

CREDIT UNION ENDS YEAR WITH ASSETS OF \$250,000

New AEC Passes Will Be Issued For Residents

Employee Relatives Will Have Pictures For Identification

Wives and other relatives of Y-12 employees now holding resident identification passes issued by the Atomic Energy Commission permitting them to drive their automobiles into the AEC controlled area soon will receive the new type pass now being issued by the AEC for such privilege.

Present Passes Expire August 31

Issuance of the new type of pass, which will bear a picture of the person to whom the pass is issued by the AEC, began July 1. The present passes, not bearing a picture but having a number the same as that on the decal sticker issued for passage of the automobile into the controlled area, will expire August 31.

The decal stickers will not be required after August 31 and admittance to the controlled area for drivers and passengers will be by plant identification badge or the new resident identification pass.

Notification By Mail

The change in pass procedure by the AEC will mean that persons now holding the old type of resident identification badge will be required to come to the Y-12 Badge and Pass Office at the North Portal and be photographed so that the new passes may be prepared. The present pass holders will be notified by mail when arrangements are completed for them to have pictures made and are asked not to report before receiving this notification.

After receiving the new passes the holders will not be restricted as to what automobile they drive into the controlled area.

New Passes Are Larger

The new AEC resident identification passes are slightly larger than the present passes and are printed in blue instead of the present orange. The picture is placed on the left side of the pass with the name of the pass holder, the signature and other necessary information on the right.

J. J. Goodman Receives Plaque In Recognition Of Bravery In Rescuing Boys From Icy Pond

J. J. GOODMAN, OF Y-12, SECOND FROM RIGHT, IS SHOWN receiving his award for bravery from Harry Weaver, second from left, outgoing president of the Oak Ridge Safety Council. At left is Gentry Underwood, Y-12 Superintendent of Plant Protection. Behind Goodman is Judson E. Temple and at far right is J. F. Carpenter, both of the Y-12 Safety Department.

Jamie J. Goodman, of the Y-12 cafeteria, was a proud man last Friday night. He heard himself lauded for bravery for the rescue from drowning of three boys last February and then received a handsome plaque from the Tennessee Safety Council in recognition of the deed. The ceremonies took place at a meeting of the Oak Ridge Safety Council at the Oak Terrace at which time the city of Oak Ridge received additional safety awards and the safety accomplishments of the city and operating companies for the year 1950 were reviewed.

The Goodman plaque is handsomely embossed in green and mounted on a wooden base. It reads:

Tennessee Safety Council Award To

Mr. J. J. Goodman
Oak Ridge, Tennessee

for heroic action on February 4, 1951, by rescuing three boys, Jolly Holcombe, age 12, Joe Fowler, age 12, and Ralph Pantiuso, age 13, from drowning in freezing water at the risk of his own life.

The plaque was presented to Goodman by Harry C. Weaver, outgoing president of the Oak Ridge Safety Council. He represented Tom Springfield, of Nashville, a director of the Tennessee Safety Council.

Goodman's response was brief, the Y-12er expressing great appreciation for the award and modestly discounting his feat.

The deed for which Goodman was honored occurred when he saw the three boys break through the ice while skating. He plunged into the pond and held their heads above water until a lifeline was thrown to pull all four to safety.

Daniels To Speak At Seminar Meet

Dr. Farrington Daniels, of the University of Wisconsin Chemistry Department, will speak at a meeting of the Biology Seminar on next Thursday, July 12. The meeting will be held at 3:30 p. m. in the third floor conference room of Bldg. 9207. Dr. Daniels' topic will be "Thermo Luminescence of Crystals."

Phillips Resigns, Williams Elected As New President

Organization Has 1,483 Members; Growth Rapid In Year Of Operation

Joe Williams Don Phillips

The Y-12 Employees Credit Union observed its first anniversary last week in a year marked by steady growth from scratch to a lending and investment organization with assets of more than \$250,000. This represents the amount of shares at \$5 each now held by 1,483 members. Since its inception a year ago the credit union has loaned a total of \$366,900.61 and \$387,620.14 in shares have been bought in that time.

It was June 29, 1950, that the credit union first set up shop for business after being organized by a group of representative Y-12ers from all parts of the plant with the objective of forming an organization from which employees could borrow at low interest rates and also one that would prove attractive to an investor wishing to save substantial sums.

As the credit union ended its first year of operation Don Phillips, who has been president of the organization since it was formed, resigned last week because of a change of jobs. The board of directors elected Joe Williams to fill the vacancy.

Phillips Issues Statement

After tendering his resignation to the board Phillips said:

"Because of circumstances beyond my control, it was necessary for me to resign as president of the Y-12 Employees Credit Union. Naturally this step is regretted by me, but it is a necessary one. Since the office is being left in very capable hands I know the operations of the credit union will be more successful than ever.

"In reviewing the past year of credit union activities I am amazed beyond words at the cooperation and success of our organization. We started from scratch and now are a growing concern with more

AEC General Manager Boyer Stresses Need For Security On Classified Information

The importance of maintaining the security of classified information again has been stressed by Marion W. Boyer, General Manager of the Atomic Energy Commission. In a statement to all personnel of the AEC and its contractors, the General Manager emphasizes that the utmost discretion should be exercised by everyone in discussion of classified information — even among employees who hold "Q" clearances. The "need to know" should be ascertained before any such discussions of classified information, Mr. Boyer points out.

