in there with the best of them.

September scores:

Firer	H'Cap Score
Carl Brewster, Y-12	47.760
W. H. Davy, K-25	48.991
C. Asmanes, Y-12	48.338
J. Case, Y-12	49.192
F. S. Patton, Y-12	47.411
H. D. Willis, X-10	48.654
R. A. Allstun, Y-12	48.205
T. R. Webber, Y-12	47.064
B. Glover, Y-12	46.080

## Barger-Luckett HossShoe Champs

In the doubles Horseshoe Tournament, the Barger-Luckett combine tromped Y-12's Neimeier Lucke by 50 to 15 and then advanced to the finals by taking Leonard-Gray in a close one 50-40. Barger-Luckett became tournament doubles champs when they squeezed by Durham-Case 50-45 last Thursday.

In the singles elimination which also started Thursday, Bob Leonard took Bob Lucke 5-14, Tip Gray took Bob Long 50-27, Frank Zupan won over L. F. Bailey (subbing for Wagner) 50-38, N. O. Case downed Bill Tillery 53-26, and Charlie Neimeier won over Ed Hutto 54-36. In a quarter-final match Bob Leonard defeated Tip Gray 50-6.

This week Bill Helms meets Jesse Luckett and the winner meets Frank Zupan. M. H. Barger will collide with Avery Kendig . . . and the winner will play Neimeier and R. S. Durham pitches it out with N. O. Case.

## FRIEND TO WHOM?

## Big Army Band Concert Tomorrow

Oom-pa-pah . . . the U. S. Army Band is coming! The Army's finest musicians will be in Oak Ridge tomorrow, Thursday, September 15, at 8 p.m. at the Oak Ridge High School Auditorium.

The U. S. Army Field Band, known as the Kings of the Highway, has traveled over two million miles during the past 20 years, and have delighted audiences not only at home, but in 15 European countries, Canada, Mexico and three Far Eastern nations.

Major Wilmont Trumbell, conductor, served with the Fifth Army in North Africa, Italy and Germany in World War II, and was commanding officer and conductor of Fifth Army Band from June 1943 to December 1945. For outstanding service he was awarded the Legion of Merit and the Army Commendation Ribbon. He was also presented the Italian Cross for Valor.

It's all free and open to the general public.

That's tomorrow night at the Oak Ridge High School auditorium. The concert begins at 8 p.m.

## Art Center Sets New Fall Classes

A new 12-week session of classes begins at the Oak Ridge Community Art Center on Badger Road this week.

The 17 classes meeting once a week will include: five in oil painting (three morning, two evening), one in watercolor, two in beginning drawing and design, three in ceramics, two for children, and one for teenager, jewelry, sculpture, and lithography. Hours for adult classes will be either 9:30 until 12 a.m. or 7:30 until 10 p.m. Children and teenagers will meet from 4 until 5:30 p.m.

Classes will be taught on all levels, from beginning to advanced, and are open to all Art Center members. Anyone interested in becoming a member or in registering for classes is urged to contact Secretary Jane Richardson at the Art Center, either by telephoning 483-1182, or in person between 9 and 12:30 a.m.

All instructors are well-known Oak Ridge and Knoxville artists, most of whom are also experienced teachers.

pitalization . . . plus stitches, steel pins, and an over-sized bandage. (See photo.)

(How do you mow a bank of grass with a power mower? One employee suggests mowing horizontally with the bank . . . using golf cleats in safety shoes. He also says never mow wet grass. Not only is it slippery and dangerous . . . it clogs up the mowing blade. Never pull a lawn-mower backwards either. Last summer a Y-12er tripped over a stump and pulled the mower back with him over his feet.)

A power mower is a potential hazard. Used properly it is a boon to lawn-keepers. Used improperly . . . it has a different story.

The grass-mowing season is fast approaching its demise for the year . . . but Davis' experience serves a good purpose for everyone else. Never let your guard down, even for a second. Accidents happen in mere seconds!