The statement by Mr. Boyer follows:

Programs Are Expanded

"The current international situation has necessitated considerable expansion of atomic energy programs in practically all fields of operations. A large percentage of the information concerning these programs is classified.

"In this regard, I wish to emphasize that the utmost discretion on the part of all AEC employees should be exercised—even in discussions with fellow employees. The 'need to know' must be ascer-

Two Groups Retain Major League Lead

Plant Engineering and Electrical Maintenance remained in the first two places in the Major League attendance standings when during the week ending June 24 both reported extremely low absentee figures. In fact Plant Engineering repeated its record of the previous week of .3 per cent while Electrical Maintenance reported .8 per cent of its personnel absent for the latest reporting period as against .5 per cent the preceding week.

Third place in the Major League

Swimming Party For Y-12ers To Be Held Next Thursday Night At Oak Ridge Pool; Contests And Fun Promised For Everyone

Y-12ers will be expected to get along swimmingly come the night of Thursday, July 12, at the Oak Ridge swimming pool, beginning at 8 p. m.

The occasion will be a novel swimming party—the first of its kind ever staged by the Y-12 Recreation Office. It is being planned with the aim of offering a lot of fun, swimming, dancing, contests and prizes—and a chance to get cool—if the weather holds out in its present trend of heat.

All Y-12ers—and that means all and their guests—are invited and

urged to turn out for the swimming party. The pool has been chartered for the night after 8 o'clock and an admission charge of 50 cents per person will be charged to defray expenses. There will be no advance sale of tickets—just pay as you enter.

Those contests are expected to be real killer-dillers. Swimmers will compete in a free-style race. There will be fancy and comic diving and a strip race. That one should bring down the house. Swimmers must start out fully dressed, twim to float, undress to

swim suits and return to the bank.

Oh, yes, a beauty contest will be held—for both women and men. Another event will be a contest to see who can turn out in the most outlandish bathing suit and this one is open for both men and women contestants.

So everybody will have a chance to get into the act, prizes will be awarded to the youngest and oldest swimmers attending the party.

So make plans now to be on hand at the swimming party—and don't forget the date, next Thursday night, July 12, from 8 o'clock.

Catholic University Visitor To Address Seminar Meeting

Dr. D. B. Beard, a summer visitor in the Oak Ridge National Laboratory from Catholic University, Washington, D. C., will speak at the weekly meeting of the Oak Ridge Physics Seminar Friday afternoon of this week. The meeting will be held at 4 o'clock in the East Lounge of the Ridge Recreation Hall.

Dr. Beard's topic will be "Level Density of Nuclei." All Y-12ers interested in the subject are invited to attend.

Well, here comes another week with the second-team columnist on the job—just doing the best job possible with the help of you fine folks. Incidentally, Miss Esther will be back this week—we hope—to take over. Another incidentally—she said she was just going to visit down at Sweetwater and Chattanooga during her vacation, but it is learned through a picture post card and other agencies that she went to Florida with her twin sister and brother-in-law. Naw, the brother-in-law ain't the twin. Now to get on with the business at hand . . .

Our good friend and correspondent in Planning and Estimating, Helen Sisson, is vacationing for a week and hopes to get the 'taters and beans worked and still have enough time to visit up in Kentucky. . . . W. T. McNamara and family are getting ready to bask in the Florida sun. Good luck to Millie (Mrs. McC.) and her friends in the department hope the sun will help her after her recent illness. . . . Jessie Guinn also is vacationing for a week. . . . Pete Rinderer has just returned from a Florida vacation, going and coming the long way around, taking the coast road and seeing the scenery. Of course, he had his family along.

Joy Kay Huffstetler, of Medical, is leaving to go to San Antonio, Tex., with her husband, who has been called to active duty with the Army. Louise Worthington is a-restin' and a-fishin' at home near Clinton while vacationing.

Harold J. (Shorty) Ratjen, of the Superintendents Department, is spending his vacation with his folks in New York.

Another vacationer in New York this week is Frank Lambert, of Research Engineering, who is visiting in Lake George.

The Guard Department reports Sgt. G. A. May and R. K. Kite are vacationing for two weeks, destinations unlisted.

Electrical Maintenance is welcoming a number of new folks—including H. L. Gross, F. W. Plemons, W. D. Brock, T. J. Anders, M. M. Carty, R. M. Rowan and W. Davis. Howdy, men. . . . H. K. Bailey is vacationing in Alabama. . . . Other vacationers are H. E. Argo, J. W. Gibson and Evan (The Hole Truth) Means.