## Paducah By Boat? Try A Round-Trip!

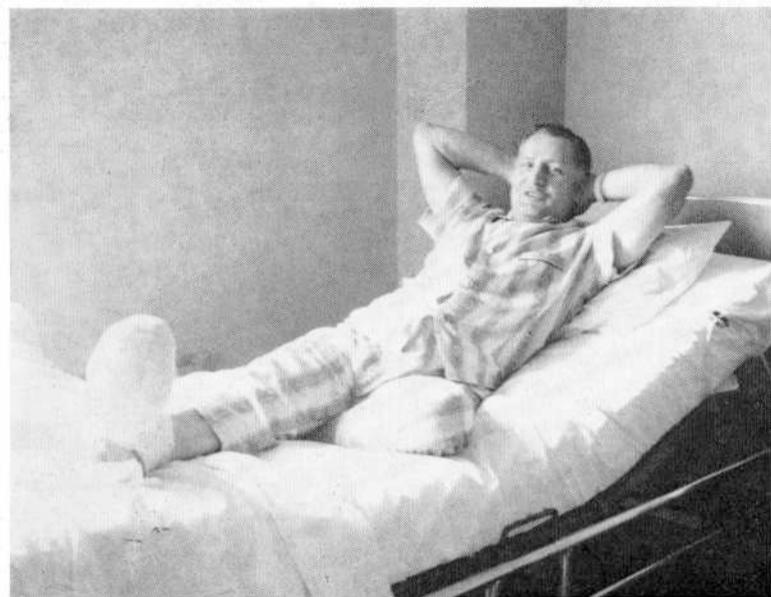

The Cothrons taking their houseboat to Paducah is nothing . . . says the Luther S. Hall family. In 1965 they took their boat Miss Dotty II to Paducah and back again!

The trip took three weeks with many, many ports-of-call. The Halls spent every night of the trip aboard the boat . . . and enjoyed every minute of it, returning to Anchor Boat Dock on Watts Bar Lake.

The Halls live in Oliver Springs. L. S. is in Y-12's Tool Grinding.

## TIME REMEMBERED

When you reach adulthood, your teen-age fads begin to look as silly as your parents said they did.

**DOWNED BY A LAWMOWER**, Glen L. Davis relaxes in the Oak Ridge Hospital. Davis sustained a mangled foot recently when he swapped safety shoes for sneakers to 'get the bank' of grass at his Outer Drive home.

## Glen L. Davis Shares Mower Mishap To Point Up Hazards In Sneakers!

A sad, but wiser man now is Glen L. Davis, Engineering Mechanics.

Ever a safety-conscious man, on and off the job, Davis let his guard down momentarily . . . and that's all the time an accident needs.

He was mowing grass recently at his 150 Outer Drive address. Safety shoes were always prescribed for this operation. But the bank provided a challenge that the safety shoes did not pick up . . . so Davis decided on sneakers for this particular part of his lawn.

He was adjusting screws on the starter mechanism atop his mower . . . and zip . . . his foot slipped under the mower.