Isotope Research and Production Division folks are traveling far and wide on vacations. . . . Alma Shaw is visiting friends in Washington and Virginia Beach. . . . Joe Walton is touring Florida and will return via New Orleans, planning to do some big sea fishing while away. . . . Frank Scheitlin selected Evansville, Ind., for his trip. . . . Hank Buttram is working on his farm at Beaver Creek and also plans to go to Birmingham, Ala., for a few days. . . . Roy Roseberry

went to Bluefield, W. Va. Irene McCrosky, of the Cafeteria, is spending her vacation at Sweetwater. . . . Madeline Tackett is taking a couple of weeks to visit friends in Detroit. . . . John Webber is vacationing for two weeks somewhere. . . . Jamie Goodman is recovering from those honors bestowed on him last week and is vacationing with his son, a student in the University of Tennessee dental school in Memphis. They plan to catch up on their fishing.

The Bulletin received a nice letter from Lt. W. T. Ward, formerly of the Materials Chemistry Division and now Project Officer with 4925th Special Weapons Group at Kirtland Air Force Base, Albuquerque, N. M. He says he reads the paper from cover to cover and admonishes the editor to check on the story of Bob Kelly's bass catch "as I believe the fish jumped into the boat." Okay, Bob, how about you answering Bill—by mail. Ward invites any old pals here to be sure and pay him a visit if they are out thataway. . . . News also has been received from another Y-12er in service. He is Kenneth M. Perkins, formerly in Product Chemical, who sends a card announcing his new address is Pvt. Kenneth Perkins, 4353075237, 124th Co., Third Battalion, Second Student Regiment, Fort Benning, Ga. How about some of us back home dropping him a line.

C. M. Stucky, of the Tools Department, is vacationing at home this week.

Maintenance Shops reports Jack Case is away down in Delray, Fla.—a real garden spot—on vacation.

T. A. Williams, the genial check cashier in Manufacturing Office, is vacationing in Washington and Atlantic City for a couple of weeks, hoping to catch a few major league ball games while away. . . . Belated recognition is given Maola Connor, recently elected and installed as recording secretary of the Business and Professional Women's Club of Oak Ridge.

Roscoe Angel, of Property, is vacationing for a week.

Trasda Joiner, of Personnel, is vacationing at home and visiting the Smoky Mountains. . . . Lucille Whitman and her husband, Graydon Whitman, of Isotope Research and Production, are vacationing for a week up in Fostoria, Ohio. They recently spent a week down in Florida. . . . Robert T. (Eagle Beak) Cantrell is vacationing—no telling where. . . . Briscoe Ivy, who drives more miles than anybody betwixt here and Knoxville, is vacationing. He's going to catch up on his fishing and may paint his house, if it isn't too hot.

The Reactor Technology Division extends best wishes for a rapid recovery for Louise Bond, who is recuperating from injuries received in an automobile accident. . . . Dr. R. C. Briant is vacationing in New Jersey this week. . . . The Division welcomes Kit Martin back on the job after a long illness. . . . A hearty welcome is extended to G. F. Wislicenus, who is working here from Johns Hopkins University.

The General Electric group reports that R. L. Potter made quite a tour on vacation—visiting Pensacola, Fla., Houston, Tex., New Orleans and Little Rock, Ark. . . . Reid Wingard did some deep sea fishing while vacationing at Daytona Beach—taking a side trip to Silver Springs. . . . Harold L. Adcock visited relatives in California while vacationing.

The Analytical Laboratory extends a welcome to Ruby Osborn and Frances McKnight, new employees. . . . Edna Gilliland went to Murfreesboro, Tenn., for a week end. . . . Gretchen Hamilton spent the week end down at Chattanooga.

The week of July 2 proved popular for vacation trips by Product Chemicalites. (Could Santa Claus

MRS. FRANCES SEXTON, WIFE OF FRED SEXTON OF THE Y-12 Personnel Department, second from left in front row, is shown receiving a trophy for being the most outstanding active member of Alpha Rho Chapter, Beta Sigma Phi Sorority. At left is Helen Thomas, Oak Ridge National Laboratory, with the chapter trophy for being the outstanding pledge of the year. Others in the front row are Dee Carter, Roane-Anderson; and Juanita Dudley, K-25. In rear, from left, are Margaret McKenny, Larene Evans, June Hart, Ruth Williams and Florence Hausch. With the exception of June Hart, who works at K-25, all the others are Y-12ers.

Boyer Stresses Need For More Security

Continued from Page 1
tained before discussing classified information with anyone, even though that person holds a 'Q' clearance.

"Classified information, oral or written, should be disseminated, according to prescribed security practices, only to those cleared persons who must have that information to carry out their assigned duties. Remember, the more people who know a secret—no matter who they are—the less chance there is of its being kept. Every AEC employee is obliged to help assure the common defense and security of the nation and must be guided by the fact that atomic energy classified information shall not be discussed with, or in the presence or hearing of, persons unauthorized to have knowledge thereof; and that discussions of classified information in homes of relatives or friends, in public places or public conveyances, is strictly prohibited.

"The responsibility for keeping any and all discussions pertaining to classified information gained during performance of normal duties within the confines of official authorized AEC channels is yours and must be strictly enforced."

Thomas L. Hart, Harry G. Hilbert and Cleveland Cannon, Product Chemical; Benjamin W. Beckham, Electrical Maintenance; Donald R. Ward, Biology; Samuel G. Dornan and James T. Fry, Guard Department; Edward R. Pollard, Chemical; Kenneth E. Caughron and Lee R. Bailey, Maintenance Utilities; Peggy F. Reeve, Analytical Laboratory; Cordell H. Dixon, Stores; Louise W. Bond, Electromagnetic Research Division; and Mary F. Williams, Janitors.

Two Groups Retain Major League Lead

Continued from Page 1
was shared by Stores and the Guard Department with identical absentee records of 1.82 per cent. Six Departments Perfect

Six departments in the Minor League reported perfect attendance marks for the week ending June 24, the same number as the previous week. Four were repeaters, Steam Plant, Property Sales, Cafeteria and Canteen and Employee Relations. The other two were Superintendents and Medical, advancing from seventh and ninth places.

Second place in the Minor League was held for the second straight week by Manufacturing Office, which had .56 per cent absenteeism. Receiving and Shipping stepped up from fourth place to third and had an absentee mark of .59 per cent.

Plant Record Improves
The plant-wide absentee record for the week ending June 24 was 2.3 per cent, .1 per cent lower than the preceding week.

The record for the week ending June 24, by departments, follows:

Dept.	MAJOR LEAGUE		More Than 50 Employees Scheduled	
	Percentage Absent	Standing	6-24-51	6-17-51
2060	0.3	1	1	1
2077	0.8	2	2	2
2142	1.82	3	3	5
2091	1.82	3	3	5
2018	1.9	4	4	10
2282	2.36	5	5	10
2015	2.38	6	6	8

TEN CHARMING LITTLE DAUGHTERS OF Y-12ERS ARE shown above as they appeared in a recent dance recital given by students of Frederick Stansberry under auspices of the Pine Valley School Parent-Teacher Association. The children, from left with their fathers' names in parenthesis, are Nancy Fulkerson (S. D.); Karen Struxness (E. G.); Holly Hemphill (Leo); Bobby Jo Watson (Ralph C.); Ann McNamee (George J.); Carolyn Scott (B. I.); Shirley Collins (W. C.); Rita McNamee (G. J.); Patricia Wheeler (J. P.); and Molly Morgan (W. L.). The dancers are Miss Ann Hartle Harrison, of Chattanooga, and Stansberry.

Y-12 Handicap Medal Play Golf Tournament Is Scheduled For July 5-20 Over 36 Holes

Plant golfers now pastiming in the plant league will be given an opportunity to match their links ability against Old Man Par when the Y-12 Handicap Golf Tournament will be staged over the Oak Ridge Golf and Country Club course July 5 through July 20.

All Y-12 golfers with an established handicap based on at least 27 holes of play as of June 18 will be eligible to compete in the medal play tournament.

Must Play 36 Holes

Golfers in the tournament must play 36 holes during the time limit

of the tournament. The 36 holes must be evenly divided with 18 holes on the first nine and 18 on the second nine. The players may play any part of their required 36 holes at different times.

Scores made during play in the Y-12 Plant Golf League may be submitted for tournament play, but the player submitting the card must be playing with at least one more golfer and both must sign the score card.

All contestants intending to play a round for tournament score must make known their intentions by signing out at the professional's

shop at the course before starting a round. No scores will be counted unless this is done by the player.

League Rules To Prevail

Regular league course rules will prevail in the handicap tournament and a tournament committee composed of George Nettle, K. D. Brown and Don Matlock will direct the event.

Trophies will be awarded the winner and runner-up in the handicap tournament.

The annual Y-12 Match Play Tournament will be staged at a later date, to be announced in The Bulletin.

Red Birds, Robins Keep Slates Clean In KSA Leagues

SCHEDULE FOR WEEK

Men's Softball
Friday, July 6, ORNL at Oak Ridge.
Monday, July 9, Watsons at Knoxville.

Women's Softball
Friday, July 6, K-25 at Oak Ridge.
Tuesday, July 10, Vestal at Knoxville.

The Y-12 varsity softball teams got good starts in the Knoxville Softball Association leagues second half of the season last week, being undefeated for second half play. The Red Birds turned in a pair of wins in the men's division and the Robins won their only start. However, the Birds dropped a 5 to 1 clash to K-25 in a postponed first half game.

Loy Hits Grand Slammer

Bobby Loy was the big gun in the Red Birds' wins over Maryville in an overtime nine-inning fray by 5 to 1 and an 8 to 7 decision over Georgia-Tennessee Produce. Loy held Maryville to four hits and slammed out a grand slam homer in the ninth for the winning runs. He had a lot more trouble with the Produce team, barely winning as the Birds matched their eight runs with the same number of hits and errors.

The big hurler's wildness and errors cost the game against K-25 as the Birds' old nemesis "Po" Smith held Y-12 to three hits, although K-25 could only get a pair off Loy.

Robins Rout Graveson

Helen Aikman tossed a fine two-hitter as the Robins routed Graveson, first half of the season winners, by 6 to 3. The Robins got a running start and were never headed. Two double plays by the Robins helped matters along. With the bases full Aikman grabbed a grounder and tossed to Catcher Pat Roberts for a force play and a relay to Ruby McGinnis got the other out. In another twin killing Juanita Reed took a grounder, tagged the runner on the line and tossed to McGinnis for the out.