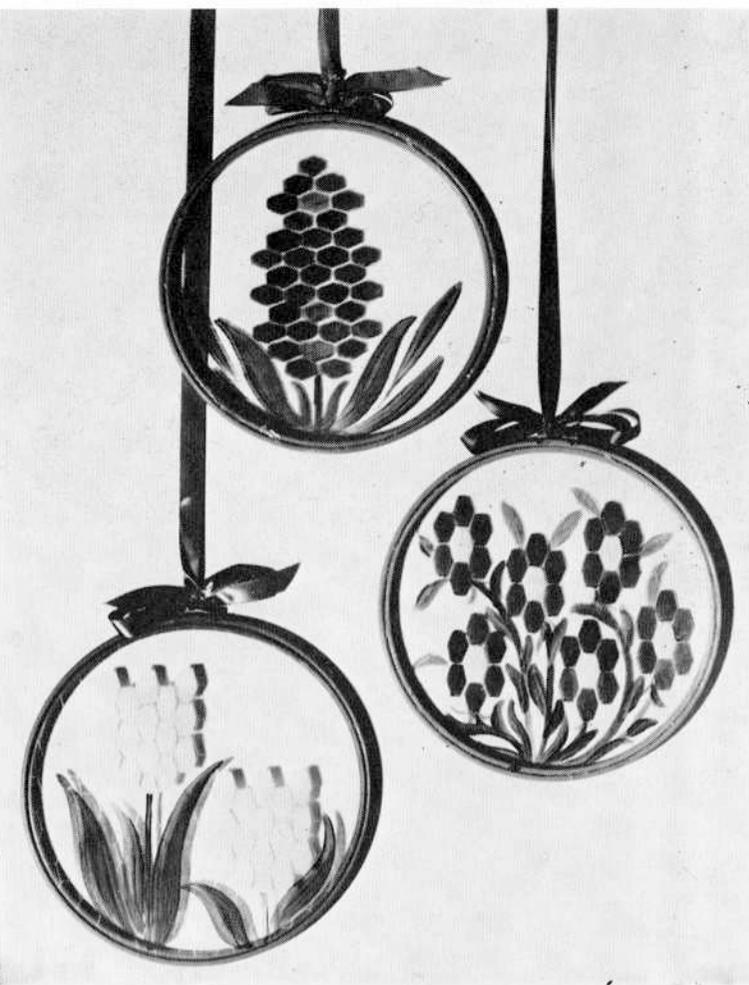

Fortunately, he lost no toes . . . but sustained a nasty mangle on his left foot which required hos-

## ASME Sponsors Smoker Tomorrow

The Oak Ridge Sub-Section of the American Society of Mechanical Engineers will hold an organizational smoker tomorrow. The meeting is set for 8 p.m. Thursday, September 15, at the Knights of Columbus Hall, 190 North Purdue Avenue, Oak Ridge.

A film of the UT-UCLA football game will be shown and Bud Ford, Sports Publicity Department, University of Tennessee, will speak on the 1966 prospects for the Vols. Free refreshments will be served and prospective members are welcome.

The chapter's officers are B. B. Smith, chairman; C. A. Brandon, vice chairman; J. C. Moyers, secretary - treasurer; L. A. Haack, program chairman; D. L. Gray, Honors and Awards; G. D. Whitman, publicity; and F. H. Neill, student counselor.

**AN ATTRACTIVE MOBILE**, do-it-yourself-style, is seen above. Simple to make, all you need are some embroidery hoops, "Glad" wrap, and some water colors. A rainy day project to brighten up any room in the house.

## 'Glad' Wrap Mobile Interesting Project Designed For Rainy Day

Something to do on a rainy day? . . . make yourself some attractive mobiles from Glad-Wrap!

Flower mobiles—lovely decorations that add charm to any room—are simple and easy to make, and the materials are readily available.

You will need embroidery hoops, textured "Glad" Wrap, a watercolor brush and "Liquitex" artists' colors (they work well on plastic).

First, paint the hoops a pretty pastel color (a primary color plus

white). When they are dry, place a piece of wrap in the frame as you would embroidery material. Trim off excess. Create and paint designs on the wrap using the hexagon pattern as a guide to form flowers. Leaves can be added with a few brush strokes.

Strip a ribbon through the spring on the hoop. Tie a bow leaving one end long so you can hang the mobile.

And there you have it, a free-swinging, attractive, do-it-yourself creation!

**Will join car pool from Crestwood Hills section, Knoxville, to North or Central Portal, straight day.** Bob Wesley, plant phone 3-6510, home phone Knoxville 588-6800.

## SENSIBLE SMILES

It must be frustrating to a sensible girl when she observes the way sensible men smile at silly girls.

Wife to grouchy husband: Could I have \$10? . . . that should tide me over until you're in a better mood.

## Secretaries Plan Two Fall Classes

The Oak Ridge Chapter of the National Secretaries Association (International) will sponsor two classes through the Adult Education Program in Oak Ridge during the Fall Quarter. A Business Law class will meet Wednesday from 6:30 to 9:30 p.m. J. B. Scott, local attorney, will be the instructor (Buddy, a former Y-12er is Mildred's husband.) A Secretarial Accounting class will meet Thursday from 6:30 to 9:30 p.m. with Yvonne Lovely as the instructor.

These classes will be oriented toward those studying for the Certified Professional Secretaries examination which is sponsored by NSA and given early in May each year. However, they would be beneficial to anyone interested in further study in the secretarial field. A review course in secretarial skills, to begin in January and run to May 1, is tentatively planned.

Registration for these classes is taking place this week at the Adult Education Office, Oak Ridge High School. Further information may be obtained by calling AEO, or Mary Helen Owen, extension 3-1144.

Loose talk is very dangerous.