Loy is leading the men's division in hitting with a lofty .459 average while Pat Roberts is fifth among the women with a .394 mark. Aikman is hitting .375 and Reed .330 for the Robins.

Line scores follow:

Team	R	H	E
Y-12	000	001	004
Maryville	010	000	000
Loy and Pratt.	Clark and Housley.		

K-25	140	000	0—5	2	0
Y-12	001	000	0—1	3	4
Smith and Burton.	Loy and Pratt.				

Team	R	H	E
Y-12	111	122	0—8
Ga.-Tenn.	101	031	1—7
Loy and Pratt.	Humphries, Johnson and Smith.		

Team	R	H	E
Y-12	150	000	0—5
Graveson	200	100	0—3
Aikman and Roberts.	E. Koontz and F. Koontz.		

COAL MEN CONFIDENT

National Coal Association members have been told that they have nothing to fear from atomic power because it will never replace coal, says the Washington Post. The association quotes a British scientist.

Y-12 SPORTS NEWS

THEY DON'T WEAR FANCY UNIFORMS BUT THE Y-12 Plant leaguers have a lot of fun in their games, a bit of action from one being shown above. First Baseman Joe Walton, of the Isotopes, has just completed a putout of Charley Peterson, of the Duds. The umpire, getting ready to make the call, is Paul Owens.

Varsity Golf Team Of Y-12 Blanks Sears By 24 To 0; Winners' Average Is 78.5

The Y-12 varsity golf team blanked the Sears-Roebuck divot diggers Sunday afternoon at Oak Ridge by 24 points to 0 to maintain their unbeaten mark in the Smoky Mountain Golf League.

With Y-12ers being mentioned first scores were Door 75 Smith 86, Meece 77 Thompson 88, Bauman Shugart 78, Paylor 92, Sweat 80, Hammond 97, Barker 81, Bush 96, and Caldwell 82, Ellis 97. The Y-12ers average was a good 78.5.

League standing follows:

Team	W	L
Y-12	4	0
Standard Mills	2	1
K-25	2	1
Rohm-Haas	2	1
Sears	2	2
TVA	1	2
Alcoa	1	3
ORNL	0	4

Activators, Favatella Sweep Summer Bowling Loop Honors

Wednesday, June 27, was Activator night in the Y-12, K-25 Summer Bowling League, with the Y-12 team taking all the scoring honors and winning two points from the league leading Slivers of K-25. The Gophers and the All Stars, both from Y-12, each won a point from their opponents.

Frank Favatella of the Activators had the high handicap single game with a 262 and the high handicap series with a 636. In the team scoring the Activators had a 1052 handicap single game and a 2877 handicap series, both high for the night.

Y-12 Women Netters Beat K-25 Lassies; Capture First Half

The Y-12 team of the Women's City Tennis League defeated the K-25 team 4 to 2, to win first place honors in the first half of league play. The Y-12ers won two singles and two double tilts in their Monday, June 25, victory.

In the singles Gillian won over Colley, 6-4, 6-3; Rankin defeated Fox, 6-4, 1-6, 7-5; Patrick lost to Gilbert, 3-6, 3-6; and Trammell defeated Freestone 6-3, 6-3. In the doubles matches Hale and Thompson defeated Bacon and Michelle, 7-5, 8-6. Lambert and Flynn gained the final victory for the Y-12 team by default.

The final standing at the end of the first half of league play is: Y-12, 15 wins against 9 losses; ORNL, 12 wins against 10 losses, and K-25, 9 wins against 13 losses. The Y-12ers begin the second half on Monday, July 9, at 5:30 p. m., on the Jefferson Courts.

Three Teams Tied For Top In Plant League; Orphans Capture First Half Crown

SCHEDULE FOR WEEK

Thursday, July 5, 6 p. m., Rusty 9 vs Sparks. 7:30 p. m., All Stars vs Bldg. 9211. 9 p. m., 49ers vs Grocers.

Monday, July 9, 6 p. m., All Stars vs Rusty 9. 7:30 p. m., Sparks vs Grocers. 9 p. m., Orphans vs 49ers.

Tuesday, July 10, 6 p. m., Duds vs Bldg. 9211. 7:30 p. m., Bldg. 9212 vs. Isotopes.

Wednesday, July 11, 6 p. m., Bldg. 9211 vs Grocers. 7:30 p. m., Rusty 9 vs Bldg. 9212. 9 p. m., 49ers vs Sparks.

A three-way tie existed in the Y-12 Plant Softball League at the end of the week's play last Thursday with the Orphans, Bldg. 9212 and the Duds boasting records of three won and none lost. Meanwhile, the Orphans finally won the first half of the season championship in a postponed game staged Monday night, June 25, when they walloped the Isotopes by the score of 12 to 6 behind the four-hit pitching of Elmore Koons. A big eight-run sixth inning brought the victory.

The hitters again had a large time last week with some large scores being registered. The All Stars and Bldg. 9212 both hit the 20 mark in scoring in overwhelming victories. On the other side there were a couple of close ones with the Grocers trimming the Sparks by 5 to 2 and the Orphans edging the Isotopes by 12 to 6.

All of the scheduled games were run off last week with the exception of the Thursday night program, which was called off because of wet grounds. All of the postponed games have been set back to the end of the season and will be played then if needed to determine the second half of the season winner.

Line scores of last week's games and the standing in the second half through last Thursday night follow:

Team	R	H
Grocers	031	000
Sparks	000	001
Grocers: Doss and Hutto.	Sparks: Maness and Lanier.	

Rusty 9	2	0	2	1—5	7
All Stars	2	5	12	6—25	19
Rusty 9: McAllister and Morris.	All Stars: Cottrell and White.				

Isotopes	100	400	1—6	4
Orphans	013	008	x—12	11
Isotopes: Killian and Frazier.	Orphans: Koons and Noe.			

Rusty 9	4	4	3	0—11	5
Orphans	4	3	5	2—14	6
Rusty 9: McAllister and Morris.	Orphans: Simmons, Koons and Stephans.

Turf Riders Rip Rippers For Golf Loop Half Title

Shooting steady and consistent golf while their opponents found the going tough on Monday, June 25, the Turf Riders walked away with the playoff match for the championship of the first half of the season in the Y-12 Plant Golf League. Their victims were the Rippers with the final score being an overwhelming 11½ to 24½ in favor of the Turf Riders.

Individual net and handicap scores for the Rippers were Tiller 43-37; Spears 50-44; Hooks 62-49, and Holzknicht 52-43. For the Turf Riders scores were Cater 40-36; Brown 43-33; Sherrod 48-42, and Matthews 47-37.

Peckman To Pilot Cardinals; Mark To Date Creditable

SCHEDULE FOR WEEK

Thursday, July 5, 8 p. m., Chapman Highway at Oak Ridge.

Saturday, July 7, 8 p. m., Corryton at Oak Ridge.

Sunday, July 8, 3 p. m., Rockford at Rockford.

Wednesday, July 11, 8 p. m., Oak Ridge National Laboratory at Oak Ridge.

Veteran southpaw hurler Paddy Peckman took over the manager's post for the Y-12 Cardinals last week as Bill Burns was forced to resign because of press of Company work. However, rain and postponements kept the ball club from active play, although they got in four innings against Rockford last Wednesday before the rains came. The Cards were trailing at the time.

Considering the fact that job requirements and other causes have prevented the Cards from mustering full line ups on several occasions this season, the team hasn't done too bad. It has won seven and lost nine against good opposition and has scored 112 runs to 105 for the opposition.

Two Golf League Teams Deadlocked For Leading Spot

The Four Hundreds and Rough Riders were tied for top spot in the Y-12 Plant Golf League after play last week, each team having two points won and none lost.

Matches last week saw the Four Woods trimming the Green Rays by 17 to 19, the Four Hundreds bouncing the Hooks by 12 to 24, the Turf Riders edging out the Divots by 16½ to 19½, the Rippers taking the Deacons by the same score and the Rough Riders beating the Birdies by 12½ to 23½.

League standing follows:

Team	W	L
Four Hundreds	2	0
Rough Riders	2	0
Rippers	1½	½
Four Woods	1½	½
Turf Riders	1	1
Divots	1	1
Deacons	1	1
Green Rays	0	2
Hooks	0	2
Birdies	0	2

Seven Y-12ers Play In Tennis Tourney

Play was started last Saturday in the Oak Ridge Tennis Club tournament with seven Y-12ers entered. Finals probably will be played Sunday, July 15. Entered from the Y-12 men's team are Fred Hurst, Nathan Smith, Al Hodges and Bertice Capehart. Joan Gillian, Mozelle Rankin and Mary Freestone represent the women's team. Hurst and Smith will combine for double play as will Hodges and Capehart.

She said she felt like a young colt, but she looked like an old .45.

Credit Union Ends Year Of Operation

Continued from Page 1
than \$250,000 in assets.
"This is in itself explanatory of the cooperation I received from the board, committeemen and members of the credit union. I can only wish every member the best of luck in years to come."

Present Officers Are Listed

As the credit union enters its second year of operation the officers are Williams, president; K. O. Johnson, vice president; Lorena Causey, treasurer; and Tr a s d a Joiner, executive secretary. These officers and E. W. Means, Chester Estes and Allen Schrader form the board of directors. The credit committee that passes on all applications for loans, is composed of Gordon Fielden, chairman; George Stukenbroeker and Lewis Childs, with Paschal Hamrick and C. O. Johnson as alternates. The supervisory committee, watchdogs of the treasury who check periodical audits of the credit union, is formed of Ward Foster, chairman; R. C. Kelly and Morris Fortenberry.

It was back in the spring of 1950 that the idea of organizing a credit union in Y-12 was born. More than 100 employees were interested in the movement and a plant-wide committee was formed composed of Allen Schrader, W. K. Palmer, Clarence Johnson, Winfred Ray and Phillips. It started the preliminary work that culminated in obtaining a charter on June 19, 1950, and opening of the office 10 days later.

Move To Larger Quarters

The first office of the credit union was in a small room on the first floor of Bldg. 9704-2 with officers, members of the board of directors and committee members attempting to handle all of the business without outside aid. However, the organization began a mushroom growth that soon required larger accommodations and the employment of Mrs. Lorena Causey as full-time office manager. The office was moved to the second floor of the building where more room was available in Room No. 106.

As the organization grew larger and larger month by month it was found necessary to purchase a Burroughs bookkeeping machine especially adapted for credit union work. Additional help was required and Mrs. Bettie Aiken and Miss Joanne Hamrick were hired to assist the treasurer and office manager.

May Extend Office Hours

The credit union office now is open Mondays through Fridays from 11:30 a. m. to 1 p. m. for transaction of business with members. It is hoped that it will be possible to extend these hours in the near future.

When the credit union opened for business the first officers were Phillips as treasurer; James R. Whitcomb, vice president; W. K. Palmer, treasurer; and Mabel Tyler, clerk. These officers with John Reece and Evan Means formed the board of directors. Credit committee members were Allen Schrader, Winfred Ray and Fred J. Hawks while Nelson Tibbatts, W. S. Herron and C. E. Johnson were on the supervisory committee.

Organization Grows Rapidly

Starting with only a comparatively few members who subscribed from \$5 to \$1,000 in shares at \$5 each, the credit union soon began its rapid growth. By the middle of July last year the group had 200 members and \$5,100 in outstanding loans. Two months later assets were \$30,000 and 669 members were reported.

After capably handling the difficult role of treasurer for the first few months of the organization, Palmer was forced by press of business to resign in October, 1950, and Carl A. Cooper, Sr., was elected to succeed him.

800 Members On December 3

At the first annual election meeting of the credit union on January

Rides Wanted And Offered

RIDERS WANTED—Two riders wanted from Lincoln Park or North Hills section of Knoxville via Washington Pike, Broadway and Atlantic Ave., straight day shift. W. F. Cooper, plant telephone 7634, home telephone Knoxville 4-7700.

RIDERS WANTED—Three riders wanted from Fountain City via Arlington to Atlantic Ave. and Clinton Pike, straight day shift. Charles Stringfield, Bldg. 9733-3, plant telephone 7947.

Safety Lane Is Open; Early Check Is Urged

The Oak Ridge Safety Lane now is open for inspection of privately owned vehicles and all Y-12 motorists are urged to have their automobiles checked as soon as possible to ascertain that they are in safe operating condition.

The safety lane will be open until September 22 for issuance of safety stickers covering the last half of the year. Hours of operation are from 9:15 a. m. to 1:15 p. m., Tuesdays through Fridays; and from 8:15 a. m. to 12 noon and 12:45 p. m. to 5 p. m. on Saturdays. The lane will be closed on Sundays and Mondays.

Motorists going to the safety lane are asked not to bring small children with them. They are also asked to check obvious items such as lights and brakes believed to be out of adjustment before checking their automobiles at the safety lane.

26, 1951, Phillips was reelected president by the new board of directors which also had Cooper, Mrs. Joiner, Williams, Estes, Means and Johnson as members. At this session Phillips reported that as of December 31, 1950, the organization had \$81,632.08 in shares and \$72,855.64 in loans. At that time the group had about 800 members.

The last change in officers of the credit union occurred late in June when Cooper resigned as treasurer because of press of Company work and the board elected Mrs. Causey to be treasurer as well as office manager.

Value Quickly Recognized

The growth of the organization to its present 1483 members indicates that Y-12 employees were quick to note the value of the credit union, both for making loans and for saving. Any Carbide employee working in Y-12 may join the group by purchasing as little as one share of stock at \$5, which can be bought for 25c per week if desired. Lenders have received prompt action on their applications and pay but one per cent per month on the unpaid balance of the loan. All these transactions can be handled through payroll deductions.

Naturally all clients of the credit union are protected fully as officers are bonded. In addition an attractive feature of loan insurance has been obtained so if a borrower dies before a loan is repaid the balance is automatically paid through the insurance.

Credit union officers are predicting a sharp upward swing in sale of shares this week as a result of the payoff of the Sixth Carbide Savings Plan as many Y-12ers have signified their intention of investing these savings in credit union shares.

Slow Pitch Team Improves, Holds Leaders To Slim Win

A rejuvenated Y-12 slow pitch softball team made its best showing of the season last Wednesday night and held the league-leading City Recreation Department team

Y-12ers Are Reminded Of Vote Registration

Y-12ers who are residents of Oak Ridge who wish to qualify to vote in any future county, state or federal elections are reminded by the Oak Ridge League of Women Voters that they will be required to register under provisions of the permanent state-wide registration law passed by the 1951 legislature.

Registration Open July 5, 6, 7

Registration for Oak Ridge voters will take place Thursday, Friday and Saturday, July 5, 6 and 7, from 8 a. m. to 8 p. m. in the city schools. The schools where registration books will be open are Glenwood, Elm Grove, Oak Ridge High School, Jefferson Junior High School, Pine Valley, Highland View, Willowbrook, Linden, Gamble Valley and Woodland.

The law requires that all voters must be permanently registered before they can vote in any elections. Voters will be required to register in the precinct or district in which they live and in the future will be required to vote in that district. Voters who registered previously in Oak Ridge, in 1949, will have to re-register only if they have moved outside the district in which they lived after that time or changed their name by marriage or otherwise.

Qualifications Are Listed

All persons qualified to vote at the date of application for registration and all who will be qualified by the date of the next state election in August, 1952, are entitled to be permanently registered. Residential qualifications are residence in the state for 12 months and the county for six months and more than 21 years of age.

During the hours of registration at Oak Ridge schools, voting machines will be demonstrated.

Romberg's 'Desert Song' Feature On Curtain Time

Selections from Sigmund Romberg's beautiful operetta "The Desert Song," will be heard on the Curtain Time program to be presented over Oak Ridge Radio Station WATO Sunday night, July 8. The program is broadcast from 8:30 p. m. to 9 p. m. and is sponsored by Carbide.

Some of the tuneful melodies to be heard in "The Desert Song" are "One Alone," "Blue Heaven and You and I," and the thrilling "Riff Song."

Y-12 Softies Lose To Athens By 4-3

The Y-12 Red Birds lost a 4 to 3 decision to Athens there Friday night, although Bobby Loy held the home team to two hits. Four errors by Y-12 were costly.

Meanwhile a scheduled double-header at Oak Ridge between the Athens men and women and Y-12 softball teams was called off because of rain.

to a 5 to 4 triumph. Andy Anderson pitched for the Y-12ers while Elmore Koons and Harley Orange shared the catching.

The Y-12 team had a number of new faces in the lineup last week with a number of them saying "how long has this been going on," apparently assuring that Manager Tom Niemeyer will have a host of able players on his club from now on.

The next scheduled game for the Y-12ers will be at 6 o'clock, Wednesday night, July 11, when they will play K-25.

Tact is the ability to give a shot in the arm without letting the patient feel the needle.

Nearly Half Of Playhouse Cast Y-12ers Or Relatives; 'The Fate' Opens Monday

Virginia Means

Marshall Lockhart

Y-12 personnel and their relatives contribute almost half of the cast of the next production of the Oak Ridge Community Playhouse, "The Fate of Phoebe Fairheart." "The Fate" opens Monday, July 9, at the Oak Terrace ballroom.

Marshall Lockhart, wife of George Lockhart, of the Planning and Estimating Department, will enact the role of Widow Fairheart. Last year she played the widow in "Love Rides the Rails."

Means Family In Production

Virginia Means, of Health Physics and Hygiene and wife of Evan Means, Electrical Maintenance, will appear as the housekeeper, Freda Fairfax. Mrs. Means' last appearance with the Playhouse was as a visitor in "First Lady." Means is stage manager of all the Playhouse productions.

Margaret Ann Ross, of Security, is cast as Felicity Fairheart. This is Miss Ross' debut with the local theater group.

Larry Maeyens, son of Ed Maeyens, Planning and Estimating, performs the part of Ferdinand Frobisher, a frightened child of mystery.

Two Villains In Cast

Others in the cast are Veronica Bellach, the heroine; Fred Maneschmidt, the hero; Ken Forrester and Joe Weir, duo-villains.

Tickets are on sale at Loveman's and will be available at the door during the run of the show.

"The Fate of Phoebe Fairheart" is scheduled to run for 10 days, the longest run of any production in the history of the Playhouse.

Maurice V. DeLung, Buildings and Grounds Department, was listed as father of a baby girl born last week in the Oak Ridge Hospital.

Ship Comes In For Y-12ers In Carbide Sixth Saving Plan

That ship that 1483 Y-12ers have been waiting on to arrive for the past two years—the good ship Sixth Carbide Savings Plan—dropped anchor off the plant pay

Camera Club Sets Color Slide Contest

The Carbide Camera Club will hold a color slide contest and hear a talk on speed photography at its next meeting scheduled for 7:30 o'clock next Tuesday night, July 10. The meeting will be held in the club headquarters, Y-12 East Portal building.

The color slide contest will be on the subject of water scenes. All entries must be in the hands of club officers before Sunday night, July 8.

S. A. Hluchan, of the Oak Ridge National Laboratory, will speak on speed photography. He will illustrate his talk with speed movies and other pictures.

Wives Of Y-12ers Honored By Group

Two wives of Y-12ers were honored with election to office last week by the Carbide Wives group. Mrs. George Stukenbroeker was elected president and Mrs. Lyle Overholser secretary. The retiring president is Mrs. Fred Sexton, also wife of a Y-12 employee.

points Monday morning. Pilot and Paymaster W. K. Palmer, aided by First Mate Hugh Rice and other crewmen docked the craft and saw that those Y-12ers on hand received their portion of the \$4,774,401.25 distributed to Carbide employees in Oak Ridge participating in the savings plan.

Of this amount the sum of \$1,139,669.14 represents the deposits made by the Corporation and interest in addition to the savings of the participants in the plan. The total is the largest ever paid out in Oak Ridge under the savings plans operated by Union Carbide and Carbon Corporation.
